Story of the Life of William Henry Harrison Captain Miller, 1840 The Power of Experience Jeremy Janes, 2007 What is the value of a life deeply lived Can fragments from the past help you navigate the future What good is wisdom in a world bewitched by ephemera Some of our best writers over 50 tackle these and other questions in this honest hard hitting collection about the search for meaning in the second half of life In moving works of self discovery they illuminate the fine art of growing up and the power of experience to transform your life Publisher website May 2008 *Writing Mothers, Writing Daughters* Janet Burstein, 1996 *An Able and Faithful Ministry* James M. Garretson, 2014-03-03 Samuel Miller 1769 1850 played an integral part in founding Princeton Theological Seminary which became one of the most influential training grounds for Presbyterian ministers in the nineteenth century While Miller is most commonly remembered for his writings on church office he also played a significant role instructing students and shaping their theology of preaching and pastoral ministry In the present volume Jim Garretson highlights the narrative of Miller s life and the major ministerial emphases found in his published writings sermons and unpublished lecture notes As a result readers will come to know the spiritual convictions of Miller s heart and understand the theology of ministry he imparted over the course of his lifetime American Poultry Journal , 1927 **The Northwestern Miller** , 1929 *Confederacy of Ambition* William L. Lang, 2014-06-01 The promise of opportunity drew twenty seven year old Illinois schoolteacher William Winlock Miller west to the future Washington Territory in 1850 Like so many other Oregon Trail emigrants Miller arrived cash poor and ambitious but unlike most he fulfilled his grandest ambitions By the time of his death in 1876 Miller had amassed one of the largest private fortunes in the territory and had used it creatively in developing the region s assets leaving a significant mark on the territory s political and economic history Appointed Surveyor of Customs at the newly created Port of Nisqually in 1851 Miller was the first federal official north of the Columbia River Two years later he helped organize the new territory s Democratic Party and quickly became a political and financial confidant of governor Isaac Stevens His involvement in the Indian conflict in 1855 56 a term in the territorial legislature and his bankrolling of key politicians made him the territory s most effective political networker His role as a hip pocket banker in a region without established banks made him a powerful financial broker and a major player in territorial affairs But in his pursuit of success Miller compromised another ambition he carried west from Illinois He postponed marriage and family until only a few years before his death and agonized about relationships with his family in Illinois His experience reminds us that the pioneer settlement era was a period of social dislocation and that public economic and political success could mask personal disappointment Lang s biography takes readers into the heart of Washington territorial politics where alliances often hinged more on mutual economic interest than political principles and nearly all agreed that government should encourage ambitious and energetic men In this world Lang argues Miller succeeded because he parlayed his talents in camaraderie politics and sharp pencil business affairs with an unabashed mining of governmental opportunities William Lang s account of William Winlock Miller and the first quarter

century of Washington's history offers a new view of the pioneer era emphasizing that the West was developed in large measure by men like Miller who manipulated government and its resources to their own and the region's advantage
