Crowder,1987 Airmen and air theory a review of the sources Phillip S. Meilinger,2001 This part of the book reviews the state of American airpower biography and autobiography I have set certain parameters to define the boundaries of my discussion I discuss biographies and autobiographies anthologies and oral histories of military officers who served in senior positions Thus although the stories of great aviators like Eddie Rickenbacker Charles Lindbergh and Chuck Yeager are important those men did not command large forces either in combat or in peace they had only a temporary effect on the development of strategy and doctrine Similarly excluded are civilian political leaders and industrialists like Stuart Symington and Donald Douglas even though they played key roles In their own spheres What follows are the stories some published some not of America s greatest military airmen some told by themselves others by biographers The order of presentation is roughly chronological according to the time during which these men served The fact that a surprising number of air luminaries do not appear here means that much work remains to be done

Meixsel,2015-10-02 Military obligations rested lightly upon the Filipino people for much of the period that America occupied the Philippines but Filipinos could enlist in the United States Army and Navy attend the service academies at West Point and Annapolis or join military organizations restricted to duty in the islands such as the Philippine Scouts Philippine Constabulary Philippine National Guard and the navy s insular force In the 1930s the Philippine government established its own armed forces Throughout much of this time the U S army also kept a substantial portion of its troop strength in the Philippines This annotated bibliography of nearly 700 titles highlights the extent and variety of the Philippine American military experience from the conquest of the islands by the United States in 1902 to the defeat of Philippine and American forces by the Japanese

in 1942 The bibliography includes memoirs and biographies of Filipino and American officers and enlisted men from MacArthur to Ferdinand Marcos unit histories army post and navy base histories medals and insignia books and the most extensive list of prisoner of war memoirs yet published Annotations address controversies such as the widely disparate estimates of American deaths on the Bataan Death March and include previously unpublished information such as casualty figures for American and Philippine forces in 1941 1942 **Indians at Work** United States. Cheerio and Best Wishes Ralph H. Schneck,Donald R. Schneck,2013 This is the true story of a young boy from Posey County Indiana who had a dream to fly The outbreak of World War II enabled him to fulfill that dream Cheerio and Best Wishes is told entirely through the letters he wrote to his family and friends Detailed narrative and commentary provide explanation and background information One hundred thirty eight letters are presented in this book It is highly unusual to find this many letters from one person curated by his family and recently rediscovered by his son along with carefully created photograph albums The story starts in rural southern Indiana and follows the young volunteer as he goes westward to California and New Mexico to be trained to fly bombers From the United States he travels via South America and North Africa to England and deploys with the Eighth Air Force The accounts of his journeys and experiences are detailed ranging from entertaining to spine tingling Moments of high drama intermingle with the mundane nature of war Together the letters and pictures in this book the originals are now preserved for posterity in the Purdue University Flight Archives offer a comprehensive and cohesive story of how US airmen were prepared and trained for war and detail the daily experience of a bomber pilot flying missions over Germany The letters of one young flyer reflect the experience of thousands of Americans who volunteered to go to war in the 1940s His experiences were those of a generation **Flying Without Wings** Sallie Guy,2008 This is the extraordinary story of a poor Tennessee farm boy growing up during the depression of the 1930 s who longed to be a pilot His dream was realized when he enlisted in January 1941 as an aviation cadet and despite being terminated from the basic training program in a disciplinary action he ended up as a liaison pilot instead as a flying sergeant In New Guinea he flew observation in an unarmed piper cub for the 218th heavy Field Artillery Battalion earning the Silver

Star the Soldier's Medal the Distinguished Flying Cross and promotion to second Lieutenant With the ingenious help of his flight surgeon friend he was transferred to the 43rd Bombardment Group the 65th Bombardment Squadron of the Fifth Air Force He flew 32 missions in B 24 four engine bombers without regular pilot's wings a feat unequaled in World War II When Lieutenant Guy was sent home with injuries in December 1944 his superior officers in New Guinea notified Lieutenant General Henry Hap Arnold Commandant of the United States Air Force about his remarkable story General Arnold summoned Guy to the Pentagon to have his wings pinned on him by an aide Guy stayed in the US Air Force for a total of 26 1/2 years retiring as a Lieutenant Colonel with chief command pilot's wings Throughout his career he bucked the system defying colonels and generals when he thought he was right and they were wrong I have told his story from boyhood to retirement recounting experiences that appear unbelievable With World War II veterans dying by the thousands on a daily basis I felt it was important to tell my husband's unique story while he is still alive depending upon taped interviews personal recollections and his official military records Dr Milton Gusack a flight surgeon with the 43rd Bomb Group commented I loved the book It is classic Kelly showing he was a combination of guts capability loyalty and stubbornness This story is a truthful revelation about warfare and how the American spirit was able to survive the most horrible experiences and still maintain a sense of humor Dr Ken Wolf Murray State University history professor said Kelly made me think of Forrest Gump Placed in unusual situations he was unphased by meeting celebrities and persisted in achieving the impossible Even back in 1958 a writer for the Olmsted AFB newsletter in Pennsylvania wrote a feature about Kelly in the war Hal L Eustace chief of Advertising and Publicity sent a copy of the story to Tinker AFB where Kelly had been stationed with a letter stating This is one of the most unusual stories that I ever ran across in the service *Encyclopedia of Military Science* G.
