

Oskar Kokoschka Early Portraits From Vie

Hans Maes

Oskar Kokoschka Early Portraits From Vie:

Oskar Kokoschka Tobias Günter Natter,2002 Oskar Kokoschka 1886 1980 is one of Austria s finest and most revered Expressionist artists His paintings are renowned and admired for their vivid color and restless energy This significant book focuses on the early portraits that Kokoschka painted in Vienna and Berlin on the eve of World War I Perhaps the best known and most highly esteemed of all his works these portraits are wonderful examples of Kokoschka s use of exaggeration and distortion of color to convey deep emotion and psychological tension They also present a fascinating look at many of the important intellectual figures of the era for their subjects include Peter Altenberg Adolf Loos Alma Mahler and Kokoschka himself in his Self Portrait as Knight Errant This beautifully illustrated book includes not only these arresting oil portraits but also some of Kokoschka s drawings of the same sitters and a selection of the postcards fans and posters he made for the Wiener Werkst tte in the period before the portraits were completed all of which shed light on his early development There are also discussions by eminent authorities on the culture and history of Vienna and Berlin in the prewar period Kokoschka s shift from Art Nouveau to Expressionism his place within the German and Austrian Expressionist movements his reception in the United States and much more **Oskar Kokoschka** Oskar Kokoschka,Gregor Streim,Renée Price,Uwe M.

Schneede,2002 Portraits and Philosophy Hans Maes,2019-11-20 Portraits are everywhere One finds them not only in museums and galleries but also in newspapers and magazines in the homes of people and in the boardrooms of companies on stamps and coins on millions of cell phones and computers Despite its huge popularity however portraiture hasn t received much philosophical attention While there are countless art historical studies of portraiture contemporary philosophy has largely remained silent on the subject This book aims to address that lacuna It brings together philosophers and philosophically minded historians with different areas of expertise to discuss this enduring and continuously fascinating genre The chapters in this collection are ranged under five broad themes Part I examines the general nature of portraiture and what makes it distinctive as a genre Part II looks at some of the subgenres of portraiture such as double portraiture and at some special cases such as sport card portraits and portraits of people not present How emotions are expressed and evoked by portraits is the central focus of Part III while Part IV explores the relation between portraiture fiction and depiction more generally Finally in Part V some of the ethical issues surrounding portraiture are addressed The book closes with an epilogue about portraits of philosophers Portraits and Philosophy tangles with deep questions about the nature and effects of portraiture in ways that will substantially advance the scholarly discussion of the genre It will be of interest to scholars and students working in philosophy of art history of art and the visual arts **The Age of Insight** Eric Kandel,2012-03-27 A brilliant book by Nobel Prize winner Eric R Kandel The Age of Insight takes us to Vienna 1900 where leaders in science medicine and art began a revolution that changed forever how we think about the human mind our conscious and unconscious thoughts and emotions and how mind and brain relate to art At the turn of the century Vienna

was the cultural capital of Europe Artists and scientists met in glittering salons where they freely exchanged ideas that led to revolutionary breakthroughs in psychology brain science literature and art Kandel takes us into the world of Vienna to trace in rich and rewarding detail the ideas and advances made then and their enduring influence today The Vienna School of Medicine led the way with its realization that truth lies hidden beneath the surface That principle infused Viennese culture and strongly influenced the other pioneers of Vienna 1900 Sigmund Freud shocked the world with his insights into how our everyday unconscious aggressive and erotic desires are repressed and disguised in symbols dreams and behavior Arthur Schnitzler revealed women s unconscious sexuality in his novels through his innovative use of the interior monologue Gustav Klimt Oscar Kokoschka and Egon Schiele created startlingly evocative and honest portraits that expressed unconscious lust desire anxiety and the fear of death Kandel tells the story of how these pioneers Freud Schnitzler Klimt Kokoschka and Schiele inspired by the Vienna School of Medicine in turn influenced the founders of the Vienna School of Art History to ask pivotal questions such as What does the viewer bring to a work of art How does the beholder respond to it These questions prompted new and ongoing discoveries in psychology and brain biology leading to revelations about how we see and perceive how we think and feel and how we respond to and create works of art Kandel one of the leading scientific thinkers of our time places these five innovators in the context of today s cutting edge science and gives us a new understanding of the modernist art of Klimt Kokoschka and Schiele as well as the school of thought of Freud and Schnitzler Reinvigorating the intellectual enquiry that began in Vienna 1900 The Age of Insight is a wonderfully written superbly researched and beautifully illustrated book that also provides a foundation for future work in neuroscience and the humanities It is an extraordinary book from an international leader in neuroscience and intellectual history *The Viennese Café and Fin-de-Siècle Culture* Charlotte Ashby, Tag Gronberg, Simon Shaw-Miller, 2013-01-01 The Viennese caf was a key site of urban modernity around 1900 In the rapidly growing city it functioned simultaneously as home and workplace affording opportunities for both leisure and intellectual exchange This volume explores the nature and function of the coffeehouse in the social cultural and political world of fin de si cle Vienna Just as the caf served as a creative meeting place within the city so this volume initiates conversations between different disciplines focusing on Vienna at the beginning of the twentieth century Contributions are drawn from the fields of social and cultural history literary studies Jewish studies and art and architectural and design history A fresh perspective is also provided by a selection of comparative articles exploring coffeehouse culture elsewhere in Eastern Europe **Portraiture** Shearer West, 2004-04-08 This fascinating new book explores the world of portraiture from a number of vantage points and asks key questions about its nature How has portraiture changed over the centuries How have portraits represented their subjects and how have they been interpreted Issues of identity modernity and gender are considered within a cultural and historical context Shearer West uncovers much intriguing detail about a genre that has often been seen as purely representational featuring examples from African tribes to

Renaissance princes and from stars such as David and Victoria Beckham to ordinary people In the process she shows us how to communicate with the past in an exciting new way **Journeys Into Madness** Gemma Blackshaw,Sabine

Wieber,2012-06-01 At the turn of the century Sigmund Freud s investigation of the mind represented a particular journey into mental illness but it was not the only exploration of this territory in the Austro Hungarian Empire Sanatoriums were the new tourism destinations psychiatrists were collecting art works produced by patients and writers were developing innovative literary techniques to convey a character s interior life This collection of essays uses the framework of journeys in order to highlight the diverse artistic cultural and medical responses to a peculiarly Viennese anxiety about the madness of modern times The travellers of these journeys vary from patients to doctors artists to writers architects to composers and royalty to tourists in engaging with their histories the contributors reveal the different ways in which madness was experienced and represented in Vienna 1900 **The Female Secession** Megan Brandow-Faller,2020-06-22

Decorative handcrafts are commonly associated with traditional femininity and unthreatening docility However the artists connected with interwar Vienna s female Secession created craft based artworks that may be understood as sites of feminist resistance In this book historian Megan Brandow Faller tells the story of how these artists disrupted long established boundaries by working to dislodge fixed oppositions between art and craft decorative and profound and masculine and feminine in art Tracing the history of the women s art movement in Secessionist Vienna from its origins in 1897 at the Women s Academy to the Association of Austrian Women Artists and its radical offshoot the Wiener Frauenkunst Brandow Faller tells the compelling story of a movement that reclaimed the stereotypes attached to the idea of Frauenkunst or women s art She shows how generational struggles and diverging artistic philosophies of art craft and design drove the conservative and radical wings of Austria s women s art movement apart and explores the ways female artists and craftswomen reinterpreted and extended the Klimt Group s ideas in the interwar years Brandow Faller draws a direct connection to the themes that impelled the better known explosion of feminist art in 1970s America In this provocative story of a Viennese modernism that never disavowed its ornamental decorative roots she gives careful attention to key primary sources including photographs and reviews of early twentieth century exhibitions and archival records of school curricula and personnel Engagingly written and featuring more than eighty representative illustrations The Female Secession recaptures the radical potential of what Fanny Harlfinger Zakucka referred to as works from women s hands It will appeal to art historians working in the decorative arts and modernism as well as historians of Secession era Vienna and gender history **The Subject in Art** Catherine M.

Soussloff,2006-10-04 Argues that the modern subject did not emerge from psychoanalysis or existential philosophy but rather within early twentieth century Viennese portraiture **Style and Seduction** Elana Shapira,2016-06-07 Explores the central

role of Jewish patrons as shapers of Viennese modernism From 'Ausgleich' to 'Jahrhundertwende' Modern Humanities Research Association,2009 Federal Register Index ,2002 German Expressionism Museum of Modern Art (New York,

N.Y.), Starr Figura, Peter Jelavich, 2011 Catalog of an exhibition held at the Museum of Modern Art New York Mar 27 July 11 2011 *Federal Register*, 2002-02 *Barnett Newman and Heideggerian Philosophy* Claude Cernuschi, 2012-03-22 As a major member of the New York School Barnett Newman is celebrated for his radical explorations of color and scale and as a precursor to the Minimalist movement for his significant contribution to the development of twentieth century American art But if his reputation and place in history have grown progressively more secure the work he produced remains highly resistant to interpretation His paintings are rigorously abstract and his writings full of references to arcane metaphysical concepts Frustrated over their inability to reconcile the works with what the artist said about them some critics have dismissed the paintings as impenetrable The art historian Yve Alain Bois called Newman the most difficult artist he could name and the philosopher Jean Fran ois Lyotard declared that there is almost nothing to consume in his work or if there is I do not know what it is In order to advance interpretation this book investigates both Newman s writings and paintings in light of ideas articulated by one of Germany s most important and influential philosophers Martin Heidegger Many of the themes explored in Newman s statements and echoed in the titles of his paintings betray numerous points of intersection with Heidegger s philosophy the question of origins the distinctiveness of human presence a person s sense of place the sensation of terror the definition of freedom the importance of mood to existence the particularities of art and language the impact of technology on modern life the meaning of time and the human being s relationship to others and to the divine When examined in the context of Heideggerian thought these issues acquire greater concreteness and in turn their relation to the artist s paintings becomes clearer It is the contention of this book that at the intersection of art history and philosophy an interdisciplinary framework emerges wherein the artist s broader motivations and the specific meanings of his paintings prove more amenable to elucidation **Wittgenstein's Vienna** Allan Janik, Stephen Toulmin, 2023-11-14 This is a remarkable book about a man perhaps the most important and original philosopher of our age a society the corrupt Austro Hungarian Empire on the eve of dissolution and a city Vienna with its fin de si cle gaiety and corrosive melancholy The central figure in this study of a crumbling society that gave birth to the modern world is Wittgenstein the brilliant and gifted young thinker With others including Freud Viktor Adler and Arnold Schoenberg he forged his ideas in a classical revolt against the stuffy doomed and moralistic lives of the old regime As a portrait of Wittgenstein the book is superbly realized it is even better as a portrait of the age with dazzling and unusual parallels to our own confused society Allan Janik and Stephen Toulmin have acted on a striking premise an understanding of prewar Vienna Wittgenstein s native city will make it easier to comprehend both his work and our own problems This is an independent work containing much that is challenging new and useful New York Times Book Review Women in German Expressionism Anke Finger, Julie Shoults, 2023-08-07 This collection for the first time explores women s self conceptions and representations of women s and gender roles in society in their own Expressionist works How did women approach themes commonly considered to be characteristic of the

Expressionist movement and did they address other themes or aesthetics and styles not currently represented in the canon Women in German Expressionism centers its analysis on gender together with difference ethnicity intersectionality and identity to approach artworks and texts in more nuanced ways engaging solidly established theoretical and sociohistorical approaches that enhance and update our understanding of the material under investigation It moves beyond the masculine New Man viewpoint so firmly associated with German Expressionism and examines alternative critical and divergent interpretations of the changing world at the time This collection seeks to broaden the theorization scholarship and reception of German Expressionism by much belatedly including works by women and by shifting or redefining firmly established concepts and topics carrying only the imprint of male authors and artists to this day German Expressionist Painting Peter Selz, 2023-04-28 Published in 1957 German Expressionist Painting was the first comprehensive study of one of the most pivotal movements in the art of this century When it was written however German Expressionism seemed like an eccentric manifestation far removed from what was then considered the mainstream of modern art But as historians well know each generation alters the concept of mainstream to encompass those aspects of the past which seem most relevant to the present The impact of German Expressionism on the art and thought of later generations could never have been anticipated at the time of the original writing of this book During the subsequent years an enormous body of scholarly research and an even larger number of popular books on German expressionist art has been printed Numerous monographs and detailed studies on most of the artists exist now and countless exhibitions with accompanying catalogues have taken place Much of this new research could have been incorporated in a revised edition and the bibliography certainly could have been greatly expanded to include the important writings which have been published in Germany the United States and elsewhere since this book was originally issued The author however was faced with the choice of reprinting the original text with only the most necessary alterations such as updating the captions to indicate present locations of the paintings or the preparation of a revised text and bibliography Desirable as a revision appeared present printing costs would have priced the paperback out of reach for students It is for this reason that I decided to reissue the original text which stands on its own as a primary investigation of German Expressionist Painting **German Expressionist Painting**, 1957 **European Painting and Sculpture, Ca. 1770-1937, in the Museum of Art, Rhode Island School of Design** Rhode Island School of Design. Museum of Art, 1991 This documents the distinguished collection of European art from the late eighteenth through the early twentieth centuries that forms a significant part of the collections belonging to the Museum of Art Rhode Island School of Design This book includes stunning canvases by Gericault Delacroix Degas Manet Monet Cezanne Renoir Picasso and Matisse What makes the collection so noteworthy are the extraordinary works by unknown artists and the unknown works by known artists

Oskar Kokoschka Early Portraits From Vie Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and

manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Oskar Kokoschka Early Portraits From Vie PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Oskar Kokoschka Early Portraits From Vie PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Oskar Kokoschka Early Portraits From Vie free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
