Josef Frank Christopher Long,Josef Frank,2002 Architect designer and theorist Josef Frank 1885 1967 was known throughout Europe in the 1920s as one of the continent s leading modernists Yet despite his important contributions to the development of modernism Frank has been largely excluded from histories of the movement Josef Frank Life and Work is the first study that comprehensively explores the life ideas and designs of this complex and controversial figure Educated in Vienna just after the turn of the century Frank became the leader of the younger generation of architects in Austria after the First World War But Frank fell from grace when he emerged as a forceful critic of the extremes of modern architecture and design during the early 1930s Dismissing the demands for a unified modern style Frank insisted that it was pluralism not uniformity that most characterized life in the new machine age He called instead for a more humane modernism one that responded to people s everyday needs and left room for sentimentality and historical influences He was able to put these ideas into practice when in 1933 he was forced to leave Vienna for Sweden There his work came to define Swedish or Scandinavian modern design For more than thirty years he was the chief designer for the Stockholm furnishings firm Svenskt Tenn producing colorful cozy and eclectic designs that provided a refreshing alternative to the architectural mainstream of the day and presaged the coming revolt against modernism in the 1960s In this sensitive study of one of the twentieth century s seminal architects and thinkers Christopher Long offers new insight into Josef Frank s work and ideas and provides an important contribution to the understanding of modernist culture and its history **Catalogue** American Federation of Arts,1929 **Frederick Kiesler: Face to Face with the Avant-Garde** Peter Bogner,Gerd Zillner,Frederick Kiesler Foundation,2019-07-08 Network of superlatives Frederick Kiesler was a committed networker and communicated regularly with the who s who of the avant garde He was an important intermediary between the visionary ideas of the European Moderne movement and the up and coming New York art scene About 20 contributions portray his colorful life and his multifaceted oeuvre in various contexts and place Kiesler in a dialog with the most important artists and architects of his time The publication on the occasion of the 20 year anniversary of the Friedrich Kiesler Foundation deals with his relationship with the Bauhaus surrealism and the New York School as well as with personalities such as Richard Buckminster Fuller Marcel Duchamp Arshile Gorky Theo van Doesburg Piet Mondrian Hans Arp Sigfried Giedion and others An interwoven analysis of his life and work Contributions on individual and case studies Kiesler and Bauhaus Mondrian Buckminster Fuller Duchamp and many others *Otti Berger* Bauhaus-Archiv Berlin / Museum für Gestaltung,Judith Raum,2025-06-27 Ottilie Berger created fabrics that fundamentally changed the understanding of what textiles could be and do A core member of the experimental approach to textiles at the Bauhaus she was also a female entrepreneur in the frenzied time that was the early 1930s in Berlin Working closely with architects of the New Objectivity movement such as Lilly Reich Ludwig Hilberseimer and Hans Scharoun she designed upholstery and wall tapestries curtains and floor coverings that

responded to novel types of use and production methods and thereby redefined the relationship between aesthetics and function with fascinating results To date Berger s textile work has only been explored in fragments This book is the first comprehensive study of its complexity and beauty and makes her hitherto unpublished treatise on fabrics and the methodology of textile production accessible Raum s research offers an entirely new perspective on Berger s oeuvre OTTI BERGER 1898 1944 was one of the most important textile designers of the 20th century Born in Zmajevac in the Austro-Hungarian Empire present day Croatia she studied in Zagreb and from 1927 at the Bauhaus in Dessau Leaving her teaching post at the Bauhaus she set up her own business in Berlin in 1932 to design fabrics for modern interiors but was banned from working due to her Jewish heritage in 1936 Attempts to escape to England and the USA failed She was deported from Croatia to Auschwitz and was murdered there in 1944 In cooperation with the Bauhaus Archive Berlin visual artist and art historian JUDITH RAUM 1977 has conducted intensive research in European and North American archives to complete the first comprehensive study of Berger s scattered estate

**Controlled Freedom** Oliver Rathkolb, Agnes Meisinger, 2025-04-14 Following liberation in April 1945 Vienna was characterized by destruction cold hunger and an acute housing shortage Yet cultural life soon returned as early as 27 April Soviet officers ordered its revival It was not long until the other Allies France Britain and the USA launched their own cultural campaigns The many cultural activities under Allied occupation were intended not only to underpin economic and political rebuilding but also to promote an Austrian national consciousness a separate self image independent from Germany This volume is the first to show the impact of Allied cultural policy in the fields of fine art film literature and libraries music and theatre press photography print media radio and sport thereby documenting an achievement that can still be felt today the creation of a democratic Austrian identity

**Art Deco** Victoria Charles, Klaus Carl, 2014-05-10 Art Deco style was established on the ashes of a disappeared world the one from before the First World War and on the foundation stone of a world yet to become opened to the most undisclosed promises Forgetting herself in the whirl of Jazz Age and the euphoria of the Ann es Folles the Gar onne with her linear shape reflects the architectural style of Art Deco to the rounded curves succeed the simple and plain androgynous straight line Architecture painting furniture and sculpture dissected by the author proclaim the druthers for sharp lines and broken angles Although ephemeral this movement keeps on influencing contemporary design

**Planning and Designing Sustainable and Resilient Landscapes** Cerasella Crăciun, Maria Bostenaru Dan, 2014-02-03 This book deals with planning issues in landscape architecture which start at the evaluation of the existing fabric of society its history and memory approached and conserved through photography film and scenographic installations a way in which the archetypes can be investigated be it industrial derelict sites or already green spaces and cultural landscapes It provides approaches to intervention through rehabilitation and upgrade eventually in participative manner To such evaluation and promotion a couple of disciplines can contribute such as history of art geography and communication science and of course landscape architecture The field of

landscape architecture reunites points of view from such different disciplines with a view to an active approach a contemporary intervention or conservation The book presents case studies from several European countries Romania Germany Austria Italy Portugal mostly for large landscape in the outskirts of the cities and in the parks *Hans Hollein and Postmodernism* Eva Branscome, 2017-12-14 Set within the broader context of post war Austria and the re education initiatives set up by the Allied forces particularly the US this book investigates the art and architecture scene in Vienna to ask how this can inform our broader understanding of architectural Postmodernism The book focuses on the outputs of the Austrian artist and architect Hans Hollein and on his appropriation as a Postmodernist figure In Vienna the circles of radical art and architecture were not distinct and Hollein's claim that Everything is Architecture was symptomatic of this intermixing of creative practices Austria's proximity to the so called Iron Curtain and its post war history of four power occupation gave a heightened sense of menace that emerged strongly in Viennese art in the Cold War era Seen as a collective entity Hans Hollein's works across architecture art writing exhibition design and publishing clearly require a more diverse complex and culturally nuanced account of architectural Postmodernism than that offered by critics at the time Across the five chapters Hollein's outputs are viewed not as individual projects but as symptomatic of Austria's attempts to come to terms with its Nazi past and to establish a post war identity **Vienna and the New Wohnkultur, 1918-1938** Michelle Jackson-Beckett, 2024-03-20 While the domestic sphere might seem tangential to the dire political situation and humanitarian crises of interwar Europe it was nevertheless at the forefront of debates about cultural identity and economic policy in the Viennese press culture and arts Vienna and the New Wohnkultur 1918 1938 explores why and how the Viennese design landscape was set apart aesthetically and theoretically from other European explorations of modern design Jackson Beckett examines interior design exhibitions press and debates about modern living in interwar Vienna an overlooked area of modern European architecture and design history arguing for a reconsideration of the contours of European modernism The text analyses varied interpretations of modern domestic culture Wohnkultur in Vienna and explores why these interpretations were distinct from other strands of European modernism Vienna and the New Wohnkultur introduces new research and translation of primary sources on flexible adaptable and affordable design by architects designers and retailers Vienna's design discourse also prefigured important postmodern and contemporary discussions on historicism eclecticism empathy and user experience Through extensive new research in archival and period sources Jackson Beckett illustrates how design ideas taste and portrayals of domestic culture of fin de siècle Viennese Modernism Wiener Moderne were also deployed as forms of cultural and national identity both during the early years of the Social Democratic government in Vienna 1918 1934 and later under the fascist state 1934 1938 **Erasures and Eradications in Modern Viennese Art, Architecture and Design** Megan Brandow-Faller, Laura Morowitz, 2022-09-23 Erasures and Eradications in Modern Viennese Art Architecture and Design challenges the received narrative on the artists exhibitions and interpretations of Viennese Modernism The book

centers on three main erasures the erasure of Jewish artists and critics erasures relating to gender and sexual identification and erasures of other marginalized figures and movements Restoring missing elements to the story of the visual arts in early twentieth century Vienna authors investigate issues of gender race ethnic and sexual identity and political affiliation Both well studied artists and organizations such as the Secession and the Austrian Werkbund and iconic figures such as Klimt and Hoffmann are explored as are lesser known figures and movements The book s thought provoking chapters expand the chronological contours and canon of artists surrounding Viennese Modernism to offer original nuanced and rich readings of individual works while offering a more diverse portrait of the period from 1890 through World War II and into the present The book will be of interest to scholars working in art history history design history architectural history and European studies
