Sopolyrimu Volume 2 Marcus M Cornelius, 2009-09-16 This is the second volume of Sopolyrimu to be published The poems could be called songs from the spirit to awaken the spirit of compassion in the listener and from what I hear from those who have heard some of them this seems to be indeed true They are also songs of gratitude for the miracle of life and laments for the way I and some others all too often trash this miracle by quite reckless and cruel behaviour and temporary or prolonged bouts of simply forgetting what on earth we are doing here and the consequences of what we do and of forgetting how serious the consequences are Exquisitely beautiful beyond superb MJ Australia Hearing this sopolyrimu was like being touched by the divine EM Spain The most imaginative and meaningful writing I have come across in many many years PS Japan imbued with a tranquil and peaceful certainty TH USA For more

of Morning 1925 *The Blue Lagoon* is a story of romance and adventure inspired by the author's travels in the South Pacific. A total of five films have been adapted from the novel including the hit 1980 drama of the same name starring Brooke Shields. The Pacific slept a vast vague swell flowing from far away down south under the night lifted the Northumberland on its undulations to the rattling sound of the reef points and the occasional creak of the rudder whilst overhead near the fiery arch of the Milky Way hung the Southern Cross like a broken kite. When a terrible shipwreck leaves them stranded on a deserted island in the South Pacific Dick and Emmeline LeStrange are merely children. Paddy Button the ship's cook and the only other survivor takes it upon himself to train them in the ways of survival teaching the arts of fishing and pearl diving to ensure the youths know how to take full advantage of a hostile environment. When Paddy dies from alcoholism Dick and Emmeline are more than prepared to fend for themselves but as they grow into young adulthood a strange sense of desire starts to take hold. With a beautifully designed cover and professionally typeset manuscript this edition of Henry De Vere Stacpoole's *The Blue Lagoon* is a classic of British literature reimagined for modern readers.

On the Other Side of the Rainbow Lonny Dargavel, 2018-06-29 The deaths of my parents on consecutive days and with the interference of the enemy caused extreme grief in my life. It did however open the door of the spirit world for me in a real very profound and personal manner. In *On the Other Side of the Rainbow* I recount how my grief was transcended by remembering past readings and teachings to strengthen me and I came to develop abilities to perceive and experience my

loved ones who were sharing time with me in the present The seeking to heal my soul also led me to connect with Jesus in a very real and personal way His friendship and mentorship has helped me to heal and develop spiritually He has also provided me with the protection I needed and he lifted me up when I needed it and continues to daily Eventually we grew quite close as did my relationship with Mother Mary and Michael the archangel Without their divine help I am sure I could not have lasted in the face of the enemy Encounters with them as well as my loved ones on the other side of life have become normal occurrences I have also had encounters with other spiritual beings whom I consider allies such as Buddha Ganesh King David a fairy princess a British guard from Fort George during the 1812 War St Theresa St John Paul II and others It is especially interesting to see how my parents continued evolving once they reached the other side and how my spiritual growth and relationship with the Lord changed their course as well as my own Prior to my experiences with the Christian faith I had followed and had many other firsthand experiences that are based on truths that simply are Included in this are experiences with past lives and spiritualism as well as Buddhist teachings and Native American as well My personal experiences are based on truths and were a guided path that led to my development as a spiritual clairvoyant and light worker The book starts in more of the self help variety but soon evolves into a more complex novel that is experiential as well as unique as it embraces many teachings but is not confined by anything that is not based on truth It eventually broadens onto a serious journey with Christ but it does not leave out any past experiences and knowledge gained as a result of these truths It is not typical or confined by any religious teaching but it does not attempt to say they are not significance or important quite the opposite It is I believe a guided path from above that is meant to bring together many to break down walls not build them as what Jesus desires as are other teachers and great beings who work together to try to win this world away from the dark side and lead it into a world that desires light and welcomes it when it soon arrives I hope that my first book helps to achieve some of these

The Other Side of the Mountain Ian W Shaw, 2020-02-01 In the early 1800s the Great Australian Unknown would be slowly revealed in part by formal government expeditions but also by runaway convicts little known and privately funded explorers and pastoralists seeking both knowledge of what lay beyond and land to occupy Through extensive research and with engaging storytelling The Other Side of the Mountain brings three of these men's stories together into a single enthralling narrative Ralph Entwistle runaway convict and bushranger who led a brief and briefly successful rebellion against the brutality of the convict system on the fringes of New South Wales western plains John Horrocks an English textiles magnate who brought most of his village from the north of England to Adelaide and beyond and who was the first to explore Australia's parched interior by camel a decision that cost him his life and Horace Wills a printer rebel overlander pastoralist and politician who gave up everything to push the frontier back in the far north of the continent While our history books recount the momentous advances made when Europeans spread across the continent the stories of Ralph Entwistle John Horrocks and Horace Wills are a reminder that those advances were almost always built on smaller endeavours often made by people whose names we rarely hear today but whose impacts were often of the greatest significance

The Blue Lagoon H. De Vere Stacpoole, 2019-11-21 H De Vere Stacpoole's The Blue Lagoon is a captivating tale set against the backdrop of a remote uninhabited island in the South Pacific Written in a lyrical and evocative style the narrative follows two shipwrecked children Emmeline and Dick as they navigate their newfound existence in a paradise devoid of adult influence The book artfully explores themes of innocence nature and the complexities of human emotions through vivid descriptions and poignant reflections making it a noteworthy example of early 20th century adventure literature Stacpoole's narrative is steeped in a romanticism that aligns with the exploration of the noble savage trope revealing both the beauty and harsh realities of unspoiled life away from society's conventions H De Vere Stacpoole born in 1863 was deeply inspired by his

surroundings and personal experiences that included his travels and a fascination with tropical landscapes His career as a novelist and poet evidences a commitment to exploring human relationships set against exotic locales The amalgamation of his maritime exploits and philosophical musings on civilization significantly informed the writing of *The Blue Lagoon* positioning it deeper within the realm of psychological exploration than mere adventure Readers who seek a blend of adventure romance and profound reflections on the human condition will find *The Blue Lagoon* a thought provoking and immersive experience Stacpoole's ability to evoke the raw beauty of isolation and the innocence of childhood will leave a lasting impression making this novel an essential read for anyone interested in classic literature and the complexities of human nature

Dawn's First Blush Ronald C. Beach/Lee W. Pitts, 2014-03-03 Dawn's First Blush with its sparkling glow was still shining brightly through the single dingy window of the building securely tucked away in one of Montana's dense forests but its warmth brought no comfort to those inside the small building It only succeeded in chilling their hearts as this like other days merely seemed to bring them closer to an unknown fate Some of those in the small cabin had been there for over a week while others had been shoved into the building before the morning's first blush All but two of the captives wore disheveled street garb familiar to the homeless threadbare clothes that had seen their better days fingerless gloves and shoes with holes showing through the soles There were no exceptions of this general rule other than the two men who sat shoulder to shoulder in a corner whispering in low voices Dressed in what were once fine suits with white shirts and silk ties they sat huddled in bewilderment Their fine suits now disheveled and wrinkled the shirts no longer white and the ties strained and hanging askew around their necks Their faces were covered with lacerations the handiwork of the men who had overpowered them as they approached the gate leading to the camp

Book Of Earths Edna Kenton, 2018-05-02 THIS BOOK OF EARTHS began years ago as a collection maps of the Earth the Moon the heavens For it occurred to me not long ago that it would be fun to put them all together and many others with them chosen to fill in the gaps of the original group Luckily for the fun of it the search about to begin would not be limited to what we know about the Earth else it would have ended before it began for we live in a universe of which we know little and on a planet of which we know perhaps less It would include not only what we know or think to day we know but also anything that has been believed or felt or no more than guessed to be the picture of the Earth and its place in the universe
