## Other Debets:

*Closure* Bruce Eberts, 2023-06-15 In 1984 the students at Tear Falls High School in Northern Ontario were terrorized by a group of four bullies who used any means possible to exert control over their peers Their favorite targets were four best friends Kevin Doug Art and Nelson and the abuse was relentless Nearly forty years later Kevin has died by suicide and Doug is diagnosed with a fatal disease Now living in Southern Ontario the three men try to move forward with an exciting new business venture but the trauma of these recent events causes old high school memories to resurface How much did the abuse impact who the men became Have they overcome their anger and their shame One day the men read in the newspaper that one of their high school bullies has been murdered Hamilton detective Tim Bennet begins to investigate uncovering a disturbing detail about the way the victim died In a matter of months a second and then a third bully is murdered Who is executing these men and why are they leaving such an alarming calling card Is there time to catch the killer and save the fourth man in the group of bullies the kingpin Or will his death finally bring closure

MacDonald, 1968 *Archaeologies of Placemaking* Patricia E Rubertone, 2016-07 The contributors ask critical questions about historic preservation and commemoration methods used by modern societies and their impact on the perception and identity of Native American peoples who are generally not consulted in the commemoration process *Quaternaria* Alberto Carlo Blanc, 1966 Late Pleistocene Archaeology and Ecology in the Far Northeast Claude Chapdelaine, 2012-10-22 The Far Northeast a peninsula incorporating the six New England states

New York east of the Hudson Quebec south of the St Lawrence River and Gulf of St Lawrence and the Maritime Provinces provided the setting for a distinct chapter in the peopling of North America Late Pleistocene Archaeology and Ecology in the Far Northeast focuses on the Clovis pioneers and their eastward migration into this region inhospitable before 13 500 years ago especially in its northern latitudes Bringing together the last decade or so of research on the Paleoindian presence in the area Claude Chapdelaine and the contributors to this volume discuss among other topics the style variations in the fluted points left behind by these migrating peoples a broader disparity than previously thought This book offers not only an opportunity to review new data and interpretations in most areas of the Far Northeast including a first glimpse at the Cliche Rancourt Site the only known fluted point site in Quebec but also permits these new findings to shape revised interpretations of old sites The accumulation of research findings in the Far Northeast has been steady and this timely book presents some of the most interesting results offering fresh perspectives on the prehistory of this important region The Sandy Ridge and Halstead Paleo-Indian Sites Lawrence J. Parliament. House of Commons,1903 At the Ocean's Edge Margaret Conrad,2020-07-09 At the Ocean's Edge offers a vibrant account of Nova Scotia's colonial history situating it in an early and dramatic chapter in the expansion of Europe Between 1450 and 1850 various processes sometimes violent often judicial rarely conclusive transferred power first from Indigenous societies to the French and British empires and then to European settlers and their descendants who claimed the land as their own This book not only brings Nova Scotia's struggles into sharp focus but also unpacks the intellectual and social values that took root in the region By the time that Nova Scotia became a province of the Dominion of Canada in 1867 its multicultural peoples including Mi'kmaq Acadian African and British had come to a grudging unequal and often contested accommodation among themselves Written in accessible and spirited prose the narrative follows larger trends through the experiences of colourful individuals who grappled with expulsion genocide and war to establish the institutions relationships and values that still shape Nova Scotia's identity **The Lives of the Primitive Fathers, Martyrs, and Other Principal Saints** Alban Butler,1799 **Archaeology of Eastern North America** ,2008 Stone Age Spear and Arrow Points of the Midcontinental and Eastern United States Noel D. **The Atlantic Region to Confederation** Phillip Buckner, John G. Reid, 1994-12-15 Nearly thirty years ago W S MacNutt published the first general history of the Atlantic provinces before Confederation An outstanding scholarly achievement that history inspired much of the enormous growth of research and writing on Atlantic Canada in the succeeding decades Now a new effort is required to convey the state of our knowledge in the 1990s Many of the themes important to today s historians notably those relating to social class gender and ethnicity have been fully developed only since 1970 Important advances have been made in our understanding of regional economic developments and their implications for social cultural and political life This book is intended to fill the need for an up to date overview of emerging regional themes and issues Each of the sixteen chapters written by a distinguished scholar covers a specific chronological period and has been carefully integrated into the whole The history begins with the evolution of Native cultures and the impact of the arrival of Europeans on those cultures and continues to the formation of Confederation The goal has been to provide a synthesis that not only incorporates the most recent scholarship but is accessible to the general reader The book re assesses many old themes from a new perspective and seeks to broaden the focus of regional history to include those groups whom the traditional historiography ignored or

marginalized
