This volume presents both a historical exploration of ethnography and a thematic discussion of major trends that over different periods have oriented and re oriented research practice As it overviews ethnography from different geographic and thematic perspectives it further explores new lines of ethnographic research including as feminist ethnography and visual research that uncover non traditional routes to anthropological knowledge As the great ethnographer E E Evans Pritchard wrote Anyone who is not a complete idiot can do fieldwork but will his contribution be to theoretical or just to factual knowledge As Evans Pritchard highlights and as this book argues successful ethnography must be connected to a sophisticated theoretical reflection rooted in social and cultural anthropology Proceedings, American Philosophical Society (vol. 132, No. 4, 1988) , *Real and Imagined Worlds* Morroe Berger, 1977 **A Companion to Greek and Roman Historiography** John Marincola, 2010-12-09 This two volume Companion to Greek and Roman Historiography reflects the new directions and interpretations that have arisen in the field of ancient historiography in the past few decades Comprises a series of cutting edge articles written by recognised scholars Presents broad chronological treatments of important issues in the writing of history and antiquity These are complemented by chapters on individual genres and sub genres from the fifth century B C E to the fourth century C E Provides a series of interpretative readings on the individual historians Contains essays on the neighbouring genres of tragedy biography and epic among others and their relationship to history Explorations Into the World of Lewis and Clark V-3 of 3 Robert A. Saindon, 2003 Volume 3 of 3 This 3 volume anthology of 194 articles with 102 maps and illustrations published between 1974 and 1999 in We Proceeded On The quarterly journal of the Lewis and Clark Trail Heritage Foundation Contributors include Stephen Ambrose John Logan Allen Paul Russell Cutright among other professional and amateur Lewis and Clark scholars Vol 1 ISBN 1582187614 Vol 2 ISBN 1582187630 Vol 3 1582187657 *Indian Orphanages* Marilyn Irvin Holt, 2001-09-13 With their deep tradition of tribal and kinship ties Native Americans had lived for centuries with little use for the concept of an unwanted child But besieged by reservation life and boarding school acculturation many tribes with the encouragement of whites came to accept the need for orphanages The first book to focus exclusively on this subject Marilyn Holt s study interweaves Indian history educational history family history and child welfare policy to tell the story of Indian orphanages within the larger context of the orphan asylum in America She relates the history of these orphanages and the cultural factors that produced and sustained them shows how orphans became a part of native experience after Euro American contact and explores the manner in which Indian societies have addressed the issue of child dependency Holt examines in depth a number of orphanages from the 1850s to 1940s particularly among the Five Civilized Tribes in Oklahoma as well as among the Seneca in New York and the Ojibway and Sioux in South Dakota She shows how such factors as disease federal policies during the Civil War and economic

depression contributed to their establishment and tells how white social workers and educational reformers helped undermine native culture by supporting such institutions She also explains how orphanages differed from boarding schools by being either tribally supported or funded by religious groups and how they fit into social welfare programs established by federal and state policies The Indian Child Welfare Act of 1978 overturned years of acculturation policy by allowing Native Americans to finally reclaim their children and Holt helps readers to better understand the importance of that legislation in the wake of one of the more unfortunate episodes in the clash of white and Indian cultures *Catalog of Copyright Entries. provides new interpretations of Christian perceptions of Jews Christian Hebraism and the attention paid by Hebraists to contemporary Jews and Judaism These works also present new perspectives on the study of religion developments in the field of anthropology and ethnography and on internal Christian debates that arose from the portrayal of Jewish life Despite the lack of attention by modern scholars some of these books were extremely popular in their time and represent one of the important ways by which perceptions of Jews were disseminated during the period The key claim of this study is that although almost all of the descriptions of Jewish customs and ceremonies are accurate their authors chose to concentrate mainly on details that portray Jewish ceremonies as anti Christian superstitious and ridiculous and to show the deviation of Judaism from Biblical law Deutsch argues that such descriptions are better defined as polemical ethnographies Nevertheless he claims that despite their polemical tendency these texts represent a shift from writing about Judaism as a religion to writing about Jews and from a mode of writing based on stereotypes to one that is based on direct contact and observation
