Consuming Mexican Labor Ronald L. Mize, Alicia C. S. Swords, 2010-01-01 Mexican migration to the United States and Canada is a highly contentious issue in the eyes of many North Americans and every generation seems to construct the northward flow of labor as a brand new social problem The history of Mexican labor migration to the United States from the Bracero Program 1942 1964 to the North American Free Trade Agreement NAFTA suggests that Mexicans have been actively encouraged to migrate northward when labor markets are in short supply only to be turned back during economic downturns In this timely book Mize and Swords dissect the social relations that define how corporations consumers and states involve Mexican immigrant laborers in the politics of production and consumption The result is a comprehensive and contemporary look at the increasingly important role that Mexican immigrants play in the North American economy

International Film Musical Corey K Creekmur, 2013-01-11 A unique study of the film musical a global cinema tradition

Storied Lives George C. Rosenwald, Richard L. Ochberg, 1992-01-01 The stories people tell about themselves are interesting not only for the events and characters they describe but for something in the construction of the stories themselves The ways in which individuals recount their histories what they emphasize and omit their stance as protagonists or victims the relationship the story establishes between teller and audience all shape what individuals can claim of their own lives Personal stories are not merely a way of telling someone or oneself about one's life they are the means by which identities may be fashioned from the Introduction In this provocative book psychologists anthropologists and sociologists analyze interviews with a range of subjects a minister who uses the death of his son to reaffirm his identity as a man of God women who have given up their children at birth for adoption and who blame society for their action Holocaust survivors a victim of marital rape and many others Together these studies suggest a new way of thinking about autobiographical narratives that these life stories play a significant role in the formation of identity that the way they are told is shaped and at times curtailed by prevalent cultural norms and that the stories and at times the

lives to which they relate may be liberated from their psychic and social constraints if the social conditions of story telling can be critically engaged Presenting a wide range of life stories these studies demonstrate how telling one s life has the potential to clarify or mystify one s commitments and to animate or encumber one s future development **Ethnic**

American Literature Emmanuel S. Nelson, 2015-02-17 Unlike any other book of its kind this volume celebrates published works from a broad range of American ethnic groups not often featured in the typical canon of literature This culturally rich encyclopedia contains 160 alphabetically arranged entries on African American Asian American Latino a and Native American literary traditions among others The book introduces the uniquely American mosaic of multicultural literature by chronicling the achievements of American writers of non European descent and highlighting the ethnic diversity of works from the colonial era to the present The work features engaging topics like the civil rights movement bilingualism assimilation and border narratives Entries provide historical overviews of literary periods along with profiles of major authors and great works including Toni Morrison Maxine Hong Kingston Maya Angelou Sherman Alexie A Raisin in the Sun American Born Chinese and The House on Mango Street The book also provides concise overviews of genres not often featured in textbooks like the Chinese American novel African American young adult literature Mexican American autobiography and Cuban American poetry **The Spanish quinqu** Tom Whittaker, 2020-07-28 This is the first major

study in English of cine quinqu a cycle of popular Spanish films from the late 1970s and early 1980s that starred real life juvenile delinquents The book provides a close analysis of key quinqu films by directors such as Eloy de la Iglesia Jos Antonio de la Loma and Carlos as well as the moral panics public fears and media debates that surrounded their controversial production and reception In paying particular attention to the soundtrack of the films the book shows how marginal youth cultures during Spain s transition to democracy were shaped by sound It will be of interest to scholars and students of Spanish film history and cultural studies and those working in sound studies and youth subcultures more broadly
