Wallis Budge, 2013-10-09 Volume 1 of the most comprehensive scholarly work on Osiris Includes translations of numerous texts and reproductions of classical Egyptian art *Yukhíti Kóy* Geoffrey D. Kimball, 2022-08 Geoffrey Kimball presents the first grammar of the American Indian language Yukh ti K y better known in English as Atakapa once spoken in coastal southwestern Louisiana and coastal eastern Texas The late eighteenth and early nineteenth centuries saw a drastic fall in the Atakapa population and by the first decades of the twentieth century the Atakapa language ceased to be spoken The grammar is based on the field notes collected by Albert Samuel Gatschet in January of 1885 with additional material collected by John R Swanton in 1907 8 Gatschet worked with two speakers of the language Ki yuc also known as Yoyot and her cousin Tottok whose English names were Louison Huntington and Delilah Moss respectively John R Swanton wrote a grammatical sketch of Atakapa in 1929 based on Gatschet s notes and in 1932 published the texts Gatschet had gathered as well as a dictionary The materials originally written phonetically have been phonemicized and the nature of the grammar has been elucidated The nine surviving texts in Yukh ti have been phonemicized analyzed and translated and the parallels between them and other traditional oral literatures of Native American languages of the Southeast are discussed This reference grammar includes a vocabulary of all words contained in the field notes **Here, There, and Back Again** Wanda Blackgrave, 2009-11 A young woman who marries an Arabian finds herself facing dangers and challenges that she never thought imaginable She starts her journey traveling to one of the oldest countries in the world Her new home in Arabia turns out very different than she expected The way she was raised as an American is all but forgotten when forced to learn the new ways of an ancient culture She soon discovers that she must learn their language and abide by their religion if she is to survive in their country After almost fourteen years of living in Arabia she becomes desperate to return to her beloved country to live She captured her one chance to leave with her three young children and made it back to her hometown She lived with her three children only for a short while before he came to take them back to Arabia Her worst nightmare had begun She unexpectedly met an American man from her hometown who saved her life as she adventured on yet another dangerous journey traveling alone to Arabia in hope of being reunited with her children This woman s true life experiences along with various research makes this one of the most intriguing books about the real everyday life of the people in ancient Arabia This is her true story finally told *Oneida-English/English Oneida Dictionary* Karin Michelson, Mercy Doxtator, Mercy A. Doxtator, 2002-01-01 Oneida is an endangered Iroquoian language spoken fluently by fewer than 250 people This is the first comprehensive dictionary of the Oneida language as used in Ontario where most of the surviving speakers reside The dictionary contains both Oneida English and English Oneida sections The Oneida English portion includes some 6000 entries presenting lexical bases particles and grammatical morphemes Each entry for a base shows several forms illustrates inflection meaning and use and gives details regarding

pronunciation and cultural significance The English Oneida entries direct the reader to the relevant base in the Oneida English section where technical information is provided Completing the volume is a set of appendices that organizes Oneida words into thematic categories The Iroquoian languages have an unusually complex word structure in which lexical bases are surrounded by layers of prefixes and suffixes This dictionary presents and explains that structure in the clearest possible terms A work of enormous precision and care it incorporates many innovative ideas and shows a deep understanding of the nature of the Oneida language **Text** Francis Crawford Burkitt,1904 **Physics and Chemistry of Lakes** Abraham Lerman,Dieter M.
