Ottoman Borderlands Issues Personalities And Pol

Denis Š. Ljuljanović

Ottoman Borderlands Issues Personalities And Pol:

  Ottoman Borderlands Kemal H. Karpat,Robert W. Zens,2003 Ottoman Borderlands consisting of a number of articles by prominent scholars aims to begin to fill a large gap in Ottoman studies namely the study of the borderlands and their socially ethnically and religiously heterogeneous population In both the frontier provinces and the semiautonomous borderlands the central government used force economic incentives and the granting of titles to establish control over local rulers and when possible to integrate them into the system However despite the pressing power of the central government the borderlands remained cultural social units with their own identities and their own internal dynamics While the core provinces were more Ottoman Islamic and Turkish speaking the borderlands were culturally religiously and linguistically more heterogeneous as well as more politically autonomous Originally published by the International Journal of Turkish Studies   **Heroin, Organized Crime, and the Making of Modern Turkey** Ryan Gingeras,2018-01-26 Heroin Organized Crime and the Making of Modern Turkey explores the history of organized crime in Turkey and the roles which gangs and gangsters have played in the making of the Turkish state and Turkish politics Turkey s underworld which has been at the heart of several devastating scandals over the last several decades is strongly tied to the country s long history of opium production and heroin trafficking As an industry at the centre of the Ottoman Empire s long transition into the modern Turkish Republic as important as the silk road had been in earlier centuries the modern rise of the opium and heroin trade helped to solidify and complicate long standing relationships between state officials and criminal syndicates Such relationships produced not only ongoing patterns of corruption but helped fuel and enable repeated acts of state violence Drawing upon new archival sources from the United States and Turkey including declassified documents from the Prime Minister s Archives of the Republic of Turkey and the Central Intelligence Agency Heroin Organized Crime and the Making of Modern Turkey provides a critical window into how a handful of criminal syndicates played supporting roles in the making of national security politics in the contemporary Turkey The rise of the Turkish mafia from its origins in the late Ottoman period to its role in the deep state revealed by the so called Susurluk and Ergenekon scandals is a story that mirrors troubling elements in the republic s establishment and emphasizes the transnational and comparative significance of narcotics and gangs in the country s past

  Empire and Power in the Reign of Süleyman Kaya Şahin,2013-03-29 Kaya ahin s book offers a revisionist reading of Ottoman history during the reign of S leyman the Magnificent 1520 66 By examining the life and works of a bureaucrat Celalzade Mustafa ahin argues that the empire was built as part of the Eurasian momentum of empire building and demonstrates the imperial vision of sixteenth century Ottomans This unique study shows that in contrast with many Eurocentric views the Ottomans were active players in European politics with an imperial culture in direct competition with that of the Habsburgs and the Safavids Indeed this book explains Ottoman empire building with reference to the larger Eurasian context from Tudor England to Mughal India contextualizing such issues as state formation imperial policy and

empire building in the period more generally ahin s work also devotes significant attention to the often ignored religious dimension of the Ottoman Safavid struggle showing how the rivalry redefined Sunni and Shiite Islam laying the foundations for today s religious tensions **Ottoman Wars, 1700-1870** Virginia Aksan,2014-01-14 The Ottoman Empire had reached the peak of its power presenting a very real threat to Western Christendom when in 1683 it suffered its first major defeat at the Siege of Vienna Tracing the empire s conflicts of the next two centuries The Ottoman Wars An Empire Besieged examines the social transformation of the Ottoman military system in an era of global imperialism Spanning more than a century of conflict the book considers challenges the Ottoman government faced from both neighbouring Catholic Habsburg Austria and Orthodox Romanov Russia as well as arguably more importantly from military intellectual and religious groups within the empire Using close analysis of select campaigns Virginia Aksan first discusses the Ottoman Empire s changing internal military context before addressing the modernized regimental organisation under Sultan Mahmud II after 1826 Featuring illustrations and maps many of which have never been published before The Ottoman Wars draws on previously untapped source material to provide an original and compelling account of an empire near financial and societal collapse and the successes and failures of a military system under siege The book is a fascinating study of the decline of an international power raising questions about the influence of culture on warfare **The Ottoman Empire and the Bosnian Uprising** Fatma Sel Turhan,2014-09-29 Bosnia enjoyed a special status within the Ottoman Empire Many of the empire s janissaries an elite military stratum of soldiers and nobleman hailed from this Balkan region So when Sultan Mehmet II abolished this warrior class in 1826 and this curtailed the regions access to influence in Constantinople Bosnia rebelled Under the leadership of Husein Gradascevic the dragon of Bosnia the kingdom declared independence and waged war with the Ottoman Empire For the first time Fatma Sel Turhan illuminates a period of crucial importance to the Balkan regions She argues convincingly that the uprising was a response to Ottoman moves towards modernization designed to save the Ottoman Empire from decline but which eventually led to its demise She assesses how far the uprising can be considered a nationalist movement who the rebels were and how the central authorities dealt with and punished the perpetrators The Ottoman Empire and the Bosnian Uprising is a major fresh contribution to our understanding of the late Ottoman world and the history of the Balkans *The Ottoman World* Christine Woodhead,2011-12-15 The Ottoman empire as a political entity comprised most of the present Middle East with the principal exception of Iran north Africa and south eastern Europe For over 500 years until its disintegration during World War I it encompassed a diverse range of ethnic religious and linguistic communities with varying political and cultural backgrounds Yet was there such a thing as an Ottoman world beyond the principle of sultanic rule from Istanbul Ottoman authority might have been established largely by military conquest but how was it maintained for so long over such distances and so many disparate societies How did provincial regions relate to the imperial centre and what role was played in this by local elites What did it mean in practice for ordinary people to be part of

an Ottoman world Arranged in five thematic sections with contributions from thirty specialist historians The Ottoman World addresses these questions examining aspects of the social and socio ideological composition of this major pre modern empire and offers a combination of broad synthesis and detailed investigation that is both informative and intended to raise points for future debate The Ottoman World provides a unique coverage of the Ottoman empire widening its scope beyond Istanbul to the edges of the empire and offers key coverage for students and scholars alike **Ottoman-Iranian Borderlands** Sabri Ateş,2013-10-21 This book examines the making of the present day Iranian Iraqi and Turkish boundary shedding new light on some of the most contentious issues of today *Imagining Macedonia in the Age of Empire* Denis Š. Ljuljanović,2023 During the tumultuous age of empire Ottoman Macedonia became a blank canvas onto which Great Powers and neighboring states projected their aspirations grievances ambitions and state building endeavors This manuscript aims to elucidate these constructs and imaginaries employing a theoretical framework encompassing entangled history post colonial theory and subaltern studies It will examine both inter state and local examples to shed light on the multifaceted nature of this complex issue Russian-Ottoman Borderlands Lucien J. Frary,Mara Kozelsky,2014-08-12 During the nineteenth century as violence population dislocations and rebellions unfolded in the borderlands between the Russian and Ottoman Empires European and Russian diplomats debated the Eastern Question or What should be done about the Ottoman Empire Russian Ottoman Borderlands brings together an international group of scholars to show that the Eastern Question was not just one but many questions that varied tremendously from one historical actor and moment to the next The Eastern Question or from the Ottoman perspective the Western Question became the predominant subject of international affairs until the end of the First World War Its legacy continues to resonate in the Balkans the Black Sea region and the Caucasus today The contributors address ethnicity religion popular attitudes violence dislocation and mass migration economic rivalry and great power diplomacy Through a variety of fresh approaches they examine the consequences of the Eastern Question in the lives of those peoples it most affected the millions living in the Russian and Ottoman Empires and the borderlands in between **The Siege and the Fall of Constantinople in 1453** Marios Philippides,Walter K. Hanak,2011 A major study and an essential reference work this book presents a critical evaluation of the sources on the fall of Constantinople to the Ottoman Turks in 1453 In Part I The Pen drawing upon manuscript and printed sources and looking at the contrasting interpretations in secondary works the authors reassess the written evidence concerning the event In Part II The Sword the investigation results in new conclusions concerning the layout of the Theodosian Walls the offensive and defensive strategies of the Byzantines and Turks including land and sea operations and an analysis of some of the major engagements *Borderlands Orientalism or How the Savage Lost his Nobility* Dominik Gutmeyr,2017 In Russia s cultural memory the Caucasus is a potent point of reference to which many emotions images and stereotypes are attached The book gives a new reading of the development of Russia s perception of its borderlands and presents a complex picture of the encounter between the Russians

and the indigenous population of the Caucasus The study outlines the history of a region standing in between Russian reveries and Russian imperialism Series Studies on South East Europe Vol 19 Subject History Russian Studies Ethnology

Loyalty and Citizenship Gözde Yazıcı Cörüt,2021-12-06 G zde Yaz c C r t unfolds the details of everyday life and represents the local people as active agents active moreover in relation both to the changing nature and effectiveness of the Ottoman state s assertion of territorial authority and also to the differences between policies and practices of the Russian and Ottoman Empires Overall she focuses on the end of empire border politics and the issue of Ottoman citizenship not only from the perspective of macro level political developments and central state power but also in terms of the peripheral specificities of administration and the movements and subjecthood choices of people inhabiting the Russo Ottoman borderland The author presents a new type of multi faceted account of borderland development in which ethnoreligious considerations came to inform a somewhat messy production of sovereignty in the context of the modernizing transition between empire and nation state **Empire and Belonging in the Eurasian Borderlands** Krista A. Goff,Lewis H. Siegelbaum,2019-04-15 Empire and Belonging in the Eurasian Borderlands engages with the evolving historiography around the concept of belonging in the Russian and Ottoman empires The contributors to this book argue that the popular notion that empires do not care about belonging is simplistic and wrong Chapters address numerous and varied dimensions of belonging in multiethnic territories of the Ottoman Empire Imperial Russia and the Soviet Union from the mid nineteenth to the late twentieth centuries They illustrate both the mutability and the durability of imperial belonging in Eurasian borderlands Contributors to this volume pay attention to state authorities but also to the voices and experiences of teachers linguists humanitarian officials refugees deportees soldiers nomads and those left behind Through those voices the authors interrogate the mutual shaping of empire and nation noting the persistence and frequency of coercive measures that imposed belonging or denied it to specific populations deemed inconvenient or incapable of fitting in The collective conclusion that editors Krista A Goff and Lewis H Siegelbaum provide is that nations must take ownership of their behaviors irrespective of whether they emerged from disintegrating empires or enjoyed autonomy and power within them **Index Islamicus** ,2007 **Geopolitics, Geoeconomics and Borderlands** Antonia Colibășanu,2023-07-25 This book discusses the emerging threats to European stability in different borderland regions from the Greater Middle East to the Eastern Mediterranean the Balkans and the Black Sea It highlights the specific geopolitical risks that could left unchecked have global repercussions The book shows how recent events have exasperated underlying problems that have been slowly destabilizing each of these regions for years It also looks at the geopolitical constraints and objectives of the countries within these regions to build a basis for understanding their current and future security challenges While doing so the book discusses the European borderlands in a non traditional way proposing a specific framework to study them going beyond historical analysis and employing a heuristic process and in depth socio economic analysis to understand regional power relations and trends It develops the key concepts

of core borderland and geopolitical node to understand the future challenges that Europe in particular and Eurasia in general will face discussing specific features shaping current affairs and identifying the main drivers countries and specific regional elements for the future stability of the borderlands This book will appeal to students and scholars of international relations as well as policy makers practitioners and international organizations interested in a better understanding of current and future challenges at Europe s borderlands and the security risks the European continent faces **Tales from the Borderlands** Omer Bartov,2022-01-01 The story of the diverse communities of Eastern Europe s borderlands in the centuries prior to World War II A powerful combination of history and personal memoir A richly contextual skillfully woven historical study Kirkus Reviews starred review Focusing on the former province of Galicia this book tells the story of Europe s eastern borderlands stretching from the Baltic to the Balkans through the eyes of the diverse communities of migrants who settled there for centuries and were murdered or forcibly removed from the borderlands in the course of World War II and its aftermath Omer Bartov explores the fates and hopes dreams and disillusionment of the people who lived there and through the stories they told about themselves reconstructs who they were where they came from and where they were heading It was on the borderlands that the expanding great empires German Austro Hungarian Russian and Ottoman overlapped clashed and disintegrated The civilization of these borderlands was a mix of multiple cultures languages ethnic groups religions and nations that similarly overlapped and clashed The borderlands became the cradle of modernity Looking back at it tells us where we came from *The Struggle for the Eurasian Borderlands* Alfred J. Rieber,2014-03-20 A major new account of the Eurasian borderlands as shatter zones which have generated some of the world s most significant conflicts **Shatterzone of Empires** Larry Wolfe,Gregor Thum,Dan Diner,Theodore R. Weeks,Gary B. Cohen,Pieter M. Judson,Frithjof Benjamin Schenk,Elke Hartmann,Patrice M. Dabrowski,Robert Nemes,Yaroslav Hrytsak,Tomas Balkelis,Taner Akçam,Eyal Ginio,Keith Brown,David Gaunt,Peter Holquist,Alexander V. Prusin,John-Paul Himka,Pamela Ballinger,Myroslav Shkandrij,Paul Robert Magocsi,Kai Struve,Philipp Ther,2013-02-15 Anyone who studies nationalism genocide mass violence or war in these regions from the Enlightenment through the mid 20th century needs to read this Central European History Shatterzone of Empires is a comprehensive analysis of interethnic relations coexistence and violence in Europe s eastern borderlands over the past two centuries In this vast territory extending from the Baltic to the Black Sea four major empires with ethnically and religiously diverse populations encountered each other along often changing and contested borders Examining this geographically widespread multicultural region at several levels local national transnational and empire and through multiple approaches social cultural political and economic this volume offers informed and dispassionate analyses of how the many populations of these borderlands managed to coexist in a previous era and how and why the areas eventually descended into violence An understanding of this specific region will help readers grasp the preconditions of interethnic coexistence and the causes of ethnic violence and war in many of the world s other borderlands both past and present

The Kurds in a Changing Middle East Faleh A. Jabar,Renad Mansour,2019-11-28 The Kurds are one of the largest stateless nations in the world numbering more than 20 million people Their homeland lies mostly within the present day borders of Turkey Iraq and Iran as well as parts of Syria Armenia and Azerbaijan Yet until recently the Kurdish question that is the question of Kurdish self determination seemed to many observers dormant It was only after the so called Arab Spring and with the rise of the Islamic State that they emerged at the centre of Middle East politics But what is the future of the Kurdish national movement How do the Kurds themselves understand their community and quest for political representation This book analyses the major problems challenges and opportunities currently facing the Kurds Of particular significance this book shows is the new Kurdish society that is evolving in the context of a transforming Middle East This is made of diverse communities from across the region who represent very different historical linguistic political social and cultural backgrounds that are yet to be understood This book examines the recent shifts and changes within Kurdish societies and their host countries and argues that the Kurdish national movement requires institutional and constitutional recognition of pluralism and diversity Featuring contributions from world leading experts on Kurdish politics this timely book combines empirical case studies with cutting edge theory to shed new light on the Kurds of the 21st century *Transottoman Biographies, 16th–20th c.* Denise Klein,Anna Vlachopoulou,2023-09-04 For centuries people moved between the Ottoman Empire Eastern Europe and Iran This book studies the biographies of individuals and groups as different as rulers and revolutionaries frontier bandits and merchants soldiers and slaves from the sixteenth to the twentieth centuries Following their journeys across borders the case studies of this volume emphasize the profound effect that mobility had on the lives and thoughtworlds of everyone with a Transottoman trajectory The chapters reveal breaks adjustments and continuities in people s biographies and the in betweenness that moving typically created

Ottoman Borderlands Issues Personalities And Pol Introduction

In todays digital age, the availability of Ottoman Borderlands Issues Personalities And Pol books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Ottoman Borderlands Issues Personalities And Pol books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Ottoman Borderlands Issues Personalities And Pol books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Ottoman Borderlands Issues Personalities And Pol versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Ottoman Borderlands Issues Personalities And Pol books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Ottoman Borderlands Issues Personalities And Pol books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Ottoman Borderlands Issues Personalities And Pol books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which

provides a vast collection of digitized books and historical documents. In conclusion, Ottoman Borderlands Issues Personalities And Pol books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Ottoman Borderlands Issues Personalities And Pol books and manuals for download and embark on your journey of knowledge?
