Barry, 1996 *Understanding Your Neighbor's Faith* Philip Lazowski, 2004 Understanding Your Neighbor's Faith What Christians and Jews Should Know About Each Other was the brainchild of Rabbi Philip Lazowski of Hartford Connecticut The idea was born several years back after he invited a group of non Jewish clergymen to visit the Holy Land with him Priests ministers and some members of their congregations who wanted a better understanding of Israel and Judaism enthusiastically accepted his gesture of good will Rabbi Lazowski's unique perspective as a Holocaust survivor made him ideally poised to teach others about the historical and philosophical context of Judaism as well as its rich tradition of practice Rabbi Lazowski also learned much from his colleagues of other faith traditions This unprecedented volume gives Rabbi Lazowski and the other clergy the opportunity to explicate their religion using their own language and concepts in responding to the questions of people of goodwill outside their faith Difficult even uncomfortable questions are asked and answered No question is too simple or too complex Every chapter each by an author belonging to a different Christian faith tradition will prove as informative to the co religionist as to the outsider The concise straightforward question and answer style allows the book to be studied in full read casually or consulted for reference **Catholic Quick View** Brian Singer-Towns, 2005 The perfect reference tool for home school or parish Catholic Quick View is a handy concise little book offering speedy access to some of the core elements of Catholicism including beliefs prayers rituals plus over 300 terms and definitions The book introduces the basics of this 2 000 year old tradition and describes Catholic teachings on reason and revelations on the Scriptures and Tradition and on inspiration and interpretation For a more in depth exploration of the Catholic faith see The Catholic Faith Handbook for Youth from which the content of this book has been adapted

Bruneau,2014-06-23 In 1980 Brazil was the largest Roman Catholic country in the world with 90 percent of its more than 120 million people numbered among the faithful The Church hierarchy became aware however that the religion practiced by the majority of its members was not that promoted by the institution a point dramatized by the rapid growth of other religious movements in Brazil particularly Protestant sects and spirit possession cults In response the Church created and assumed new roles The Church in Brazil is a case study of the changes within the Church and their impact on Brazilian society In an original and illuminating discussion Thomas Bruneau combines institutional analysis and survey data to explore the relationship between structural changes in the Church and evolving patterns of practice and belief His discussion displays the richness and variety of devotion in Brazil characteristics recognized by many observers and examines the Church's potential for influencing the people's religious life Moving from the historical and national to the regional Bruneau analyzes and compares changes among eight dioceses He concludes that the Church is actively promoting a progressive social role for itself and by backing its statements with actions is perceived as being socially effective by both supporters and opponents The first study in which the national and diocesan levels of the Church are analyzed together it is also the first to inspect systematically the Basic Christian Communities thought by some to be the most significant grass roots movement in the Catholic world of that time

Carlos M. N. Eire,2016-06-28 This fast paced survey of Western civilization's transition from the Middle Ages to modernity brings that tumultuous period vividly to life Carlos Eire popular professor and gifted writer chronicles the two hundred year era of the Renaissance and Reformation with particular attention to issues that persist as concerns in the present day Eire connects the Protestant and Catholic Reformations in new and profound ways and he demonstrates convincingly that this crucial turning point in history not only affected people long gone but continues to shape our world and define who we are today The book focuses on the vast changes that took place in Western civilization between 1450 and 1650 from Gutenberg's printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years War Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism skepticism and secularism and he takes into account the expansion of European culture and religion into other lands particularly the Americas and Asia He also underscores how changes in religion transformed the Western secular world A book created with students and nonspecialists in mind Reformations is an inspiring provocative volume for any reader who is curious about the role of ideas and beliefs in history

Becker,2014-12-18 Introducing university students to the academic discipline of Christian theology this book serves as an orientation to fundamental theology from a Protestant perspective by addressing issues that are preliminary and foundational to the discipline in the context of a liberal arts university The book also sets forth what has traditionally been called a theological encyclopedia that is a description of the parts of Christian theology that together form the discipline into a unified academic subject Finally the book examines the relation of Christian theology to the arts and sciences within the university and underscores the need for critical and positive interaction with these other academic disciplines **The Index to American Catholic Pamphlets** Eugene Paul Willging,1927 The Wall Between Anne Braden,2024-08-09 The Wall Between is a chilling depiction of a pattern repeated over and over again across

the South as brave Blacks and whites tried to breach the barrier between the races We need to know Anne Braden s story perhaps even more in 1999 than when she wrote it in 1957 from the foreword by Julian Bond In 1954 Anne and Carl Braden bought a house in an all white neighborhood in Louisville Kentucky on behalf of a black couple Andrew and Charlotte Wade The Wall Between is Anne Braden s account of what resulted from this act of friendship mob violence against the Wades the bombing of the house and imprisonment for her husband on charges of sedition A nonfiction finalist for the 1958 National Book Award The Wall Between is one of only a few first person accounts from civil rights movement activists even rarer for its author being white Offering an insider s view of movement history it is as readable for its drama as for its sociological importance It contains no heroes or villains according to Braden only people urged on by forces of history that they often did not understand In an epilogue written for this edition the author traces the lives of the Bradens and Wades subsequent to events in the original book and reports on her and her husband s continuing activities in the Civil Rights movement including reminiscences of their friendship with Martin Luther King Looking back on that history she warns readers that the entire nation still must do what white Southerners did in the 1950s to ensure equal rights turn its values assumptions and policies upside down In his foreword to this edition Julian Bond reflects on the significance of the events Anne describes and the importance of the work the Bradens and others like them undertook What s missing today he observes is not Wades who want a home but Bradens who will help them fight for one Anne and Carl Braden showed that integrated groups fight best for an integrated world and The Wall Between is a lasting testament to that dedication The Author Ann Braden was born in Louisville Kentucky and worked as a newspaper reporter and a public relations agent for trade unions She served as a delegate to the 1984 and 1988 Democratic National Conventions and has been a visiting professor at Northern Kentucky University where she teaches civil rights history She continues to work with the Kentucky Alliance against Racial and Political Repression
