Our City, the Jews of San Francisco Irena Narell, 1981      **Jewish San Francisco** Edward Zerin, 2006 In San Francisco the instant city of the gold rush days Jews were pioneers among pioneers Some came as immigrants directly from Europe others as resettled adventurers from the East Coast and still others as scions of southern Sephardic families Out of this mixed multitude emerged a community with synagogues and institutions to care for the needy and the sick along with a dignified social fabric New immigrants following the Russian pogroms of 1883 were absorbed and the ashen ruins from the 1906 earthquake were rebuilt The city's cultural treasures and social needs were enriched and the city's Jews were nurtured by civic commitments Today's 70 000 San Francisco Jews standing upon the shoulders of pioneering giants continue to build and rebuild      **Cosmopolitans** Fred Rosenbaum, 2011-07-01 Levi Strauss A L Gump Yehudi Menuhin Gertrude Stein Adolph Sutro Congresswoman Florence Prag Kahn Jewish people have been so enmeshed in life in and around San Francisco that their story is a chronicle of the metropolis itself Since the Gold Rush Bay Area Jews have countered stereotypes working as farmers and miners boxers and mountaineers They were Gold Rush pioneers Gilded Age tycoons and Progressive Era reformers Told through an astonishing range of characters and events *Cosmopolitans* illuminates many aspects of Jewish life in the area the high profile of Jewish women extraordinary achievements in the business world the cultural creativity of the second generation the bitter debate about the proper response to the Holocaust and Zionism and much more Focusing in rich detail on the first hundred years after the Gold Rush the book also takes the story up to the present day demonstrating how unusually strong affinities for the arts and for the struggle for social justice have characterized this community even as it has changed over time *Cosmopolitans* set in the uncommonly diverse Bay Area is a truly unique chapter of the Jewish experience in America      **A History of the Jews in America** Howard M. Sachar, 1993-11-02 Spanning 350 years of Jewish experience in this country *A History of the Jews in America* is an essential chronicle by the author of *The Course of Modern Jewish History* With impressive scholarship and a riveting sense of detail Howard M Sachar tells the stories of Spanish marranos and Russian refugees of aristocrats and threadbare social revolutionaries of philanthropists and Hollywood moguls At the same time he elucidates the grand themes of the Jewish encounter with America from the bigotry of a Christian majority to the tensions among Jews of different origins and beliefs and from the struggle for acceptance to the ambivalence of assimilation      *Jewish Voices of the California Gold Rush* Ava Fran Kahn, 2002 A history of the founding of California's Jewish community during the Gold Rush      *Jews of the American West* Moses Rischin, John Livingston, 1991 In a series of nine original essays the editors and other leading American historians bring dramatically new perspectives to bear on our understanding of the West its Jews and other Americans both old and new Whether comparing the history of the Jews of the West with the Jewish experience in the older regions of the country or bringing attention to the uniquely local aspects of the western experience the contributors to this landmark volume perceive the West as an increasingly important and vital

presence in the nation's history The agrarians of Utah's Clarion and the cureseekers of Denver no less than the boomers of Tucson have been representative Americans Jews and westerners Essays on the role of intermarriage the shared encounter of immigrants and migrants and the response to the founding of the State of Israel by western pioneer families tell us much about the interaction of the West with our American world nation A Bibliography of Jewish Education in the United States Norman Drachler,2017-12-01 Entries from thousands of publications whether in English Hebrew Yiddish and German on all aspects of Jewish education from pre school through secondary education This book contains entries from thousands of publications whether in English Hebrew Yiddish and German books research reports educational and general periodicals synagogue histories conference proceedings bibliographies and encyclopedias on all aspects of Jewish education from pre school through secondary education **Divergent Jewish Cultures** Deborah Dash Moore,S. Ilan Troen,2008-10-01 Two creative centers of Jewish life rose to prominence in the twentieth century one in Israel and the other in the United States Although Israeli and American Jews share kinship and history drawn from their Eastern European roots they have developed divergent cultures from their common origins often seeming more like distant cousins than close relatives This book explores why this is so examining how two communities that constitute eighty percent of the world's Jewish population have created separate identities and cultures Using examples from literature art history and politics leading Israeli and American scholars focus on the political social and memory cultures of their two communities considering in particular the American Jewish challenge to diaspora consciousness and the Israeli struggle to forge a secular national Jewish identity At the same time they seek to understand how a sense of mutual responsibility and fate animates American and Israeli Jews who reside in distant places speak different languages and live within different political and social worlds Jews in America Matthew B. Schwartz,2019-08-08 Using a readable question and answer format Jews in America The First 500 Years presents the activities of Jews in America since the beginnings of European settlement It tells something of the story of how Jews came to the golden land and what they have done here men and women scientists and athletes soldiers and merchants settlers and scholars It is indeed a remarkable story *Routledge Library Editions: Urban History* Various Authors,2021-02-25 The volumes in this set originally published between 1940 and 1994 draw together research by leading academics in the area of welfare and the welfare state and provide a rigorous examination of related key issues The volumes examine welfare policy equality poverty class government social policy unemployment and social services whilst also exploring the general principles and practices of welfare and the welfare state in various countries This set will be of particular interest to students of sociology health and political studies respectively **Inside the Barbary Coast** David Jensen,2001-12-12 John Pitman Jr didn't want to become a doctor His father had been one and had failed a die hard who had clung to cupping and purging as a means of ridding the body's impurities But as a stevedore on the docks of San Francisco no one could mend broken bones like John Pitman's lanky son Jack Finally the young lad decides If he is to become a doctor he will be the best INSIDE THE

BARBARY COAST is where Jack Pitman chooses to open his medical practice. It is an area of San Francisco filled with saloons, parlor houses and opium dens bordering on Chinatown. Fresh out of medical school, Jack saves the life of a young Chinese prince who is an actor in Dr. Pierre Louthan's medical show. Louthan did not go to medical school but easily passes off as a learned physician with his European manner, silver-tongued ability to converse on any subject relating to anatomy and his courses of treatment that involve a growing array of patent medicines. Jack falls in love with Louthan's assistant Marie, not realizing she is married to the quack doctor. Although Jack's nurse, the wise Madam Wong, cautions the young doctor, he is smitten nonetheless and fathers a child. Louthan believes it is his Jack fights to discredit the huckster, hoping Marie will see Louthan as a charlatan and leave him. She, however, has plans of her own and manages to snare Jack in her own secret web. As Jack becomes consumed in his new practice, he tries valiantly to save the life of Hawaii's King David Kalakaua who is dying at the Palace Hotel. His friend Gentleman Jim Corbett, the famous boxer, plays a role, as does Adolph Sutro, San Francisco's flamboyant mayor who built the famous Sutro Baths near the Cliff House facing the sea. Jack embraces electrotherapeutics because he believes it is the frontier of the New Medicine. When a prominent socialite is accidentally electrocuted in his office, he dismisses electrotherapy altogether and labels X-rays as another quack fad. But he is wrong and discovers his miscalculation just as tong wars break out in Chinatown and as President McKinley sends 10,000 young troops past the Golden Gate on their way across the Pacific to the Philippines. The young doctor from the Barbary Coast hones his surgical skills while serving as a medic in the Spanish American War. When he returns, Marie still loves him but cannot find justification to divorce her husband. The bubonic plague hits San Francisco, giving the unions ammunition in their fight to exclude more Chinese from immigrating to the United States. Meanwhile, the always-scheming Dr. Louthan concocts a new patent medicine that increases sexual vigor. It is based on the findings of a European endocrinologist. Louthan experiments on himself, resulting in a fight with Marie that leaves their relationship damaged. But Pierre will not grant his wife a divorce, spurring Jack to join other physicians in San Francisco and around the country to discredit Louthan and other quack doctors like him. The plan works and Louthan finds the underpinning to his nostrum business slipping away. Jack and Marie have just attended Enrico Caruso's performance of Don Jos and taken a room at the Palace Hotel when a devastating earthquake rocks San Francisco. It is April 18, 1906. Shaken out of bed, Jack puts Marie in a taxi to go home and heads to the Pacific Anatomical Museum where he finds Louthan has been trapped by a fallen beam. As a fire erupts and flames begin licking their way closer, Nate Nordstrand, an old friend of Jack's who now works for Louthan, swings a fire ax to amputate the quack doctor's leg to free him from the beam and encroaching inferno. But Nate is not finished and swings again, this time squarely across Louthan's neck. An eye for an eye, he shouts, Jack knowing the full meaning of his cry. Jack returns home and finds th
