We've Never Been Alone Paul Von Ward,2011-09-01 Whether you call them gods angels ETs or aliens sufficient proof now exists that beings more advanced than humans have influenced our history Evidence suggests that these outsiders shaped our religions genes technology and cultures In fact they may have provided the impetus for modern civilization Paul

Von Ward investigates why modern science and religion refuse to address the possibility that humans interact with Advanced Beings ABs He reviews sacred texts myths and legends from the Old Testament Hebrew texts and the Vedas to the Greek myths Sumerian tablets and other historical sources to make the link between religions their gods and alien intervention He shows how this history of AB intervention has been suppressed and challenges readers to reexamine the origins of notions like divine revelation to find common ground among the world s cultures and religions Previously published as God Genes and Consciousness

The Genesis Race Will Hart,2003-10-24 Shows that Earth was visited by an extraterrestrial race who bioengineered modern man in its image and taught man how to construct the pyramids Examines the flaws in Darwin s theory of evolution and presents startling new evidence of intelligent intervention Reveals the messages coded in the pyramids left by the ancients concerning impending Earth changes at the end of the Mayan calendar For millennia the development of humanity showed a consistent homogenous pattern Then suddenly around 3000 B C E great civilizations sprang up around the globe All the creation myths of these civilizations tell of gods who came down to Earth and fashioned man in their own image teaching them the arts of agriculture and civilized life In addition the dominant architectural design in Egypt Sumeria Peru Mexico and China was the pyramid though science has never been able to explain why or where these peoples obtained the advanced technological knowledge to construct such edifices The abruptness and similarities of these evolutionary leaps calls into question the Darwinian theory of evolution given that there are no traces of any intermediate evolutionary forms Now using the most current research on DNA Will Hart shows that these gods were actually visitors from other worlds who genetically engineered modern humanity from the beings that then inhabited the planet He also suggests that the Bible and other creation stories have been interpreted falsely as myth when they should have been read as history The structures left by our ancestors were designed in accordance with precise astronomical and geodetic alignments to make them visible from outer space and to survive for thousands of years with the intent of communicating information relating to physical and temporal events Humanity s current stage of development has finally reached the point where the secret messages of these structures can be decoded to reveal the fate of humanity in the coming Earth changes

The Alien Tide Tom Dongo,1990-01-01 I would venture a guess that if someone were to go to a place such as Syracuse Little Rock San Antonio Key West Pocatello Des Moines or Spokane and dig around for two years as I did here that person would come up with as much material as I have about Sedona The following incidents and encounters are a broad representation of UFO ET encounters by area residents and visitors My opinion is that many of these incidents resulted in the abduction of the individuals involved I have talked at length with most of these people It s difficult to put into words the sincerity and concern that was reflected in their voices and faces about what they had experienced When a mature man or woman breaks down emotionally over a UFO experience they are reliving in an interview this is to me strong evidence that the person is not lying or simply making up a story I feel fortunate to have shared in their experiences and I share in turn these experiences here with you

SETI: Another Signal In Sagittarius Ian Beardsley,2013-11 It is proposed that extraterrestrials left their thumbprint in our physics A message is found embedded in our physics as well and it may indicate we are here for a reason Where the message comes from is calculated and it turns out to be in the same region of space as the SETI Wow Signal

Et's Are on the Moon and Mars C. L. Turnage,2000 Is NASA hiding information concerning the Mars and moon missions Why is the photographic evidence being suppressed Forty four rarely viewed official NASA photos 20 illustrations and transcriptions of astronauts sightings provide more evidence that ETs have inhabited and continue to

inhabit both the moon and the planet Mars **The Atlantis Blueprint** Colin Wilson,Rand Flem-Ath,2008-12-10 A spellbinding blend of history and science scholarship and speculation this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis The Great Pyramid Stonehenge Machu Picchu For centuries these and other sacred sites have inspired wonder among those who ponder their origins Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization But these megaliths nonetheless continue to attract pilgrims scholars and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden Who could have built these elaborate monuments How did they do it And what were their incomprehensible efforts and sacrifices designed to accomplish Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia International bestselling author Colin Wilson and Canadian researcher Rand Flem Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100 000 years one that sailed the oceans of the world building monuments to preserve and communicate its remarkable wisdom The Atlantis Blueprint is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis a sophisticated maritime society that charted the globe from its home base in Antarctica until it was obliterated by the devastating global changes it anticipated but could not escape Here is adventure to realms beyond our imaginings to shifting poles changing latitudes into the world of ancient mariners who recharted the globe to astonishing discoveries about our ancestors Here are the great mysteries the incredibly complex geography of the Temple of Luxor the startling sophistication of Egyptian science and math and tantalizing similarities among the Hebrew Greek and Mayan alphabets to the Chinese lunar zodiac The Atlantis Blueprint opens up a Pandora's box of ancient mysteries lost worlds and millennial riddles It is a story as controversial fascinating dangerous and inspiring as any ever told Wiki vs NWO (New World Order) Grant Elder,2014-11-05 Most people shun the word conspiracy The media has made it seem like all conspiracies are theories and that anyone who discusses them is a tinfoil hat Yet anyone who has studied history or business knows that conspiracies are a part of the human experience Once we realize this the question arises what conspiracies are occurring in our time that are significant What perceptions of the world do we hold that are incorrect Western civilization although technologically advanced beyond the days of a Flat Earth or geocentric universe is blind to its own corruptions Our governing practices were established over a century ago and have evolved very little If we could apply the success we've had in science technology and understanding the human condition to the way we govern our society what would our world look like Be forewarned The journey starts off frightfully dark and many people do not have the emotional fortitude to face the real demons But if you make the journey it is very rewarding to realize that we have at our disposal the means to create a remarkable world for the next generation if we so choose This book blends business management strategies leveraged by

technology to address the inherent problems in governments Presented in a clear step by step manner that provides readers with a unique and fresh look at alternatives to our present system **Multiverse** Giovanni Fortin,2021-05-30 It is a science fiction trilogy that collects three previous novels THE DOORS OF THE WORLDS UNIVERSAL MESSAGE and COSMIC ARALD The saga narrates the adventures of a charismatic anthropologist who has reactivated some innate faculties of the human being now dormant Carlos Vida who after receiving from the Universal Mind the task of guiding humanity to the Land promised by the Holy Scriptures will have to escape the ambushes set by the Lords of Light powerful multidimensional entities that have always tried to appropriate the human soul He will lead his faithful companions into super secret military bases that hide vital information revealed by humanity s greatest prophets as well as into the heart of alien bases set up in Antarctica and on the dark side of the Moon In the end the space fighters of a remote star system will fight the decisive confrontation between the forces of good and evil The mythical terrestrial heroes will face the boundless legions of those who were once Angels and Gods in a pressing succession of actions and twists that will keep the reader in suspense until the end but fortunately they will never be alone The book is translated with www DeepL com Translator Earth's Galactic History and Its Extraterrestrial Connection Constance Victoria Briggs,2023-11-01 Constance Victoria Briggs who brought us The Moon s Galactic History A Look at the Moon s Extraterrestrial Past and Its Connection to Earth continues her exploration into our cosmic connections with her companion book Earth s Galactic History and Its Extraterrestrial Connection In this exciting new work Briggs examines current research theories and evidence linking Earth and extraterrestrials past and present Some of the topics that Briggs covers include whether the Earth was terraformed by advanced extraterrestrials the theory that the Earth was seeded with life by otherworldly beings possible extraterrestrial involvement in the creation of humans and more She looks at evidence of humans being visited by beings from other worlds and explores the idea that there was once a battle for Earth She brings us signs signals messages and clues showing evidence that extraterrestrials are trying to communicate with humans and takes us on a journey beneath the oceans where there is believed to be an extraterrestrial presence Briggs also investigates the possibility that other worldly beings may be residing inside inner Earth She delves into how extraterrestrials may be visiting Earth via stargates and portals using what she refers to as the cosmic freeway Briggs also examines the possibility that there are extraterrestrials living among us who they are and what their goals may be when it comes to Earth Extraordinary events believed to be related to extraterrestrials are also revealed Briggs takes a look at current research into the UFO UAP USO phenomena detailing descriptions of these enigmatic objects and witness reports She talks about the possibility of there being an authoritative hierarchy within our galaxy that may include other worldly federations and groups that are responsible for a galactic community In the end Briggs ponders humankind s spacefaring future looking at the latest information and trends on space travel and what we have to look forward to by way of our expansive universe **International UFO Library: Vol. 3 No. 2** Joseph J.
