price of increased federal hegemony and Ronald Reagan's presidency arguably curbed that power. Riley and Etulain also discuss the most recent presidential terms and the region's growing political power in Congress and the federal bureaucracy. With an accessible approach, *Presidents Who Shaped the American West* establishes the crucial and formative nature of the relationship between the White House and the West and will encourage readers to continue examining this relationship.

President Adams' Alligator Peter W. Barnes, 2013-02-04 Did you know President John Quincy Adams had a pet alligator? He kept it in a bathtub in the East Room of the White House. But President Adams wasn't the only commander in chief with an unusual pet. Along with a menagerie of dogs, cats, horses, and birds, presidents and their families also had pet snakes, raccoons, bears, cows, mice, and more. Meet Thomas Jefferson's mockingbird Dick, who ate from the president's mouth; Warren Harding's dog Laddie Boy, who was served a birthday cake made of dog biscuits; and Teddy Roosevelt's pony Algonquin, who rode up the White House elevator. *President Adams' Alligator* teaches children about the presidency through pets of the presidents from George Washington to Barack Obama.
