Our Ecstatic Days A Novel:

Our Ecstatic Days Steve Erickson, 2005 Erickson continues the themes of millennial obsessions that preoccupied him in *The Sea Came in at Midnight* 1999 this time in a lush profoundly disorienting story saturated in metaphors of birth and apocalyptic decadence As it opens Kristin who appeared in *Sea* is a former rough chick made tender by motherhood She lives in a hotel with her young son Kirk short for Kierkegaard on the edge of a lake called Lake Zero as in you know Ground Zero that suddenly appeared and overtook much of downtown Los Angeles at the turn of the millennium [Our Ecstatic Days](#) Steve Erickson, 2010-05-11 *Our Ecstatic Days* begins as the memoir of a young mother desperate to forget a single act committed out of love and fear that has changed forever the world around her In the waning days of summer a lake appears almost overnight in the middle of Los Angeles In an instant of either madness or revelation convinced that the lake means to take her small son from her Kristin becomes determined to stop it Three thousand miles away on the eve of a momentous event another young woman with a bond to Kristin that she can't even know meets a mysterious figure who announces in the dark The Age of Chaos is here Against a forbidden landscape that shimmers with destiny and yearning *Our Ecstatic Days* finally takes place on the terrain of a defiant heart Human connections multiply into astonishing twists of fate by which the wrongs of an obsolete century may be set right and parallel lives spin faster toward the possibility that they will once again unite electrifying a vision of the century to come *Conversations with Steve Erickson* Matthew Luter, Mike Miley, 2021-06-28 Much like his novels Steve Erickson b 1950 exists on the periphery of our perception a shadow figure lurking on the margins threatening to break through but never fully emerging Despite receiving prestigious honors Erickson has remained a subterranean literary figure receiving effusive praise from his fans befuddled or cautious assessments from reviewers and scant scholarly attention Erickson's obscurity comes in part from the difficulty of categorizing his work within current trends in fiction and in part from the wide variety of concerns that populate his writing literature music film politics history time and his fascination with his home city of Los Angeles His dream fueled blend of European modernism American pulp and paranoid late century postmodernism makes him essential to an appreciation of the last forty years of American fiction but difficult to classify neatly within that same realm He is at once thoroughly of his time and distinctly outside it In these twenty four interviews Erickson clarifies how his aesthetic and political visions are inextricable from each other He diagnoses the American condition since World War II only to reveal that America's triumphs and failures have been consistent since its inception and that he presciently described decades ago certain features of our present Additionally the interviews expose the remarkable consistency of Erickson's vision over time while simultaneously capturing the new threads that appear in his later fiction as they emerge in his thought *Conversations with Steve Erickson* will deepen readers understanding of how Erickson's books work and why this utterly singular writer deserves greater attention **The Encyclopedia of Contemporary American Fiction, 2 Volumes** Patrick O'Donnell, Stephen J. Burn, Lesley

This concept still remains active in contemporary American fiction however its function is being significantly changed Outside America argues that among contemporary American novelists a shift of focus to the temporal dimension is taking place No longer a spatial movement the quest for the outside now seeks to reach the idea of time as a force of difference a la Deleuze by which the current subjectivity is transformed In other words the concept is taking a temporal turn Discussing eight novelists including Don DeLillo Richard Powers Paul Theroux and Annie Proulx each of whose works describe forces of given identities masculine identity historical temporality and power etc which block quests for the outside Fujii shows how the outside in these texts ceases to be a spatial idea With due attention to critical and social contexts the book aims to reveal a profound shift in contemporary American fiction American Literature in Transition, 1990-2000 Stephen J. Burn, 2017-12-28 Written in the shadow of the approaching millennium American literature in the 1990s was beset by bleak announcements of the end of books the end of postmodernism and even the end of literature Yet as conservative critics marked the century's twilight hours by launching elegies for the conventional canon American writers proved the continuing vitality of their literature by reinvigorating inherited forms by adopting and adapting emerging technologies to narrative ends and by finding new voices that had remained outside that canon for too long By reading 1990s literature in a sequence of shifting contexts from independent presses to the AIDS crisis and from angelology to virtual reality American Literature in Transition 1990-2000 provides the fullest map yet of the changing shape of a rich and diverse decade's literary production It offers new perspectives on the period's well known landmarks Toni Morrison Thomas Pynchon David Foster Wallace but also overdue recognition to writers such as Ana Castillo Evan Dara Steve Erickson and Carole Maso *Give Our Regards to the Atomsmashers!* Sean Howe, 2004 Fantastic essays on the world of comics are penned by creative contemporary writers who explore the ones they devoured as kids the ones they love and the ones they hate and the comics that have influenced their work and their lives Give Our Regards to the Atomsmashers is a quirky thrilling and compulsively readable celebration of the unique alchemy of words and drawings that is the language of comic books Pantheon *A Victorian Art of Fiction* John Charles Olmsted, 2021-03-11 First published in 1979 each volume contains a collection of essays on the novel drawn from periodicals which demonstrates the primary concerns of those discussing the nature and purpose of prose fiction in the period from 1830 to 1900 The essays reflect what was thought and said about the art of fiction and reveal what journalists of these periodicals thought were the most urgent critical concerns facing the working reviewer Including an introduction which assesses the issues raised by the best periodicals at the time each anthology is designed to provide students of Victorian fiction and critical theory with a collection of essays on the art of fiction in a convenient and durable form The Orange Eats Creeps Grace Krilanovich, 2010-09-07 National Book Foundation 5 Under 35 Award NPR Best Books of 2010 The Believer Book Award Finalist Indie Bookseller's Choice Awards Finalist The book feels written in a fever it is breathless scary and like nothing I've ever read before Krilanovich's work will make you believe that new ways of storytelling are still

Nearly three years have passed since Runa and Ryuto celebrated Ryuto's birthday under the cherry blossoms. Unfortunately, his current life leaves much to be desired. After almost two years at Houo University, Ryuto has even fewer friends than he had in high school and he's not satisfied with his part-time job as a cram school tutor either. But the real problem lies elsewhere. Runa has landed herself a full-time job at a chain clothing store. As if that didn't keep her busy enough, she has her father's new children to look after at home. With all these responsibilities, the two almost never get to see each other anymore, which is a source of stress for both of them. What does the future hold for Ryuto and Runa? And how are things working out for their old friends?

Heidegger and Future Presencing (The Black Pages) Spencer Golub, 2019-10-18 This book applies Heidegger's writings to experimental fictions and film genres in order to study a being there that performs itself beyond liveness and a future that is already here. Theatrical *mise en scène* is analyzed as a way of modeling the Heideggerian ontological/existential exchanging a deeper presencing for the fictional now of liveness. The book is organized around ostensible objects that are in fact things as such and performs its theme via time traveling, interruptions, decompositions, incompleteness, failure, geometric patterning, and above all, black pages, first cited in Tristram Shandy. This is a nuanced original work that combines unexpected sources with even more unexpected writing, imagery, and correspondences. It is part of Golub's ongoing project of lyrically reimagining philosophy and the *mise en scène* of theatrical performance, a presence/room of consciousness in light of one another.

Kai Bird, winner of the Pulitzer Prize for Biography, born and raised in Milwaukee, Mildred Harnack was twenty-six when she enrolled in a PhD program in Germany and witnessed the meteoric rise of the Nazi party. In 1932, she began holding secret meetings in her apartment, a small band of political activists that by 1940 had grown into the largest underground resistance group in Berlin. She recruited working-class Germans into the resistance.
