Our Faust Roots Ramifications Of A Mod:

Traumatic Encounters Paul Eisenstein, 2012-02-01 Traumatic Encounters argues for an alternative memorial path in Holocaust and cultural studies one that shows the vital necessity of thinking in a universal way about an event like the Holocaust Relying on Hegel's notion that the particular is already universal Eisenstein shows how the encounter with trauma transpires not in the refusal of a universalizing gesture but rather in its wholesale embrace This embrace results in a recognition involving the trauma that conditions the possibility of history in the first place a structural trauma immune to historicization that Hegel and psychoanalysis place at the heart of subjectivity and community This encounter with structural trauma is at the center of four titles that Eisenstein examines Spielberg's Schindler's List D M Thomas's The White Hotel Thomas Mann's Doctor Faustus and David Grossman's See Under Love **Arts & Humanities Citation Index**, 2000

Ruin the Sacred Truths Harold Bloom, Harold Bloom, 2009-06-30 Bloom surveys with majestic view the literature of the West from the Old Testament to Samuel Beckett He provocatively rereads the Yahwist or J writer Jeremiah Job Jonah the Iliad the Aeneid Dante's Divine Comedy Hamlet King Lear Othello the Henry IV plays Paradise Lost Blake's Milton Wordsworth's Prelude and works by Freud Kafka and Beckett In so doing he uncovers the truth that all our attempts to call any strong work more sacred than another are merely political and social formulations This is criticism at its best Table of Contents 1 The Hebrew Bible 2 From Homer to Dante 3 Shakespeare 4 Milton 5 Enlightenment and Romanticism 6 Freud and Beyond Reviews of this book Bloom's puissance is not entirely his own for some of it he is indebted to Nietzsche Freud Schopenhauer Gershom Scholem and other masters But enough of it is his own to constitute a distinctive form of splendor Denis Donoghue New York Review of Books Reviews of this book The wit the eclecticism and the gripping paradoxes the force of Bloom's intellect carries the reader from pinnacle to pinnacle showing a new spiritual landscape from each Roger Scruton Washington Times Reviews of this book In some ways the wildest of the wild men and women in some ways the most traditional of the traditionalists Harold Bloom remains serene amid the turbulence much of it caused by him He stands dauntless a party of one as thrilling to behold up on the high wire as he is at times throttling to read on the page From this strong critic dealing with these strong poets comes a potent mix of insight Mark Feeney Boston Globe **Marxism and the Interpretation of Culture** Cary Nelson, Lawrence Grossberg, 1988 This title provides a picture of the state of Marxist thinking It aims to provoke a debate that will be of interest to those concerned with the status and development of Marxism and also to theorists in all fields of the human sciences **A New Humanism** Daisaku Ikeda, 2010-09-30 The natural sympathy and understanding of people everywhere must be the soil in which the new humanism can thrive For Daisaku Ikeda whose words these are education has long been one of the fundamental priorities of his work and teaching His emphasis on the intellectual legacy bequeathed to humanity by the great teachers of civilization is in this volume encapsulated by the notion of a new humanism a significant residue of wisdom that in the right circumstances may be passed on to future

generations expanding horizons making connections between different cultures and encouraging fresh insights and new discoveries across the globe These circumstances are perhaps most fully realised in the context of universities In promoting his core values of education and peace the author has delivered lectures and speeches at more than twenty five academies colleges and research institutes worldwide This stimulating collection which includes the author s most recent lectures ranges widely across topics as diverse as art religion culture and time and draws creatively on the sages of ancient India China and Japan as well as on visionary thinkers from every nation including Tolstoy Victor Hugo and Gandhi *A New English Dictionary on Historical Principles* James Augustus Henry Murray, Sir William Alexander Craigie, Charles Talbut Onions, 1919 *"A" New English Dictionary on Historical Principles* William A. Knoppers, 2013-06-13 Winner of the R B Y Scott Award from the Canadian Society of Biblical Studies Even in antiquity writers were intrigued by the origins of the people called Samaritans living in the region of ancient Samaria near modern Nablus The Samaritans practiced a religion almost identical

to Judaism and shared a common set of scriptures Yet the Samaritans and Jews had little to do with each other In a famous New Testament passage about an encounter between Jesus and a Samaritan woman the author writes Jews do not share things in common with Samaritans The Samaritans claimed to be descendants of the northern tribes of Joseph Classical Jewish writers said however that they were either of foreign origin or the product of intermarriages between the few remaining northern Israelites and polytheistic foreign settlers Some modern scholars have accepted one or the other of these ancient theories Others have avidly debated the time and context in which the two groups split apart Covering over a thousand years of history this book makes an important contribution to the fields of Jewish studies biblical studies ancient Near Eastern studies Samaritan studies and early Christian history by challenging the oppositional paradigm that has traditionally characterized the historical relations between Jews and Samaritans
