Our Friend Jacques Maritain A Personal Memoir By Kernan Julie:

Our Friend, Jacques Maritain Julie Kernan, 1975 **Understanding Maritain** Deal Wyatt Hudson, Matthew J. Mancini, 1987 **Catholicism and American Freedom: A History** John T. McGreevy, 2004-09-17 A brilliant book which brings historical analysis of religion in American culture to a new level of insight and importance New York Times Book Review Catholicism and American Freedom is a groundbreaking historical account of the tensions and occasional alliances between Catholic and American understandings of a healthy society and the individual person including dramatic conflicts over issues such as slavery public education economic reform the movies contraception and abortion Putting scandals in the Church and the media's response in a much larger context this stimulating history is a model of nuanced scholarship and provocative reading **Religion and the Common Good** Brian Stiltner, 1999-07-28 The term Ocommon goodO has often been ill defined or undefined in political philosophical and theological discourses Brian Stiltner seeks to repair this deficit in his study Religion and the Common Good He explores the meaning of the common good and the prospects for pursuing it in a liberal society Focusing on the conceptions of common good in liberalism and communitarianism the former stressing individual rights and social tolerance the latter stressing a communityOs shared history and social practices Stiltner argues that the two theories are not as irreconcilable as they seem that they can be combined into a Ocommunal liberalism O Stiltner provides an outline of the twentieth century Catholic common good theory as an example of such a synthesis A fascinating study Religion and the Common Good will be an invaluable volume for scholars of social ethics religion theology philosophy and political science **Philosophical Essays concerning Human Families** Stanley Vodraska, 2014-08-01 In Philosophical Essays concerning Human Families Stanley Vodraska describes a principle of moral practice that he calls the principle of familial preference In ordinary circumstances a moral agent should persistently provide preferential treatment to members of his or her family and should not pursue the good of extra familial persons to such an extent as to disadvantage or neglect his or her family The essays uncover this principle in human practices of love or charity mercy justice and prudence and measure its weight in religion moral philosophy and the political order **Catholic Progressives in England after Vatican II** Jay P. Corrin, 2013-11-30 In Catholic Progressives in England after Vatican II Jay P Corrin traces the evolution of Catholic social and theological thought from the end of World War II through the 1960s that culminated in Vatican Council II He focuses on the emergence of reformist thinking as represented by the Council and the corresponding responses triggered by the Church's failure to expand the promises or expectations of reform to the satisfaction of Catholics on the political left especially in Great Britain The resistance of the Roman Curia the clerical hierarchy and many conservative lay men and women to reform was challenged in 1960s England by a cohort of young Catholic intellectuals for whom the Council had not gone far enough to achieve what they believed was the central message of the social gospels namely the creation of a community of humanistic socialism This effort was spearheaded by members of the English Catholic New Left who launched

a path breaking journal of ideas called *Slant* What made *Slant* revolutionary was its success in developing a coherent philosophy of revolution based on a synthesis of the New Theology fueling Vatican II and the New Left's Marxist critique of capitalism Although the English Catholic New Left failed to meet their revolutionary objectives their bold and imaginative efforts inspired many younger Catholics who had despaired of connecting their faith to contemporary social political and economic issues Corrin's analysis of the periodical and of such notable contributors as Terry Eagleton and Herbert McCabe explains the importance of *Slant* and its associated group within the context of twentieth century English Catholic liberal thought and action Jacques Maritain John M. Dunaway,1978 **Passion of Israel** Richard Francis Crane,2014-04-15 In his lifetime French philosopher Jacques Maritain 1882-1973 achieved a reputation as both a leading Catholic intellectual and an outspoken critic of anti-Semitism Here historian Richard Francis Crane traces the development of Maritain's opposition toward anti-Semitism and analyzes the Catholic appreciation of Judaism that animated his stance Crane probes the writings and teachings of Maritain before during and after the Holocaust and illuminates how Maritain's ideas altered Christian perceptions of Jews and Judaism during his lifetime and continue to do so today Sacred Modern Pamela G. Smart,2010 Renowned as one of the most significant museums built by private collectors the Menil Collection in Houston Texas seeks to engage viewers in an acutely aesthetic rather than pedagogical experience of works of art The Menil's emphasis on being moved by art rather than being taught art history comes from its founders conviction that art offers a way to reintegrate the sacred and the secular worlds Inspired by the French Catholic revivalism of the interwar years that recast Catholic tradition as the avant garde Dominique and John de Menil shared with other Catholic intellectuals a desire to reorder a world in crisis by imbuing modern cultural forms with religious faith binding the sacred with the modern *Sacred Modern* explores how the Menil Collection gives expression to the religious and political convictions of its founders and how the Menil way is being both perpetuated and contested as the Museum makes the transition from operating under the personal direction of Dominique de Menil to the stewardship of career professionals Taking an ethnographic approach Pamela G Smart analyzes the character of the Menil aesthetic the processes by which it is produced and the sensibilities that it is meant to generate in those who engage with the collection She also offers insight into the extraordinary impact Dominique and John de Menil had on the emergence of Houston as a major cultural center *Crusade Or Conspiracy? Catholics and the Anti-Communist Struggle in Australia* Bruce Duncan,2001 Bitterness over the 1950s split between Catholics and anti-Communists has never gone away The importance of this book in defining Labor politics for the last 50 years is crucial and all those interested in either Labor history or history of organised religion in Australia will find it useful *Lives in Education* Joan K. Smith,2023-05-31 This volume presents the history of Western education through the biographies of some 70 individuals past and present who exemplify the education of their times or have made important contributions to the development of educational theory or practice In so doing it links major issues and ideas in education to key historical personalities Each

chapter includes substantive background information a summary and chapter notes Canadian Multiculturalism and the Far Right Bàrbara Molas,2022-08-22 Canadian Multiculturalism and the Far Right examines a neglected aspect of the history of 20th century Canadian multiculturalism and the far right to illuminate the ideological foundations of the concept of third force Focusing on the particular thought of ultra conservative Ukrainian Canadian Walter J Bossy during his time in Montreal 1931 1970s this book demonstrates that the idea that Canada was composed of three equally important groups emerged from a context defined by reactionary ideas on ethnic diversity and integration Two broad questions shape this research first what the meaning originally attached to the idea of a third force was and what the intentions behind the conceptualization of a trichotomic Canada were and second whether Bossy s understanding of the third force precedes or is related in any way to postwar debates on liberal multiculturalism at the core of which was the existence of a third force This book will be of interest to students and researchers of multiculturalism radical right ideology and the far right and Canadian history and politics Locations of the Sacred William Closson James,2006-01-01 Where do Canadians encounter religious meaning Not where they used to In ten lively and wide ranging essays William Closson James examines various derivations of the sacred in contemporary Canadian culture Most of the essays focus on the religious aspects of modern Canadian English fiction for example in essays on the fiction of Hugh MacLennan Morley Callaghan Margaret Atwood and Joy Kogawa But James also explores other non literary events and activities in which Canadians have found something transcendent or revelatory Each of the chapters in Locations of the Sacred can be read independently as a discrete analysis of its subject Taken as a whole the essays make up a powerful argument for a new way of looking at the religious in contemporary Canada not in the traditional ways of being religious but in activities and locations previously thought to be secular Thus the domains and modes of the religious are expanded not restricted **Divine Revolution** Dean Brackley,2004-09-27 A compelling exploration of one of the central issues if not the central issue facing theology in our time the relation between transcendent salvation and temporal liberation What does the salvation that the church proclaims mean for the poor of the world In Divine Revolution Dean Brackley presents in a comprehensive yet manageable way what Catholic theology has to say about this complex and urgent topic He addresses the historical as well as the systematic dimensions of the question providing insights that point toward an understanding of the issues that challenge conservative and liberal interpretations alike In a work of great daring and clarity Brackley surveys the confusion surrounding the social historical dimension of salvation in Catholic thought He shows the irony of the fact that after 2 000 years what salvation means for the poor in relationship to their concrete plight remains a quaestio disputata for official Magisterial teaching Going deeply into the relationship of salvation and liberation Brackley explores the thought of Maritain Rahner and Gutierrez to demonstrate how the synbolon of the Reign of God that Jesus announces transcends the tired theological distinctions of all sides in the debate Drawing from developments in feminist and Protestant theology as well as contemporary social theory Divine Revolution offers a fresh understanding of

what it means to participate in God's revolutionary reign Catholic tradition Brackley argues has great potential to articulate a hope which responds to the suffering of the poor in our time When conventional wisdom says compassion fatigued Americans are tired of hearing about the poor Brackley responds The poor are far more tired of being poor They too would like to move on to other things but they cannot

The Very Rich Hours of Jacques Maritain Ralph McInerny, 2003 The Very Rich Hours of Jacques Maritain is Ralph McInerny's hymn of praise to the spiritual and intellectual life of the great Catholic philosopher Jacques Maritain 1881-1973 The structure of this work is modelled on the medieval book of hours making use of the daily offices from Matins through Compline to examine each stage of the life of Maritain and his wife Raissa Through this blending of biography and meditation McInerny creates a portrait of the Maritains one that reveals a model of the intellectual life as lived by the Christian believers Maritain's life and thought Among the topics McInerny covers are Maritain's remarkable and diverse set of friends his involvement in French politics and the development of his views on the nature and future of democracy the Church and Catholic intellectual life By interweaving Maritain's philosophy with anecdotes from his life McInerny demonstrates what distinguished Maritain as a Catholic philosopher and why he is a source of inspiration for McInerny and others of his generation and the work of Ralph McInerny

The Commonweal, 1975 **Jacques Maritain (1882-1973), Christian Democrat, and the Quest for a New Commonwealth** M. Susan Power, 1992 This study examines Maritain's definition of the common good and personal rights and his analysis of Christian democracy Also considers his endorsement of lay participation in Church and political affairs his effort to expand human rights internationally his insistence on social justice for members of the working class and his promotion of religious and racial toleration His vision for a new Christian commonwealth has gained increasing significance because of the current opportunity for restructuring European affairs 79-95 196pp 1993

The Catholic Historical Review, 1978 **A Comparative Study of Humanism and Pragmatism as They Relate to Decision Making in Instructional Development Processes** Thomas Luiz, 1982
