Our Hearts Are Restless Meditations On Learning To Live:

Our Hearts are Restless Howard A. Redmond,1997-04 In the past resurgences of interest in the writings of St Augustine have been times of excitement and advance in the history of Christianity Augustinian thought brings great insight and levels of meaning to the Christian community both Roman Catholic and Protestant This volume then is an attempt to use Augustine based reflections to relate the thoughts of one of the greatest of the early Christian writers to the thought and life of our time This collection of 40 short meditations seeks to build on shared concerns of Christians of all denominations and contribute a new appreciation of the thought piety and spirituality of this significant early Christian thinker Awakening as Holy Mystery Kevin G. Thew Forrester,2025-07-15 Christianity is an ancient non dual spiritual path of awakening This is not an awakening to God known as a religious object through the lens of belief hewn into shape through a set of religious doctrines This awakening begins with falling in love with the heart of Reality Holy Mystery and comes to fruition in the realization that the soul is one with the Beloved Holy Mystery the soul discovers is the true I of existence The author invites the reader on a journey through reflections and explorations nurtured by worship and prayer Here the soul might begin to slowly awaken to the truth of what she herself is This is the gracious path of Jesus own heart realizing that he and the Beloved are one Jesus awakens as the Christ The spiritual path in the Christian tradition is that each person also realizes Christ heart awakening and knowing not only one s own being as Holy Mystery but all creation as the unfolding flowering of boundless love Awakening becomes the source of servanthood and service Jesus embodies what each is called to realize as the heart s deepest and unceasing longing

Trusting in Spirit—The Challenge Dr. Bob Woodward, 2018-04-17 In this unique book Spirit Guides are invited to communicate to us teachings which they consider relevant and important at this time However the author also questions and challenges what the Guides have to say instead of just acquiescing to their messages The book is intended to help awaken people to the reality that they each have Spirit Guides who are more than willing to be of help and service to them However since they always respect our free will they depend on us taking the initiative to get to know them This is precisely the challenge of learning to trust in Spirit and in our own potential abilities I can honestly say that when I read the manuscript I was amazed at its power to inspire and heal As you read this book your spirit guide will be close and help you understand the teachings that are relevant to you Anne Lewis Spiritual Medium and Healer You are only limited in your abilities by your own set beliefs and expectations If your beliefs grow and widen then so do your abilities to contact beings on all different levels
