their specificity as to their family resemblances Stephen Mulhall reorients our sense of the philosophical work each text aims to accomplish to engender a critical dialogue between them from which the elements of a new conception of philosophy might emerge and to uncover that conception's indebtedness to certain fundamental theological preoccupations **Tracts, Theological, Practical, Controversial, and Psychological, Etc** John Henry Smithson, 1864 *Essentials of Christian Theology* William C. Placher, 2003-10-31 This splendid introductory textbook for Christian theology presents two essays by leading scholars on each of the major theological questions William Placher provides an excellent discussion of the history and current state of each doctrine while the essays explore the key elements and contemporary issues relating to these important theological concepts **The Saturday Review of Politics, Literature, Science and Art**, 1888 **Divining the Body** Jan Phillips, 2012-06-07 Honor Your Body as the Instrument of Your Soul This book is an attempt to undo the damage we've sustained living in a culture that thrives on our self-hatred It is a sanctification of our human bodies a consecration of ourselves as hosts to the Great Beloved It is a journey of awe and reverence through the sacred terrain of foot and hand back and breast heart and brain The path to peace is the pathway through ourselves starting with the inward step the brave gentle step toward the Divine within from the Introduction Our view of the human body is always evolving From the goddess worship of civilizations millennia ago to the strict social rules of Victorian England to the modern feminist movement the human body particularly the feminine body has always been a point of interest mystery and contention Discover an entirely new way to look at your body as a pathway to the Divine Award winner Jan Phillips takes you on an energizing journey through your physical self drawing connections between the bone muscle and sinew of your body and the spiritual teachings of various faith traditions modern scientific research and her own experiences You will find yourself empowered to work to transform the world around you and overcome self-defeating thoughts through positive practical exercises and meditations that show you how to climb back into your body and honor it as the temple of God that it is **Fraser's Magazine**, 1861 Fraser's Magazine for Town and Country James Anthony Froude, John Tulloch, 1861 Contains the first printing of Sartor Resartus as well as other works by Thomas Carlyle The Saturday Review of Politics, Literature, Science, Art, and Finance, 1888
