Journeys on the Silk Road Through Ages Romance Legend Reality is a compelling narrative about the legendary Silk Road down the ages It takes us back to the nearly forgotten times when the dusty long road was discovered by herders and nomads in search of pastures and oases It was a long trek into the unknown This gradually turned into the fabled Silk Road spanning from China and across Central Asia with its numerous trade routes staging posts caravanserais on the one hand and the rugged landscape through steppes across mountains deserts and nations on the other The Silk Road stood out like a great artery that sustained for centuries The Road with its routes conveyed not only commerce but also ideas and philosophy of the far east China to the far flung Roman Empire in the west drawing from and contributing to other regions and countries that fell along the way Turkestan Afghanistan India Persia Mesopotamia Palestine Phoenicia and Anatolia thus linking the ancient and the medieval worlds It was an enterprise of gigantic proportions the great highway witnessed trade in almost all products with silk precious stones porcelain metals and horses as chief commodities Of these silk was the foremost merchandise that merchants transported on camel caravans and upon mules from the Land of Serica Slaves too were traded Monks and warriors also walked along the trodden path Merchants exchanged goods which made trade possible bringing in a flow of wealth while monks and warriors exchanged philosophy ideas and statecraft despite conflicts and wars The narrative travels back to the times when the road started making history by joining imperial Xi an with imperial Rome a distance of more than 8 000kms during the period of China s Han Dynasty sometime around 200 BC This strangely endured till the present days of Communist China and OBOR deliberating the Chinese Puzzle The book is an adventurous amalgamation of history travel and the unanticipated and not merely a clich d travel account It presents a fascinating story of realms rulers travellers and merchants both ancient and modern with captivating collection of anecdotes lores and current realities from far and wide Its brilliant web makes the book immensely readable      *History of Vermont* Zadock Thompson,1842
