Bicycle Commuter's Pocket Guide Robert Hurst,2009-09-01 Practical miniguide to tips tricks technique and gear for commuting by

bicycle to work the grocery store or just getting around town      *Art of Cycling* Robert Hurst, 2014-07-01 The bicyclist is under attack from all directions the streets are ragged the air is poison and the drivers are angry As if that weren't enough the American cyclist must carry the weight of history along on every ride After a brief heyday at the turn of the twentieth century American cyclists fell out of the social consciousness becoming an afterthought when our cities were planned and built Cyclists today are left to navigate through a hard and unsympathetic world that was not made for them Yet with the proper attitude and a bit of knowledge cyclists can thrive in this hostile environment Covering much more than just riding a bike in traffic author Robert Hurst paints in uncanny detail the challenges strategies and art of riding a bike on America's modern streets and roadways The *Art of Cycling* dismantles the bicycling experience and slides it under the microscope piece by piece Its primary concern is safety but this book goes well beyond the usual tips and how to diving in to the realms of history psychology sociology and economics      **Mountain Bike Rides in the Colorado Front Range** Stoehr William L, 1991-12-12      **Bicycle Commuter's Handbook** Robert Hurst, 2013-06-04 As sensible as it may seem in an era when fuel prices are skyrocketing in tandem with environmental consciousness a switch to bicycle commuting doesn't necessarily happen overnight Certain questions arise Do I really need that 1 500 bike Are Lycra shorts necessary What about traffic rules What to do when a tire blows In The Bicycle Commuter's Handbook veteran cyclist bike commuter professional messenger and author Robert Hurst gives you all the answers you need for worry free riding The ultimate practical miniguide to tips tricks technique and gear Compact and user friendly For riding to work to the grocery store or just around town Color photos and illustrations      **Art of Mountain Biking** Robert Hurst, 2011-11-08 An unprecedented new look at mountain biking and trail riding techniques from the author of The Art of Cycling Riding obstacle strewn singletrack trails on a two wheeled machine is one of those seductive challenges that can never be fully mastered even by the most talented and experienced In The Art of Mountain Biking Robert Hurst deliberately avoids discussion of equipment training and other subjects that have already been beaten to death in mountain bike books and magazines to focus on the deeply complex art of riding trails From page to page and switchback to switchback he chases the complex mysteries that make trail riding so difficult and so rewarding from the application of soft power and the biomechanics of balance and vision to the philosophy of line choice and the Riccati equations that describe the path of the bike's rear wheel to the nature of dirt itself Built on the author's own quarter century of experience and the tried and true wisdom of many other veteran mountain bikers this environmentalist and darkly humorous manual provides a collection of unexpected knowledge that will be indispensable to both novices and experts Throughout Hurst explains with clarity revelation and a healthy dash of wit the ins and outs of riding a mountain bike      *Hiking through History Colorado* Robert Hurst, 2016-06-30 From historic landmarks to early settlement sites and more this book is the perfect companion for any hiker with an interest in history Make no mistake this is a hiking book first and foremost complete with rich photos and detailed maps but with added extras and sidebars detailing enough historical

information to satisfy every curiosity along the way
