from marvelous in the hands of Hollywood they have been stripped of their power offering little but formulaic narratives and tame surprises If we want to rediscover the power of fairy tales as Armando Maggi thinks we should we need to discover a new mythic lens a new way of approaching and understanding and thus re creating the transformative potential of these stories In *Preserving the Spell* Maggi argues that the first step is to understand the history of the various traditions of oral and written narrative that together created the fairy tales we know today He begins his exploration with the ur text of European fairy tales Giambattista Basile s *The Tale of Tales* then traces its path through later Italian French English and German traditions with particular emphasis on the Grimm Brothers adaptations of the tales which are included in the first ever English translation in an appendix Carrying his story into the twentieth century Maggi mounts a powerful argument for freeing fairy tales from their bland contemporary forms and reinvigorating our belief that we still can find new powerfully transformative ways of telling these stories

A Baker's Guide to Robber Pie Caitlin Sangster, 2022-02-08 A clever young girl looking for adventure gets more than she bargained for when she stumbles into a nest of robbers in this tale baked with magic fun and friendship Evie Baker is a great story teller an avid prankster and a fantastic baker And while she loves her parent s bakery she has no plans to stay in their small town and become stuffy or static Evie wants to go on adventures and she knows just what she needs to do it With her best friend Cecily by her side Evie sets off into the Old Forest to find one of the Fel a group of crow like magical creatures who can t lie She is sure her family s irresistible raspberry tart and a carefully crafted deal will get them to take her on a magical adventure without getting her eaten or worse But the forest hides many dangers and when they finally find their Fel they also discover a nest of robbers Having seen the Robber Lord s face Evie is whisked away into hiding for her own protection But even in the queen s own city trouble has a way of finding her YA novelist Caitlin Sangster makes her middle grade debut in *A Baker s Guide to Robber Pie* a fun fairytale filled with adventure friendship baking and the power of a tale well told

Witch of the Palo Duro Mardi Oakley Medawar , **The Memory Thief** Jodi Lynn Anderson, 2022-03-29 Originally published in hardcover in 2021 by Aladdin

The Enchanted Boot Nancy L. Canepa, 2022-11-29 A representative selection of tales from the Italian fairy tale tradition translated into English This comprehensive collection of Italian tales in English encourages a revisitation of the fairy tale canon in light of some of the most fascinating material that has often been excluded from it In the United States we tend to associate fairy tales with children and are most familiar with the tales of the Brothers Grimm Hans Christian Anderson and Disney But the first literary fairy tales appeared in Renaissance Italy and long before the Grimms there was already a rich and sophisticated tradition that included hundreds of tales including many of those today considered classic The authors featured in this volume have over the centuries explored and interrogated the intersections between elite and popular cultures and oral and literary narratives just as they have investigated the ways in which fairy tales have been and continue to be rewritten as expressions of both collective identities and individual sensibilities The fairy tale in its Italian incarnations provides a striking example of

how this genre is a potent vehicle for expressing cultural aspirations and anxieties as well as for imagining different ways of narrating shared futures **The Short Takes of Dal the Thief** Robert L. Collins, 2021-05-01 Dal the Thief is known not just for his bold robberies but for committing crimes in the service of what's right and good Not all of his adventures were grand though Some were small acts that had a wide impact Several of these short takes are in this collection showing how Dal enhanced his reputation and made powerful friends **A Comparative Study of Some French Canadian Tales** Ruth E. Wooley, 1926
