American Poetry after Modernism Albert Gelpi, 2015-03-09 Albert Gelpi's *American Poetry after Modernism* is a study of sixteen major American poets of the postwar period from Robert Lowell to Adrienne Rich Gelpi argues that a distinctly American poetic tradition was solidified in the later half the twentieth century thus severing it from British conventions

Who's Afraid of ...? Marion Gymnich, 2012 Fear in its many facets appears to constitute an intriguing and compelling subject matter for writers and screenwriters alike The contributions address fictional representations and explorations of fear in different genres and different periods of literary and cultural history The topics include representations of political violence and political fear in English Renaissance culture and literature dramatic representations of fear and anxiety in English Romanticism the dramatic monologue as an expression of fears in Victorian society cultural constructions of fear and empathy in George Eliot's *Daniel Deronda* 1876 and Jonathan Nasaw's *Fear Itself* 2003 facets of children's fears in twentieth and twenty first century stream of consciousness fiction the representation of fear in war movies the cultural function of horror film remakes the expulsion of fear in Kazuo Ishiguro's novel *Never Let Me Go* and fear and nostalgia in Mohsin Hamid's post 9 11 novel *The Reluctant Fundamentalist*

Robert Lowell's Imitations and the Cold War Simon van Schalkwyk, 2025-08-07 The first book length study focusing on Robert Lowell's career long preoccupation with the liberal mode of translational adaptation known as imitation Robert Lowell's *Imitations and the Cold War* argues that Lowell's imitations are simultaneously symptomatic of and critically responsive to familiar nodes of Cold War ideology such as containment and contamination secrecy and security post imperial U S expansion and Empire It departs from studies focused solely on *Imitations* 1961 Lowell's book length collection of translational adaptations by demonstrating how imitation shadows Lowell's work from his earliest collections *Land of Unlikeness* 1944 and *Lord Weary's Castle* 1946 through his celebrated mid career collections *Life Studies* 1959 and *For the Union Dead* 1964 and to later works such as *Near the Ocean* 1969 and his contributions of adaptations from the Russian of Anna Akhmatova and Osip Mandelstam collected in Olga Carlisle's anthology *Poets on Street Corners* 1967 Simon van Schalkwyk excavates the imitational substrate undergirding and informing Lowell's compositional method and poetic imagination throughout the course of his career In so doing he shows how imitation enacts at the level of form Lowell's restless investment in Cold War geopolitics and literary networks in ways that inform develop and complicate his more conventional canonization as an unquestionably American poet preoccupied solely and simplistically with personal or autobiographical modes of poetic confession As literary sites at

which containment's dualities porosities leakages and contaminants are most clearly displayed Lowell's imitations simultaneously challenge and develop our understanding of confession's presumably strict preoccupation with the personal regional and national frameworks through which Lowell has commonly been understood New England Beyond Criticism Elisa New, 2014-03-18 NEW ENGLAND BEYOND CRITICISM Elisa New's book is a remarkable achievement It is very rare that a critic manages to ask what seem exactly the right questions then to answer them in a lively brilliant evocative and supremely intelligent prose Charles F Altieri University of California Elisa New is a refreshing voice among critics and historians of literature She has a keen sense of the nature of New England and its deep spiritual resources reaching back to the Puritans moving through the great nineteenth century expressions of interior landscapes and visions This is a book I welcome and celebrate Jay Parini Middlebury College Literary criticism of the past thirty years has undercut what the canonizers of the nineteenth and early twentieth centuries saw as the fundamental role of early New England in the development of American literary culture And yet a determination in literary circles to topple perceived Ivy League elitism and Protestant cultural creationism overlooks the continuing value beauty and even practical utility of a canon still cherished by lay readers around the world This Manifesto raises questions about how academic specialization and the academic study of New England have affected enthusiasm for reading Using a range of interpretive practices including those most often deployed by contemporary academic critics Elisa New cuts across firmly established subfields mixing literary exegesis with autobiographical reflection close reading with cultural history archival and antiquarian inquiry with experiments in style and lays bare editorial orthodoxies raising to question the whole hierarchy of values now governing the study of American and other literatures Taking New England as a test case for a wider more accessible set of critical practices New England Beyond Criticism demands that the domain of literary study be opened further to the tastes of the general reader *Gedichte, engl. Robert Lowell's poems* Robert Lowell, Jonathan Raban, 1974 **Yeats and American Poetry** Terence Diggory, 2014-07-14 This work is designed to show a double influence first that of American poets especially Whitman on W B Yeats and second of Yeats on a wide range of American poets who began their careers during the first decades of the century Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Great War in Irish Poetry* Fran Brearton, 2003 The Great War in Irish Poetry explores the impact of the First World War on the work of W B Yeats Robert Graves and Louis MacNeice in the period 1914-45 and on three contemporary Northern Irish poets Derek Mahon Seamus Heaney and Michael Longley Its concern is to place their work and memory of the Great War in the context of Irish politics and culture in the twentieth century The

historical background to Irish involvement in the Great War is explained as are the ways in which issues raised in 1912 20 still reverberate in the politics of remembrance in Northern Ireland particularly through such events as the Home Rule cause the loss of the Titanic the Battle of the Somme the Easter Rising While the Great War is perceived as central to English culture and its literature holds a privileged position in the English literary canon the centrality of the Great War to Irish writing has seldom been recognised This book shows first that despite complications in Irish domestic politics which led to the repression of memory of the Great War Irish poets have been drawn throughout the century to the events and images of 1914 18 This engagement is particularly true of those writing in the troubled Northern Ireland of the last thirty years The second main concern is the extent to which recognition of the importance of the Great War in Irish writing has itself become a casualty of competing versions of the literary canon

American Poetry since 1945 Eleanor Spencer-Regan, 2017-09-16 This book features a collection of essays on some of the key poets of post war America written by leading scholars in the field All the essays have been newly commissioned to take account of the diverse movements in American poetry since 1945 and also to reflect retrospectively on some of the major talents that have shaped its development In the aftermath of the Second World War American poets took stock of their own tumultuous past but faced the future with radically new artistic ideals and commitments More than ever before American poetry spoke with its own distinctive accents and declared its own dreams and desires This is the era of confessionalism beat poetry protest poetry and avant garde postmodernism This book explores the work of John Berryman Robert Lowell Elizabeth Bishop Adrienne Rich and Sylvia Plath as well as contemporary African American poets and new poetic voices emerging in the 21st century This New Casebook introduces the major American poets of the post war generation evaluates their achievements in the light of changing critical opinion and offers lively incisive readings of some of the most challenging and enthralling poetry of the modern era

Strange Cocktail Adriana X. Jacobs, 2018-07-23 For centuries poets have turned to translation for creative inspiration Through and in translation poets have introduced new poetic styles languages and forms into their own writing sometimes changing the course of literary history in the process Strange Cocktail is the first comprehensive study of this phenomenon in modern Hebrew literature of the late nineteenth century to the present day Its chapters on Esther Raab Leah Goldberg Avot Yeshurun and Harold Schimmel offer close readings that examine the distinct poetics of translation that emerge from reciprocal practices of writing and translating Working in a minor literary vernacular the translation strategies that these poets employed allowed them to create and participate in transnational and multilingual poetic networks Strange Cocktail thereby advances a comparative and multilingual reframing of modern Hebrew literature that considers how canons change and are undone when translation occupies a central position how lines of influence and affiliation are redrawn and literary historiographies are revised when the work of translation occupies the same status as an original text when translating and writing go hand in hand
