Security In The Caribbean Basin The Challenge Of Regional Cooperation:

Security in the Caribbean Basin Joseph S. Tulchin, Ralph H. Espach, 2000 Since the end of the Cold War security concerns in the Caribbean have changed from containment of communism to transnational threats such as drugs illegal migration and natural disasters This text analyzes the situation and puts forward a framework for a cooperative regional security system

The DISAM Journal of International Security Assistance Management, 2003 Crime, Violence and Security in the Caribbean M. Raymond Izarali, 2017-11-20 Security challenges pose significant hardship for citizens of Caribbean nations Public safety is threatened by high rates of crime especially violent crime in much of the region the plague of the illicit drug trade transnational organized crime gangs the current global proliferation of crimes of terrorism and related violent extremism and radicalization The situation diminishes morale among the youth their education and their future and operates as a major push factor Yet surprisingly there has been a scarcity of scholarly work that addresses these conditions This interdisciplinary volume succinctly responds to the gap in criminological and security studies on the Caribbean by drawing attention to the understudied nexus of crime violence and security that is so pervasive in the region and the ways in which underdevelopment re creates environments for insecurity The book is organized in three parts Part one encompasses conceptualizations of crime violence and punishment Part two takes up country cases on crime and security Part three addresses issues of regional security both public and private This timely volume will be valuable reading for scholars students practitioners and policy makers who share a critical interest in the scope impact and inter relationality of crime violence and in security in the region

Caribbean Security in the Age of Terror Ivelaw L. Griffith, 2004 The security issues which have come into prominence since the September 11 terrorist attack in the USA provide both the starting point and the focus for this comprehensive survey of contemporary security issues in the Caribbean This volume assesses the impact of the 9 11 terrorist attack on Caribbean states and examines the institutional and operational terrorism response capacity of security agencies in the region However understanding security challenge and change in the Caribbean context requires a broad based multidimensional approach terrorism for the small open and vulnerable nation states of the Caribbean region is a real security issue but even more so is a range of untraditional threats like crime drug trafficking territorial disputes environmental degradation and the rapid spread of the HIV AIDS epidemic How these states adapt policies and practices to adjust to the new regional and global circumstances represent the challenge and the change

Transnational Security Marie-Helen Maras, 2014-10-09 Globalization and the easy movement of people weapons and toxins across borders has transformed security into a transnational phenomenon Preventing transnational security threats has proven to be a very difficult challenge for governments and institutions around the world Transnational Security addresses these issues which are at the forefront of every global security professional s agenda This book analyzes the most pressing current transnational security threats including weapons of mass destruction terrorism organized crime cybercrime

natural disasters human made disasters infectious diseases food insecurity water insecurity and energy insecurity It considers the applicable international laws and examines how key international organizations are dealing with these issues The author uses a combination of theory and real world examples to illustrate the transnational nature of security risks By providing a detailed account of the different threats countermeasures and their implications for a number of different fields law public policy and administration security and criminology this book will be an extremely useful resource for academicians practitioners and graduate and upper level undergraduate students in these areas **Latin America 2013** Robert T. Buckman,2013-08-28 A comprehensive timely and entertaining account of the political cultural and economic dynamics of more than 30 discrete countries of the Western Hemisphere this book is updated each year providing students with the most recent information possible *Challenged Sovereignty* Ivelaw Lloyd Griffith,2024-03-12 The drug trade Crime Terrorism Cyber threats In the Caribbean these cross border Problems Without Passports PWP have shaken the very foundation of nation states Blending case studies with regional analysis Ivelaw Lloyd Griffith examines the regionwide impact of PWPs and the complex security and sovereignty issues in play The interaction of local and global forces within PWPs undermines the governments basic goal of protecting their people against military threats subversion and the erosion of political economic and social values Seeking solutions to these multidimensional threats requires addressing both traditional and non traditional security and sovereignty issues Griffith focuses on clashes between PWPs and the state from warring drug gangs in Jamaica to Trinidad and Tobago s one time status as a center for terrorism related activities to the political resurgence of drug trafficker Desi Bouterse in Suriname and the growing cyber threats across the region Informed and up to date *Challenged Sovereignty* explains the effects of today s globalized problems on the contemporary Caribbean **Handbook of Latin American Studies, Vol. 61** Lawrence Boudon,2006-04-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies Latin American Research Review Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 140 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Lawrence Boudon of the Library of Congress Hispanic Division has been the editor since 2000 and Katherine D McCann has been assistant editor since 1999 The subject categories for Volume 61 are as follows

Anthropology Economics Geography Government and Politics Political Economy International Relations Sociology **Strategic Challenges** Stephen J. Flanagan, James A. Schear, 2008-02 Experts analyze seven key security challenges Security and Migration in Asia Melissa Curley, Siu-lun Wong, 2008-07-30 Security and Migration in Asia explores how various forms of unregulated and illegal forms of human movement within Asia and beyond the region have come to be treated as security issues and whether and how a securitization framework enables a more effective response to them The process and theory of securitization and desecuritization have been developed within the international relations literature by the so call Copenhagen school scholars including Barry Buzan and Ole Waever among others The topics explored in this well presented and engaging book cover geographic areas of China Northeast Asia Central Asia the Russian Far East Southeast Asia and the Hong Kong SAR and includes research on human trafficking and people smuggling financing illegal migration and links to transnational organized crime regulated and unregulated labour migration the securitization of illegal migration in sending transit and receiving countries This book provides compelling insights into contemporary forms of illegal migration under conditions of globalization and makes a contribution to the literature in international relations and migration studies
