Seizing The Torch Leadership For A New Generation:

Seizing the Torch Ted W. Engstrom, Theodore Engstrom, Robert C. Larson, 1988 The Steward Leader R.

Scott Rodin, 2013-11-14 In this book R Scott Rodin offers a unique and profoundly theological informed model of leadership forged out of his extensive experience and theological studies This model is personal dynamic and transformative for the leaders themselves for the people they work with and for the institution or organizations in which they serve Church Planting from the Ground Up Tom Jones, 2004 Church Planting from the Ground Up is a visionary guide for the critical task of new church multiplication Share in the wisdom of these field tested veterans as you gain insight from their stories practical ideas and real world experiences Book jacket You Can Lead Effectively! Mathew Philip, 2008-05 Recent years saw the publication of scores of books on leadership both in Christian circles and in the secular world of politics and business But this book fills in some gaps and will be a valuable addition to them It is written in a style and format that is very reader friendly The ideas are communicated well This book could serve as a good textbook in classes on leadership in theological institutions Back cover Rhetoric, Persuasion, and Modern Legal Writing Brian L. Porto, 2020-02-11 Classical rhetorical techniques can enhance the persuasiveness of Supreme Court opinions by making their language clear lively and memorable This book focuses on three techniques invention creation of arguments arrangement organization and style word choice in the work of Oliver Wendell Holmes Jr Robert Jackson Hugo Black William Brennan and Antonin Scalia respectively The justices featured here contributed to the Court s rhetorical legacy in different ways but all five rejected the magisterial opinion style of the eighteenth and nineteenth centuries in favor of a more personal and conversational format As a result their opinions have endured and even modern readers who cannot recall the justices names understand and embrace the ideas expressed in their legal writings and apply those ideas to current debates Practicing lawyers professors and students can use this book to study legal writing techniques and make their own writing more persuasive Leaders with a Vision B. J. Van der Walt, 1995 Virtue , 1989 On Tablets of Human Hearts Mary Ellen Drushal, 1991 The Power of Citizenship Scott D. Reich, 2013-10-15 Fifty years after John F Kennedy s death we find ourselves enmeshed in an era of political division and cynicism where politicians talk past one another and the spirit of Ask not what your country can do for you ask what you can do for your country is less visible than it should be We seem to have forgotten that we re all on the same team Fortunately Scott D Reich has given us The Power of Citizenship a timely book to bring us back on track Reich asserts that the most powerful element of Kennedy s legacy is his emphasis on the theme of citizenship and that a rededication to the values Kennedy promoted will shine a bright path forward for our country Evoking the hopes and aspirations of the 1960s Reich recaptures the excitement of the Kennedy era But what truly sets this book apart is the unique way it blends the romance of Camelot with the new frontiers of today not only identifying modern challenges but also offering a tangible blueprint for how we can improve our public discourse be good citizens and lift our

nation to new heights of greatness Part history and part call to action The Power of Citizenship hones in on the very essence of what made JFK so inspirational and timeless reminding us once again that we must ask what we can do for our country This is a must read for Americans of all generations
