

Selected Correspondence Of The Glasgow Colonial Society 18251840

Edith L. Blumhofer, Mark A. Noll

Selected Correspondence Of The Glasgow Colonial Society 1825-1840:

Selected Correspondence of the Glasgow Colonial Society, 1825-1840 Glasgow Colonial Society, Champlain Society, 1994 Letters from Presbyterian ministers in Canada written to the Society for Promoting the Religious Interests of Scottish Settlers in British North America **The Scottish Pioneers of Upper Canada, 1784-1855** Lucille H. Campey, 2005-05-16 Glengarry Upper Canada's first major Scottish settlement was established in 1784 by Highlanders from Inverness shire Worsening economic conditions in Scotland coupled with a growing awareness of Upper Canada's opportunities led to a growing tide of emigration that eventually engulfed all of Scotland and gave the province its many Scottish settlements Pride in their culture gave Scots a strong sense of identity and self worth These factors contributed to their success and left Upper Canada with firmly rooted Scottish traditions Individual settlements have been well observed but the overall picture has never been pieced together Why did Upper Canada have such appeal to Scots What was their impact on the province Why did they choose their different settlement locations Drawing on new and wide ranging sources author Lucille H Campey charts the progress of Scottish settlement throughout Upper Canada This book contains much descriptive information including all known passenger lists It gives details of the 550 ships which made over 900 crossings and carried almost 100 000 emigrant Scots The book describes the enterprise and independence shown by the pioneers who were helped on their way by some remarkable characters such as Thomas Talbot Lord Selkirk John Galt Archibald McNab and William Dickson Providing a fascinating overview of the emigration process it is essential reading for both historians and genealogists Scots were some of the province's earliest pioneers and they were always at the cutting edge of each new frontier They were a founding people who had an enormous influence on the province's early development I am happy to commend Lucille Campey's latest book on Scottish settlement patterns in Canada The product of meticulous research The Scottish Pioneers of Upper Canada has much to offer both genealogists and general readers as it weaves together statistical information institutional histories and personal accounts to produce a fascinating picture of the multi dimensional networks that underpinned the transatlantic movement and brought 100 000 Scots to Upper Canada during the seven decades reviewed Persistent myths of helpless exile are challenged as the preconditions and processes of emigration are analyzed along with the cultural traditions imported by the trail blazers and border guards who laid the foundations of Canada's most populous province Marjory Harper Reader in History University of Aberdeen With a real feel for the sacrifice and the emotional turmoil of the pioneers Lucille H Campey has once again got her audience to face the raw heritage common to every Scots Canadian This is an excellent read full of fascinating detail dug from much archival research This book is another splendid addition to a series of much interest to both historians and genealogists Professor Graeme Morton Scottish Studies Foundation Chair University of Guelph *God's Empire* Hilary M. Carey, 2011-01-06 In *God's Empire* Hilary M Carey charts Britain's nineteenth century transformation from Protestant nation to free Christian empire through the history of the

colonial missionary movement This wide ranging reassessment of the religious character of the second British empire provides a clear account of the promotional strategies of the major churches and church parties which worked to plant settler Christianity in British domains Based on extensive use of original archival and rare published sources the author explores major debates such as the relationship between religion and colonization church state relations Irish Catholics in the empire the impact of the Scottish Disruption on colonial Presbyterianism competition between Evangelicals and other Anglicans in the colonies and between British and American strands of Methodism in British North America

Church and State in Old and New Worlds Hilary M. Carey, John Gascoigne, 2010-12-06 Church state relations have always been important but the need for an historical re evaluation has been heightened by recent developments in the relations between governments and religious bodies Drawing on a wide range of historical case studies this book focuses particularly on the way in which the traditional European Old World fusion of church and state was reshaped in the New World of European settler colonies of the United States Australia and New Zealand Its analysis illuminates both the historical dynamics of such changes and the way in which such developments continue to influence the conduct of church state relations in both the Old and the New Worlds

"An Educated Clergy" Jack C. Whytock, 2008-02-01 Scotland has long been known for its emphasis upon an educated clergy yet little serious historical attention has been given to how this was actually fostered This book begins to fill that gap While a thoroughly historical study in Scottish church history and historical theology the book also serves as a springboard for reflection and application to the work of theological education today with the evangelical Presbyterian and Reformed community

Moving Subjects Tony Ballantyne, Antoinette M. Burton, 2009 Investigating how intimacy is constructed across the restless world of empire

Scotland and the British Empire John M. MacKenzie, T. M. Devine, 2017-02-24 The extraordinary influence of Scots in the British Empire has long been recognized As administrators settlers temporary residents professionals plantation owners and as military personnel they were strikingly prominent in North America the Caribbean Australasia South Africa India and colonies in South East Asia and Africa Throughout these regions they brought to bear distinctive Scottish experience as well as particular educational economic cultural and religious influences Moreover the relationship between Scots and the British Empire had a profound effect upon many aspects of Scottish society This volume of essays written by notable scholars in the field examines the key roles of Scots in central aspects of the Atlantic and imperial economies from the eighteenth to the twentieth centuries in East India Company rule in India migration and the preservation of ethnic identities the environment the army missionary and other religious activities the dispersal of intellectual endeavours and in the production of a distinctive literature rooted in colonial experience Making use of recent innovative research the chapters demonstrate that an understanding of the profoundly interactive relationship between Scotland and the British Empire is vital both for the understanding of the histories of that country and of many territories of the British Empire All scholars and general readers interested in the dispersal of intellectual ideas key

professions Protestantism environmental practices and colonial literature as well as more traditional approaches to politics economics and military recruitment will find it an essential addition to the historical literature **The Scottish Empire**

Michael Fry,2002-02-01 This new edition of Michael Fry s remarkable book charts the involvement of the Scots in the British empire from its earliest days to the end of the twentieth century It is a tale of dramatic extremes and craggy characters and of a huge range of concerns from education evangelism and philanthropy to spying swindling and drug running Stories of Scottish regiments on the rampage cannibalism and other atrocities are contrasted with the deeds of heroic pioneers such as David Livingstone and Mary Slessor Above all it tells how the British empire came to be dominated and run by the Scots and how it truly became a Scottish empire As the empire transformed Scotland beyond recognition so was the Empire shaped by the Scots a remarkable achievement from the population of so small a country which was itself neither nation nor fully province neither fully colonizer nor fully colonized Michael Fry s energetic and colourful account is one of the classics of modern Scottish history Highland Shepherd Alan Wilson,2015-07-27 In 1786 the Reverend James MacGregor 1759 1830

was dispatched across the North Atlantic to establish a dissenting Presbyterian church in Pictou Nova Scotia The decision dismayed MacGregor who had hoped for a post in the Scottish Highlands Yet it led to a remarkable career in what was still the backwoods of colonial North America Industrious and erudite MacGregor established the progressive Pictou Academy opposed slavery and promoted scientific education agriculture and industry Poet and translator fluent in nine languages he encouraged the preservation of the Gaelic language and promoted Scottish culture in Nova Scotia Highland Shepherd finally bestows on MacGregor the recognition that he so richly deserves Alan Wilson brings MacGregor and his surroundings to life detailing his numerous achievements and establishing his importance to the social religious and intellectual history of the Maritimes **Singing the Lord's Song in a Strange Land** Edith L. Blumhofer,Mark A. Noll,2004 Music and song are

important parts of worship and hymns have long played a central role in Protestant history This book explores the ways in which Protestants use hymns to clarify their identity and define their relationship with America and Christianity
