Peterson, 2021-11-04 Over 200,000 Copies Sold Since Eugene Peterson wrote this spiritual formation classic more than forty years ago, hundreds of thousands of Christians have been inspired by its call to deeper discipleship. Our society is still obsessed with quick fixes. But Peterson's time-tested prescription for discipleship remains the same: a long obedience in the same direction. Following Jesus requires a deepening life of prayer and, throughout history, Christians have learned to pray from the Psalms. Peterson finds particular encouragement for today's pilgrims in the Songs of Ascents, Psalms 120-134. With prophetic and pastoral wisdom, he shows how the psalms teach us to grow in worship, service, joy, work, humility, community, and blessing. Now including a bibliography of Peterson's works, A Long Obedience in the Same Direction is available as part of the IVP Signature Collection, which features special editions of iconic books in celebration of the seventy-fifth anniversary of InterVarsity Press. A companion Bible study guide is also available. [A Long](#)

Media, 2022-04-26T22:59:00Z Please note: This is a companion version, not the original book. Sample Book Insights 1. The world is a difficult place for Christians to navigate. We are constantly being bombarded with temptations that come from the flesh, the world, and the devil. 2. The world's way of life is difficult for a pastor to deal with. Everyone is in a hurry. They want shortcuts, and they are impatient for results. A pastor is not a tour guide. 3. The fifteen psalms that make up the Songs of Ascents were most likely sung by Hebrew pilgrims as they went up to Jerusalem to the great worship festivals. They were a

way for the people to express the amazing grace and to quiet their anxious fears 4 The Songs of Ascents are a collection of psalms that were used by the multitudes who said Come let s climb God s mountain go to the House of the God of Jacob He ll show us the way he works so we can live the way we re made **Welcome to Manhood** Noah Herrin,2025-08-19 The making of a godly man requires hard deliberate choices over time and reliance upon his relationship with God it s not for the fainthearted A boy does not become a man when he turns 18 but when he takes on the character and habits of a man for the good of those around him Exploring what these godly character traits are pastor Noah Herrin offers real world wisdom for 52 key challenges men face on their journey into manhood Each chapter of this action packed book calls men higher addressing one obstacle and providing hands on biblical solutions practical next steps habits to work toward and truths to believe Covering core areas of personal professional and spiritual life topics include how to own mistakes relate to parents choose the right mate use time effectively humble yourself manage your money chase the right goals engage in community be a finisher and much more The world needs not just good men but godly men Jesus is our model of manhood and when men act like Jesus the world is different **Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific** Larry Van De Creek,2013-04-03 Does the scientific process belong in pastoral counseling Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific Yes and No examines the widespread ambivalence among pastoral caregivers and educators over the growing inclusion of science in pastoral care and counseling methodologies Twenty three seasoned professionals in the field give candid and sometimes emotional accounts of their interest inand reservations aboutthe role scientific research plays in their profession Some authors look at the issue from a historical perspective others voice additional concerns A few make concrete proposals on how chaplaincy can become more scientific The result is a unique insight into the relationship between the secular and the religious The question of whether science belongs in pastoral care and counseling is moot pastoral care already makes extensive use of psychological testing and psychotherapeutic skillsall products of scientific thinking But as technology becomes more dominant and health care delivery reflects a more corporate perspective pastoral caregivers and educators are divided on whether the changes represent the significant opportunity to improve a ministry or the surrender of the ministry s very essence The essays collected in Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific Yes and No go a step farther breaking down the issue of faith versus science into more specific questions for pastoral caregivers such as Can what you do be measured Do you have an obligation to embrace the challenge of change Is becoming more scientific a necessity for staying in touch with your health care peers How cost effective is the pastoral care you provide if it doesn t include the scientific process Could a reluctance to incorporate science into your counseling cost you your job Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific Yes and No presents thoughtful and thought provoking debate that is a must read for all pastoral caregivers and educators
