Longest Flight:

The Longest Flight Shirley Woodhouse Murdock,2009-10-02 It started as an innocent challenge and through sheer determination and pure tenacity it developed into one of the greatest and most successful promotions ever conducted in the state of Arizona

Around-the-World Flights Patrick M. Stinson,2011-08-12 Since Wilbur and Orville Wright's first machine powered flight adventurers have pondered the prospect of flying around the world Though in the early 20th century the idea seemed as plausible as traveling to Mars aviators made their first attempts in the wake of World War I and have never looked back This history of around the world flights explores the endeavor starting with the first tentative journeys that allowed changing aircraft en route due to expected breakdowns Once flying machines demonstrated reliable performance over global distances a period of one upmanship emerged with each new venture striving to outdo the previous one Today even with international air travel having become routine aviators strive to set records now using unconventional aircraft and fuel sources Paying tribute to the supporting personnel as well as to the flight captains at the center of attention this work celebrates aviation's continued spirit of adventure

A Hollywood Ending Yaron Weitzman,2025-10-21 NBA journalist Yaron Weitzman lays out the high stakes drama happening inside the Lakers organization as they try to juggle the warring priorities between LeBron James and the Buss family When LeBron James signed with the Los Angeles Lakers in 2018 it looked like a match made in heaven Here was the preeminent athlete of his generation fresh off ending Cleveland's 50 year title drought and in need of a new challenge to help further burnish his legacy joining forces with one of the most iconic teams in all of sports And here were the Lakers in the midst of their worst stretch in franchise history and reeling from the death of the legendary owner Dr Jerry Buss in need of a savior The script wrote itself A little over two years later LeBron and Dr Buss daughter Jeanie were standing shoulder to shoulder hoisting the NBA finals trophy into the air Having won their record tying 17th NBA title the Lakers had reclaimed their accustomed perch on top of the basketball world It looked to be the birth of a new dynasty But this was a new Lakers franchise one beset by infighting and years removed from Kobe's prime And this was LeBron James the catalyst of the player empowerment era an athlete chasing things greater than Michael Jordan's ghost The two parties were too big to peacefully coexist under one roof The 2020 title would represent the pinnacle of their pairing and the beginning of a precipitous decline Drawing from over 250 interviews Yaron Weitzman takes readers on a riveting behind the scenes journey of this fraught partnership From the Succession like power struggle between the Buss children to the rise of LeBron's landscape altering talent agency and its attempts to assert its own power within the Lakers walls to the evolution of LeBron's priorities and political voice A Hollywood Ending is the definitive story of an American icon's final years on stage one portraying him a fabled NBA franchise and the world of modern professional sports in a light never seen before

Global Air Transport Management and Reshaping Business Models for the New Era Kankaew, Kannapat,2022-05-27 The air transport industry is highly vulnerable to environmental changes as was seen when the recent

COVID 19 pandemic caused most airline operations to cease However for decades airlines have been collapsing around the globe as the business of managing airline operations has become stressed due to price competition This is detrimental to air carriers since air transport products and services are the same Moreover it impacts other industries such as tourism hotels and restaurants which contribute to the derailment of economic and social activities Thus it is essential to determine new practices and strategies that can allow air transport management to be enriched and to flourish Global Air Transport Management and Reshaping Business Models for the New Era provides a comprehensive collection of knowledge on the new era of business management on air transport It provides strategies technologies and tools used in the reshaping of the air transport business model Covering topics such as customer experience robotic process automation and airline alliances this major reference work is an essential resource for airline managers supply chain specialists air transport managers students and faculty of higher education libraries researchers economists government officials and academicians Transfer of Radiation in Spectral Lines Vsevolod Vladimirovich Ivanov,1973 **The Wright Brothers' First Flight: A Fly on the Wall History** Thomas Kingsley Troupe,2017-01-01 From a sandy North Carolina dune to mid air Two cartoon flies join eBook readers as they follow Orville and Wilbur Wright on their quest for flight providing a hearty blend of facts and fun while telling the story of a great moment in American and aviation history NASA Technical Translation ,1968 The Middle and Working Class Manifesto Paul J.
