Styling Masculinity Kristen Barber, 2016-08-24 The twenty first century has seen the emergence of a new style of man the metrosexual Overwhelmingly straight white and wealthy these impeccably coiffed urban professionals spend big money on everything from facials to pedicures all part of a multi billion dollar male grooming industry Yet as this innovative study reveals even as the industry encourages men to invest more in their appearance it still relies on women to do much of the work Styling Masculinity investigates how men's beauty salons have persuaded their clientele to regard them as masculine spaces To answer this question sociologist Kristen Barber goes inside Adonis and The Executive two upscale men's salons in Southern California Conducting detailed observations and extensive interviews with both customers and employees she shows how female salon workers not only perform the physical labor of snipping tweezing waxing and exfoliating but also perform the emotional labor of pampering their clients and pumping up their masculine egos Letting salon employees tell their own stories Barber not only documents occasions when these workers are objectified and demeaned but also explores how their jobs allow for creativity and confer a degree of professional dignity In the process she traces the vast network of economic and social relations that undergird the burgeoning male beauty industry

Fit for Consumption Jennifer Smith Maguire, 2007-09-06 This is the first text to offer a comprehensive socio cultural and historical analysis of the current fitness culture Fitness today is not simply about health clubs and exercise classes or measures of body mass index and cardiovascular endurance Fit for Consumption conceptualizes fitness as a field within which individuals and institutions may negotiate if not altogether reconcile the competing and often conflicting social demands made on the individual body that characterize our current era Intended for researchers and senior undergraduate and postgraduate students of sport leisure cultural studies and the body this book utilizes the US fitness field as a case study through which to explore the place of the body in contemporary consumer culture Combining observations in health clubs interviews with fitness producers and consumers and a discourse analysis of a wide variety of fitness texts this book provides an empirically grounded examination of one of the pressing theoretical questions of our time how individuals learn to fit into consumer culture and the service economy and how our bodies and selves become fit for consumption

Cultural Encyclopedia of the Body Victoria Pitts-Taylor, 2008-09-30 Pop culture and the media today are saturated with the focus on the aesthetics of the

human body Magazines and infotainment shows speculate whether this or that actress had breast implants or a nose job Americans are not just focusing on celebrities but on themselves too and today have unprecedented opportunities to rework what nature gave them One can now drop in to have cosmetic surgery at the local mall Contemplating the superficial nature of it all grows tiresome and pop culture vultures and students can get a better fix for their fascination with the body beautiful through the cultural insight provided in this amazing set Cultural Encyclopedia of the Body is a treasure trove of essays that explore the human body alphabetically by part detailing practices and beliefs from the past and present and from around the world that are sometimes mind blowing and eye popping Body parts are examined through a multifaceted cultural lens Readers will explore how the parts are understood what they mean to disparate societies how they are managed treated and transformed and how they are depicted and represented The entries draw from many disciplines that are concerned to some degree or another with human bodies including anthropology archeology sociology religion political history philosophy art history literary studies and medicine The encyclopedia proffers information on a number of cultures tribes and customs from East and West Ancient practices to the latest fad which in fact might continue ancient practices are illuminated Other considerations that arise in the essays include comparisons among cultures the changing perceptions of the body and issues of race gender religion community and belonging ethnicity power structures human rights

Fitness & Nutrition

Christopher Hovius, 2014-09-02 Do you ever wish you were stronger thinner more athletic healthier Most of us would change at least one thing about ourselves if we could But real health and happiness aren't dependent on matching yourself against the unrealistic ideals of a model thin body or a pumped up body builder's bulging muscles Instead fitness and good nutrition are the two factors that can lead to physical and emotional health When you were younger your parents told you what to eat They probably encouraged you to eat the foods that would provide you with the various nutrients you needed to grow They may have also encouraged you to get regular exercise But you're older now You've begun to make your own decisions about what you eat and how active you are Learning what your body needs to be healthy is an important part of becoming a responsible adult Taking care of yourself makes sense if you want to be happy and enjoy life This book will tell you how to be the best you can be
