Crime Fiction and National Identities in the Global Age Julie H. Kim, 2020-05-25 To read a crime novel today largely simulates the exercise of reading newspapers or watching the news The speed and frequency with which today's bestselling works of crime fiction are produced allow them to mirror and dissect nearly contemporaneous socio-political events and conflicts This collection examines this phenomenon and offers original critical essays on how national identity appears in international crime fiction in the age of populism and globalization These essays address topics such as the array of competing nationalisms in Europe Indian secularism versus Hindu communalism the populist rhetoric tinged with misogyny or homophobia in the United States racial religious or ethnic others who are sidelined in political appeals to dominant native voices and the increasing economic chasm between a rich and poor More broadly these essays inquire into themes such as how national identity and various conceptions of masculinity are woven together how dominant native cultures interact with migrant and colonized cultures to explore insider outsider paradigms and identity politics and how generic and cultural boundaries are repeatedly crossed in postcolonial detective fiction

Routledge Handbook of the Archaeology of Indigenous-Colonial Interaction in the Americas Lee M. Panich, Sara L. Gonzalez, 2021-07-19 The Routledge Handbook of the Archaeology of Indigenous

Colonial Interaction in the Americas brings together scholars from across the hemisphere to examine how archaeology can highlight the myriad ways that Indigenous people have negotiated colonial systems from the fifteenth century through to today. The contributions offer a comprehensive look at where the archaeology of colonialism has been and where it is heading. Geographically diverse case studies highlight longstanding theoretical and methodological issues as well as emerging topics in the field. The organization of chapters by key issues and topics rather than by geography fosters exploration of the commonalities and contrasts between historical contingencies and scholarly interpretations. Throughout the volume Indigenous and non Indigenous contributors grapple with the continued colonial nature of archaeology and highlight Native perspectives on the potential of using archaeology to remember and tell colonial histories. This volume is the ideal starting point for students interested in how archaeology can illuminate Indigenous agency in colonial settings. Professionals including academic and cultural resource management archaeologists will find it a convenient reference for a range of topics related to the archaeology of colonialism in the Americas.

Conversations with Remarkable Native Americans Joëlle Rostkowski, 2012-02-14. In these lively and informative interviews noted ethnohistorian and international consultant Joëlle Rostkowski brings to light major developments in the Native American experience over the last thirty years. Overcoming hardships they have experienced as the forgotten minority often torn between two cultures, these prominent native writers, artists, journalists, activists, lawyers, and museum administrators each have made remarkable contributions towards the transformation of old stereotypes, the fight against discrimination, and the sharing of their heritage with mainstream society. Theirs is a story not so much of success but of resilience of survivance, with each interview subject having marked their time and eventually becoming the change they wanted in the world. The conversations in this volume reveal that the assertion of ethnic identity does not lead to bitterness and isolation but rather an enthusiasm and drive toward greater visibility and recognition that at the same time aims at a greater understanding between different cultures. *Conversations with Remarkable Native Americans* rewards the reader with a deeper understanding of the Native American Renaissance.

The Cowboy Hero and Its Audience Alf H. Walle, 2000. Troubling Tricksters Deanna Reder, Linda M. Morra, 2010-02-10 *Troubling Tricksters* is a collection of theoretical essays creative pieces and critical ruminations that provides a re visioning of trickster criticism in light of recent backlash against it The complaints of some Indigenous writers the critique from Indigenous nationalist critics and the changing of academic fashion have resulted in few new studies on the trickster For example *The Cambridge Companion to Native American Literature* 2005 includes only a brief mention of the trickster with skeptical commentary And in 2007 Anishinaabe scholar Niigonwedom Sinclair a contributor to this volume called for a moratorium on studies of the trickster irrelevant to the specific experiences and interests of Indigenous nations One of the objectives of this anthology is then to encourage scholarship that is mindful of the critic s responsibility to communities and to focus discussions on incarnations of tricksters in their particular national contexts The contribution of *Troubling Tricksters* therefore is twofold to offer a timely counterbalance to this growing critical lacuna and to propose new approaches to trickster studies approaches that have been clearly influenced by the nationalists call for cultural and historical specificity **Transatlantic Voices** Elvira
