New Directions In American Religious History

Tina Block

New Directions In American Religious History:

New Directions in American Religious History Harry S. Stout, D. G. Hart, 1998-01-01 The eighteen essays collected in this book had their origin in a conference of the same title held at the Wingspread Conference Center in October of 1993. Some of the most distinguished scholars in the field were invited to reflect on their specialties in American religious history in ways that summarized where the field is and where it ought to move in the decades to come. Organized according to four general ways of looking at religious history: places and regions, universal themes, transformative events, and marginal groups and ethno-cultural outsiders, the essays address a wide range of topics including Puritanism, religion and the Civil War, Protestantism and economic behavior, gender and sexuality in American Protestantism, and the contemporary de-Christianization of American culture. Featuring contributions from David D. Hall, Donald G. Matthews, Allen C. Guelzo, Gordon S. Wood, Daniel Walker Howe, Robert Wuthnow, Jon Butler, David A. Hollinger, and others, this thought-provoking and up-to-date collection will interest anyone involved in the study of American religion and history.

New Directions in American Religious History Harry S. Stout, Darryl G. Hart, 2023 These essays had their origin in a conference of the same title held in October 1993. Scholars reflect on their specialties in American religious history in ways that summarize where the field is and where it ought to move in the decades to come.

Mormon Studies Ronald Helfrich, Jr., 2021-12-30 Mormonism arose in early 19th century New York and has fired the imaginations of its devotees, critics, and students ever since. Some intellectuals and academics read Mormonism as the product of economic change wrought by the Erie Canal in the Burned-over District of western New York State and upper north-eastern Ohio. Others read Mormonism as an authoritarian reaction to Jacksonian democracy. Finally, some including most of those who became Mormons in the early 19th century and most of those who are believing Mormons today read Mormonism as the intervention of God in human history. This book engages with Mormon Studies from its beginnings in the early nineteenth century to the end of the 20th century. It covers those who fought over Mormonism's truth or falsity, on those who tried to understand Mormonism as a religious and sociological phenomenon, and on those who explored the history of Mormonism from a more dispassionate perspective. It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized, particularly after the 1960s.

Critical Issues in American Religious History Robert R. Mathisen, 2006 Americans as a religious people experience both tension and indecision as they wrestle with a variety of critical issues every day. American society continually struggles with its religious past. The primary and secondary materials included in this volume track religious America's efforts to articulate its identity and destiny and implement its religious creeds and ideals in an ever-changing society.

Religious Diversity and American Religious History Walter H. Conser, Sumner B. Twiss, 1997 The ten essays in this volume explore the vast diversity of religions in the United States from Judaic, Catholic, and African American to Asian, Muslim, and Native American traditions. Chapters on religion and the South, religion and gender, indigenous, sectarian religious movements, and the metaphysical tradition round

out the collection The contributors examine the past present and future of American religion first orienting readers to historiographic trends and traditions of interpretation in each area then providing case studies to show their vision of how these areas should be developed Full of provocative insights into the complexity of American religion this volume helps us better understand America s religious history and its future challenges and directions *Crossings and Dwellings* Kyle B. Roberts,Stephen Schloesser, J.S.,2017-07-31 In *Crossings and Dwellings* Kyle Roberts and Stephen Schloesser S J bring together essays by eighteen scholars in one of the first volumes to explore the work and experiences of Jesuits and their women religious collaborators in North America over two centuries following the Jesuit Restoration Long dismissed as anti liberal anti nationalist and ultramontanist restored Jesuits and their women religious collaborators are revealed to provide a useful prism for looking at some of the most important topics in modern history immigration nativism urbanization imperialism secularization anti modernization racism feminism and sexual reproduction Approaching this broad range of topics from a variety of disciplinary perspectives this volume provides a valuable contribution to an understudied period

Religion in the American South Beth Barton Schweiger,Donald G. Mathews,2005-10-12 This collection of essays examines religion in the American South across three centuries from the beginning of the eighteenth century to the civil rights movement of the 1960s The first collection published on the subject in fifteen years *Religion in the American South* builds upon a new generation of scholarship to push scholarly conversation about the field to a new level of sophistication by complicating southern religion geographically chronologically and thematically and by challenging the interpretive hegemony of the Bible belt Contributors demonstrate the importance of religion in the South not only to American religious history but also to the history of the nation as a whole They show that religion touched every corner of society from the nightclub to the lynching tree from the church sanctuary to the kitchen hearth These essays will stimulate discussions of a wide variety of subjects including eighteenth century religious history conversion narratives religion and violence the cultural power of prayer the importance of women in exploiting religious contexts in innovative ways and the interracialism of southern religious history Contributors Kurt O Berends University of Notre Dame Emily Bingham Louisville Kentucky Anthea D Butler Loyola Marymount University Paul Harvey University of Colorado Colorado Springs Jerma Jackson University of North Carolina at Chapel Hill Lynn Lyerly Boston College Donald G Mathews University of North Carolina at Chapel Hill Jon F Sensbach University of Florida Beth Barton Schweiger University of Arkansas Daniel Woods Ferrum College *Inventing America's First Immigration Crisis* Luke Ritter,2020-09-01 Why have Americans expressed concern about immigration at some times but not at others In pursuit of an answer this book examines America s first nativist movement which responded to the rapid influx of 4 2 million immigrants between 1840 and 1860 and culminated in the dramatic rise of the National American Party As previous studies have focused on the coasts historians have not yet completely explained why westerners joined the ranks of the National American or Know Nothing Party or why the nation s bloodiest anti immigrant riots erupted

in western cities namely Chicago Cincinnati Louisville and St Louis In focusing on the antebellum West *Inventing America's First Immigration Crisis* illuminates the cultural economic and political issues that originally motivated American nativism and explains how it ultimately shaped the political relationship between church and state In six detailed chapters Ritter explains how unprecedented immigration from Europe and rapid westward expansion re-ignited fears of Catholicism as a corrosive force He presents new research on the inner sanctums of the secretive Order of Know Nothings and provides original data on immigration crime and poverty in the urban West Ritter argues that the country's first bout of political nativism actually renewed Americans' commitment to church-state separation Native-born Americans compelled Catholics and immigrants who might have otherwise shared an affinity for monarchism to accept American-style democracy Catholics and immigrants forced Americans to adopt a more inclusive definition of religious freedom This study offers valuable insight into the history of nativism in U.S. politics and sheds light on present-day concerns about immigration particularly the role of anti-Islamic appeals in recent elections

The Secular Northwest Tina Block, 2016-07-22 The image of a rough frontier where working men were tempted away from church on Sundays by more profane concerns was perpetuated by postwar church leaders who decried the decline of religious involvement In this pioneering book Tina Block debunks the myth of a godless frontier revealing a Pacific Northwest that consciously rejected the trappings of organized religion but not necessarily spirituality and not necessarily God Secularism was not only the domain of the working man women families and middle-class communities all helped to shape the region's secular identity But rejection of religion led to family gender and class tensions Drawing on oral histories census data newspapers and archival sources Block explores the dynamics of Northwest secularity grounded in the cultural permeability of the Canada-United States border the independent spirit of those who called the region home and their openness to secular ways of experiencing the world

The Nativist Movement in America Katie Oxx, 2013-07-15 By the mid-nineteenth century anti-Catholicism had become a central conflict in America Fueling the dissent were Protestant groups dedicated to maintaining what they understood to be the Christian vision and spirit of the founding fathers Afraid of the religious and moral impact of Catholics they advocated for stricter laws in order to maintain the Protestant predominance of America Of particular concern to some of these native-born citizens or nativists were Roman Catholic immigrants whose increasing presence and perceived allegiance to the pope alarmed them *The Nativist Movement in American History* draws attention to the religious dimensions of nativism Concentrating on the mid-nineteenth century and examining the anti-Catholic violence that erupted along the East Coast Katie Oxx historicizes the burning of an Ursuline convent in Charlestown Massachusetts the Bible Riots in Philadelphia and the theft and destruction of the Pope's Stone in Washington D.C In a concise narrative together with trial transcripts and newspaper articles poems and personal narratives the author introduces the nativist movement to students illuminating the history of exclusion and these formative clashes between religious groups

New Directions In American Religious History Introduction

In the digital age, access to information has become easier than ever before. The ability to download New Directions In American Religious History has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download New Directions In American Religious History has opened up a world of possibilities. Downloading New Directions In American Religious History provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading New Directions In American Religious History has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download New Directions In American Religious History. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading New Directions In American Religious History. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading New Directions In American Religious History, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download New Directions In American Religious History has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About New Directions In American Religious History Books

1. Where can I buy New Directions In American Religious History books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
