The Federalist Papers Alexander Hamilton, John Jay, James Madison, 2010 Originally published anonymously under the pseudonym Publius in 1787 through 1788 the Federalist Papers were a series of 85 letters to New York newspapers meant to counteract the Anti Federalists writings of Cato and Brutus Exhorting voters to ratify the proposed Constitution of the United States these essays are still debated and open to interpretation The arguments presented here by three of America s greatest patriots and political theorists were created during a critical moment in the nation s history providing readers with a running ideological commentary on the crucial issues facing democracy Today the Federalist Papers are as important and vital a rallying cry for freedom as ever

The Federalist Papers Alexander Hamilton, James Madison, John Jay, 2015-09-09 The Federalist Papers are a collection of eighty five articles and essays written by Alexander Hamilton James Madison and John Jay in favor of ratifying the United States Constitution First appearing in 1787 as a series of letters to New York newspapers this collective body of work is widely considered to be among the most important historical collections of all time Although the authors of The Federalist Papers foremost intended to influence the vote in favor of ratifying the Constitution in Federalist No 1 Hamilton explicitly set their debate in broader political terms It has been frequently remarked he wrote that it seems to have been reserved to the people of this country by their conduct and example to decide the important question whether societies

of men are really capable or not of establishing good government from reflection and choice or whether they are forever destined to depend for their political constitutions on accident and force Among the many highlights of these acclaimed essays is Federalist No 10 in which Madison discusses the means of preventing rule by majority faction and advocates for a large commercial republic This is generally regarded as the most important of the eighty five essays from a philosophical perspective and it is complemented by Federalist No 14 in which Madison takes the measure of the United States declares it appropriate for an extended republic and concludes with a memorable defense of the Constitution In Federalist No 70 Hamilton advocates for a one man chief executive and in Federalist No 78 he persuasively lays the groundwork for the doctrine of judicial review by federal courts Though centuries old these timeless essays remain the benchmark of American political philosophy As eloquently stated by famed historian Richard B Morris The Federalist Papers serve as an incomparable exposition of the Constitution a classic in political science unsurpassed in both breadth and depth by the product of any later American writer
