New Gilded Age The New Yorker Looks At The Culture Of Affluence:

The New Gilded Age David Remnick, 2001-03-01 In keeping with its tradition of sending writers out into America to take the pulse of our citizens and civilization The New Yorker over the past decade has reported on the unprecedented economy and how it has changed the ways in which we live This new anthology collects the best of these profiles essays and articles which depict in the magazine's inimitable style the mega meta monster wealth created in this our new Gilded Age Who are the barons of the new economy Profiles of Martha Stewart by Joan Didion Bill Gates by Ken Auletta and Alan Greenspan by John Cassidy reveal the personal histories of our most influential citizens people who affect our daily lives even more than we know Who really understands the Web Malcolm Gladwell analyzes the economics of e commerce in Clicks and Mortar Profiles of two of the Internet's most respected analysts George Gilder and Mary Meeker expose the human factor in hot stocks declining issues and the instant fortunes created by an IPO And in The Kids in the Conference Room Nicholas Lemann meets McKinsey Company's business analysts the twenty two year olds hired to advise America's CEOs on the future of their business and the economy And what defines this new age one that was unimaginable even five years ago Susan Orlean hangs out with one of New York City's busiest real estate brokers I Want This Apartment A clicking stampede of Manolo Blahniks can be heard in Michael Specter's High Heel Heaven Tony Horwitz visits the little inn in the little town where moguls graze The Inn Crowd Meghan Daum flees her maxed out credit cards Brendan Gill lunches with Brooke Astor at the Metropolitan Club And Calvin Trillin in his masterly Marisa and Jeff portrays the young and fresh faces of greed Eras often begin gradually and end abruptly and the people who live through extraordinary periods of history do so unaware of the unique qualities of their time The flappers and tycoons of the 1920s thought the bootleg and the speculation would flow perpetually until October 1929 The shoulder pads and the junk bonds of the 1980s came to feel normal until October 1987 Read as a whole The New Gilded Age portrays America here today now an epoch so exuberant and flush and in thrall of risk that forecasts of its conclusion are dismissed as Luddite brays Yet under The New Yorker's examination our current day is exposed as a special time in history affluent and aggressive prosperous and peaceful wired and wild and ultimately finite **Quarterly**

Essay 10 Bad Company Gideon Haigh, 2003-06-01 In Bad Company Gideon Haigh scrutinises the way we have turned CEOs into tin gods Is moral outrage the appropriate response to the collapses of Enron or HIH or are we all implicated in a crazy system Haigh argues that the attempt to create great entrepreneurs of the new caste of CEOs by giving them shares is doomed to failure and inherently absurd In a tough minded vigorous demolition job on the culture that produced the cult of the CEO Haigh writes a mini history of business and shows how the classic traditions of capitalism are mocked by the managerialism of the present The making of the modern CEO has been a story of more more power more discretion more ownership more money more demands more expectations and above all more illusions More as so often has brought less Gideon Haigh Bad Company The world where the CEO is deemed to be a genius at least equal to a great actor or a great

sportsman is a world in which Gideon Haigh refuses to believe Peter Craven Of all the extraordinary corporate stories of the 1990s none has been more powerful than what Gideon Haigh wants to call the cult of the CEO Sydney Morning Herald Haigh should be showered with blessings for producing a book which not only says boo to these geese but has the figures and the historical perspective to back itself up There s even some good business advise in there Nicholas Lezard the Guardian A cogent and elegant argument Business Review Weekly Gideon Haigh has worked as a journalist for the Bulletin the Guardian the Australian the Times and the Monthly As an author he has written books on business including Quarterly Essay 10 Bad Company The Cult of the CEO The Battle for BHP and One of a Kind The Story of Bankers Trust Australia 1969 1999 and on cricket Silent Revolutions Game for Anything The Green and Golden Age **New Money, Nice Town** Leonard Nevarez, 2014-01-14 The economic restructuring that has gone on since the 1980s has produced a new economic space in which service and high tech firms are at the forefront of innovation One of the features of the new economy is what pop geographer Joel Kotkin calls nerdistans or smaller cities with a substantial high tech sector limits on growth environmentally friendly policies and a generally well educated population In New Money Nice Town Leonard Nevarez takes a close look at how new economy firms in quality of life cities interact with local political structures finding that they are both more liberal and more detached than their traditional counterparts This new global economy has created communities whose politics are more democratic but also more tenuous and unstable **Faith Journey** Jr. Hood, 2011-03 Advance praise for Faith Journey Good pastors are recognizing that the task for forming people in faith has a new urgency in our time Preaching to people who are not learning about the faith and being formed in discipleship can devolve into entertaining an audience instead of edifying a congregation of the faithful In this book Doug Hood provides welcome help in this important ministry of weaving into the fabric of people s lives the basic pattern of the Christian faith a wise and worthy guide for pastors and lay people From the Forward by Thomas G Long author of The Witness of Preaching and Bandy Professor of Preaching Candler School of Theology Emory University Doug Hood leads us into a wonderfully accessible approach to a deeply engaging experience of growth in discipleship By offering the interplay of readings reflections spiritual exercises and questions he leads the reader into the life changing journey of growing in Christlikeness and what it is to be loved by Christ and loving others in Christ s name It is a superb guide for personal study small groups and classes E Stanley Ott Ph D President of the Vital Churches Institute As pastors and church leaders we want more for the spiritual life of our parishioners than an emotional high or intellectual stimulation We want our people to know God Doug Hood has developed an understandable and highly accessible resource for congregations Using time tested spiritual disciplines Faith Journey encourages church members to be receptive to what God is doing in their lives James Hodsden Senior Minister of the Ardmore Presbyterian Church Ardmore PA W Douglas Hood Jr D Min Fuller Theological Seminary is the pastor of Lenape Valley Presbyterian Church New Britain PA His sermons and articles have appeared in Lectionary Homiletics Preaching Great Texts Biblical Preaching Journal and Preaching

Word Witness **Henry George and the Crisis of Inequality** Edward O'Donnell, 2015-06-09 America's remarkable explosion of industrial output and national wealth at the end of the nineteenth century was matched by a troubling rise in poverty and worker unrest. As politicians and intellectuals fought over the causes of this crisis, Henry George (1839-1897) published a radical critique of laissez-faire capitalism and its threat to the nation's republican traditions. *Progress and Poverty* (1879) which became a surprise best-seller offered a provocative solution for preserving these traditions while preventing the amassing of wealth in the hands of the few: a single tax on land values. George's writings and years of social activism almost won him the mayor's seat in New York City in 1886. Though he lost the election, his ideas proved instrumental to shaping a popular progressivism that remains essential to tackling inequality today. Edward T. O'Donnell's exploration of George's life and times merges labor, ethnic, intellectual, and political history to illuminate the early militant labor movement in New York during the Gilded Age. He locates in George's rise to prominence the beginning of a larger effort by American workers to regain control of the workplace and obtain economic security and opportunity. The Gilded Age was the first but by no means the last era in which Americans confronted the mixed outcomes of modern capitalism. George's accessible, forward-thinking ideas on democracy, equality, and freedom have tremendous value for contemporary debates over the future of unions, corporate power, Wall Street recklessness, government regulation, and political polarization.

Magic, Culture and the New Economy Robert Willim, Orvar Löfgren, 2020-09-08 What happens when economies heat up? This book looks at the 1990s years of intense economic experimentation when buzz words such as network society, the experience economy, creative cities, and glocalization were everywhere. A fascinating perspective on The New Economy emerges as the authors explore the worlds of coolhunters, biotech brokers, career coaches, software entrepreneurs, and event managers and tackle such questions as: how is magic used in the quest for newness and change? what happens when cultural techniques such as branding and styling colonize new arenas? what turns out to be just a flash in the pan and what has a lasting impact? This book is essential reading for anyone wishing to understand how economies operate in periods of rapid transformation.

Novels by Aliens Kate Marshall, 2023-10-10 A wide-ranging account of the twenty-first century's fascination with the weird. Twenty-first-century fiction and theory have taken a decidedly weird turn. They both show a marked interest in the nonhuman and in the preternatural moods that the nonhuman often evokes. Writers of fiction and criticism are avidly experimenting with strange, even alien perspectives and protagonists. Kate Marshall's *Novels by Aliens* explores this development broadly while focusing on problems of genre fiction. She identifies three key generic hybrids that harness a longing for the nonhuman: the old weird, an alternative tradition within naturalism and modernism for the twenty-first century's cowboys and aliens, cosmic realism, the reach for words legible only from space in otherwise terrestrial narratives, and pseudoscience fiction, which imagines speculative futures beyond human life on earth. Offering sharp and surprising insights about a breathtaking range of authors from Edgar Rice Burroughs to Kazuo Ishiguro, Willa Cather to Maggie Nelson, *Novels by Aliens* tells the story of how genre

became mood in the twenty first century **The New Welfare Consensus** Darren Barany,2018-07-11 Winner of the 2019 Paul Sweezy Marxist Sociology Book Award presented by the Marxist Section of the American Sociological Association Families on welfare in the United States are the target of much public indignation from not only the general public but also political figures and the very workers whose job it is to help the poor The question is What explains this animus and more specifically the failure of the United States to prioritize a sufficient social wage for poor families outside of labor markets The New Welfare Consensus offers a comprehensive look at welfare in the United States and how it has evolved in the last few decades Darren Barany examines the origins of American antiwelfarism and traces how over time fundamentally conservative ideas became the dominant way of thinking about the welfare state work family and personal responsibility resulting in a paternalistic and stingy system of welfare programs **The New Yorker** ,2002 Mrs. Astor's New York Eric Homberger,2004-09-01 Mrs Astor queen of New York society in the decades before World War I used her prestige to create a social aristocracy in the city Mrs Astor s story told here by Eric Homberger sheds light on the origins extravagant lifestyle and social competitiveness of this aristocracy
