Western Hemisphere Dept., 2016-03-28 This paper discusses three important sectors of Belize economy financial sugar market and energy Belize's banking system has continued to strengthen since the 2014 Article IV Consultation in June 2014 Despite recent improvements some banks balance sheets are still weak and exposed to adverse macroeconomic developments The sugar sector makes a very important contribution to Belize's economy The sector is estimated to account for about 4.5 percent of GDP 9.10 percent of total exports 8 percent of employment and 5.6 percent of foreign exchange earnings But the reform of EU sugar regime scheduled to take full effect in 2017 will most likely cause a significant drop in the EU sugar price Rice and Beans Richard Wilk, Livia Barbosa, 2013-05-09 Rice and Beans is a book about the paradox of local and global On the one hand this is a globe spanning dish a simple source of complete nutrition for billions of people in hundreds of countries On the other hand in every place people insist that rice and beans is a local invention deeply rooted in a particular history and culture How can something so universal also be so particular The authors of this book explore the specific history of the versions of rice and beans beloved and indigenous in cultures from Brazil to West Africa But they also plumb the shared African Native American and European trans Atlantic encounters and exchanges and the contemporary forces of globalization and nation building which combine to make rice and beans a powerful substance and symbol of the relationship between food and culture **Belize's 2016-17 Sovereign Debt Restructuring - Third Time Lucky?** Mr. Tamon Asonuma, Mr. Michael G. Papaioannou, Eriko Togo, Mr. Bert van Selm, 2018-05-22 This paper examines the causes processes

and outcomes of Belize's 2016-17 sovereign debt restructuring its third episode in last 10 years. As was the case in the earlier two restructurings in 2006-07 and in 2012-13, the 2016-17 debt restructuring was executed through collaborative engagement with creditors outside an IMF supported program. While providing liquidity relief and partially addressing long term debt sustainability concerns, the restructuring will need to be underpinned by ambitious fiscal consolidation and growth enhancing structural reforms to secure durable gains.
