New Critical Perspectives On Martin Walser

John David Pizer

New Critical Perspectives On Martin Walser:

New Critical Perspectives on Martin Walser Frank Pilipp, 1994 Critical essays on contemporary German novelist Martin Walser born 1927 is one of the most prolific contemporary German novelists and one with a place in world literature His work provides an astute critical commentary in novelistic form on postwar Germany The present volume comprises essays by eleven Walser experts on various aspects of his writings with concentration on the novels of the last 15 years books such as *Runaway Horse* 1978 *The Inner Man* 1979 *The Swan Villa* 1980 *Letter to Lord Liszt* 1982 and *In Defense of Childhood* 1991 Parallels and influences discussed in these studies include Schiller Richardson Hofmannsthal Kafka Thomas Mann Marcel Proust Updike Brecht and Walter Kempowski

Ambivalent Literary Farewells to the German Democratic Republic John David Pizer, 2021-08-02 This study reverses the question implicit in title of Christa Wolf's now canonical 1990 novella *Was bleibt* What remains looking instead at what was lost during the process of German reunification It argues that in their work during and after the Wende most literary authors from both East and West Germany responded ambivalently to the reunification Many felt on the one hand a keen sense of loss as the GDR dissolved and an expanded Federal Republic summarily absorbed former Eastern Germany They mourned the ideals of democratic socialism tolerance and internationalism that the GDR had held dear as well as the country's rich cultural life On the other hand however they recognized that the GDR was a fundamentally corrupt surveillance state whose industry weighed heavily on the environment while failing to buoy the country's economy By looking at works by some of the most important authors from either side of the border this study shows that those who unequivocally embraced the reunification were clearly in the minority

The Cambridge Companion to the Modern German Novel Graham Bartram, 2004-04-05 The Cambridge Companion to the Modern German Novel first published in 2004 provides a broad ranging introduction to the major trends in the development of the German novel from the 1890s to the present Written by an international team of experts it encompasses both modernist and realist traditions and also includes a look back to the roots of the modern novel in the Bildungsroman of the late eighteenth and nineteenth centuries The structure is broadly chronological but thematically focused chapters examine topics such as gender anxiety images of the city war and women's writing within each chapter key works are selected for close attention Unique in its combination of breadth of coverage and detailed analysis of individual works and featuring a chronology and guides to further reading this Companion will be indispensable to students and teachers

MLA International Bibliography of Books and Articles on the Modern Languages and Literatures, 1994 *The Burden of the Past* Thomas A. Kovach, Martin Walser, 2008 English translation analysis and contextualization of Walser's notorious but little examined Peace Prize speech and related writings The German novelist Martin Walser's 1998 speech upon accepting the Peace Prize of the German Book Trade remains a milestone in recent German efforts to come to terms with the Nazi past The day after the speech Ignatz Bubis leader of Germany's Jewish community attacked Walser for inciting

dangerous right wing sentiment with controversial passages including the notorious statement Auschwitz is not suited to be a moral bludgeon thus igniting the protracted public battle of opinions known as the Walser Bubis Debate The speech continues to loom large in Germany's struggle to acknowledge responsibility for Nazi crimes yet escape a suffocating burden of remembrance But in spite of its notoriety little attention has been paid to what the speech actually says as opposed to the public outcry and debate that followed it This book presents the text of the speech along with several of Walser's other essays and speeches about the Holocaust and its impact on German identity in English translation It examines them as texts a process that involves a discussion of literary complexities and an attempt to distinguish valid criticism of German intellectual life from what is justifiably problematic And it places this textual examination in the context of Walser's and other postwar German intellectuals' attempts to deal with the Nazi past of German Jewish relations in the postwar era and of the once hidden and now due in part to Walser's speech increasingly open discourse about Germans as victims during and immediately after the Nazi era Thomas A Kovach is Professor of German Studies at the University of Arizona Monatshefte, 1974 SAIS Review, 1999 *German Culture and the Uncomfortable Past* Helmut Schmitz, 2017-07-05 Beginning with the question of the role of the past in the shaping of a contemporary identity this volume spans three generations of German and Austrian writers and explores changes and shifts in the aesthetics of Vergangenheitsbewältigung coming to terms with the past The purpose of the book is to assess contemporary German literary representations of National Socialism in a wider context of these current debates The contributors address questions arising from a shift over the last decade triggered by a generation change questions of personal and national identity in Germany and Austria and the aesthetics of memory One of the central questions that emerges in relation to the Hitler youth generation is that of biography as examined through Günter Grass and Martin Walser's conflicting views on the subject of National Socialism Other themes explored here are the conflict between the post war generations and the contributions of that conflict to West German mentality and the growing historical distance and its influence on the aesthetics of representation *Martin Walser in Perspective* K. Stuart Parkes, Fritz Wefelmeyer, 2004 Revised versions of papers most of which were presented at a conference held at the Institute of Germanic Studies London England in May 2002 **Historical Dictionary of Postwar German Literature** William Grange, 2009-07-09 Some authors strongly criticized attempts to rebuild a German literary culture in the aftermath of World War II while others actively committed themselves to dealing with the German past There are writers in Austria and Switzerland that find other contradictions of contemporary life troubling while some find them funny or even worth celebrating German postwar literature has in the minds of some observers developed a kind of split personality In view of the traumatic monstrosities of the previous century that development may seem logical to some The Historical Dictionary of Postwar German Literature is devoted to modern literature produced in the German language whether from Germany Austria Switzerland or writers using German in other countries This volume covers an extensive period of time beginning in 1945 at

what was called zero hour for German literature and proceeds into the 21st century concluding in 2008 This is done through a list of acronyms and abbreviations a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on writers such as Nobel Prize winners Heinrich Böll Günter Grass Elias Canetti Elfriede Jelinek and W G Sebald There are also entries on individual works genres movements literary styles and forms
