Newly Composed Folk Music of Yugoslavia Ljerka V. Rasmussen, 2013-07-23 In Western political discourse Yugoslavia was frequently referred to as a buffer zone its independence from the Soviet bloc being the single most salient factor making it politically atypical Another enduring metaphor that of a crossroads between East and West was often invoked to describe Yugoslavia's heterogeneous culture owing as much to its geographic position in central southeast Europe as to its multinational makeup Yet if not solely for its socialist brand of communism the Balkan Slavic identity of Yugoslavia's traditional culture shaped the perception of the country as a part of the east European cultural bloc Like other cultures on the map of Slavic traditions Yugoslavia presented the casual observer with a colorful variety of village music ethnic customs and a proliferating national folklore engendered in festival re enactments of rural life Rapid social changes following World War II profoundly affected the country's largely rural based culture Despite enormous evidence of vanishing historic practices the music rooted in the socioeconomic milieu of peasant society remained the main focus of ethnomusicological research interest Yugoslavia's contemporary culture originating in such modern institutions as mass media and the market place did not receive comparable attention

"The Music of American Folk Song" and Selected Other Writings on American Folk Music Ruth Crawford Seeger, Larry Polansky, 2001 This is the first publication

of an annotated monograph by the noted composer and folksong scholar Ruth Crawford Seeger. Originally written as a foreword for the 1940 book *Our Singing Country*, it was considered too long and was replaced by a much shorter version. According to her stepson Pete Seeger, when the original was not included, Ruth suffered one of the biggest disappointments of the last ten years of her life. It just killed her. She was trying to analyze the whole style and problem of performing this music. Along with her children Mike and Peggy Seeger, he has long desired to see this work in print as it was meant to be read. The manuscript has been edited from several varying sources by Larry Polansky with the assistance of Seeger's biographer Judith Tick. It is divided into two sections: I A Note on Transcription and II Notes on the Songs and on Manners of Singing. Seeger examines all aspects of the relationship between singer, song notation, the eventual performer, and the transcriber. In Section I, Seeger develops a complex and well-organized system of notation for these songs, which is meant to be both descriptive transcription as cultural preservation and prescriptive; she intended that others would be able to perform these songs. In Section II, she provides an interpretive theory for performance of this music and suggests how performers might make the songs their own through a deep knowledge of the original styles. Ruth Crawford Seeger considered this work to be both a major accomplishment and a central statement of her own ideas on the topic. Larry Polansky is Associate Professor of Music at Dartmouth College and a well-known composer and theorist on American music. Judith Tick is Professor of Music at Northeastern University and author of the first major biography of Ruth Crawford Seeger. *The North American Folk Music Revival: Nation and Identity in the United States and Canada, 1945-1980* Gillian Mitchell, 2016-02-17. This work represents the first comparative study of the folk revival movement in Anglophone Canada and the United States and combines this with discussion of the way folk music intersected with and was structured by conceptions of national affinity and national identity. Based on original archival research carried out principally in Toronto, Washington, and Ottawa, it is a thematic rather than general study of the movement, which has been influenced by various academic disciplines including history, musicology, and folklore. Dr. Gillian Mitchell begins with an introduction that provides vital context for the subject by tracing the development of the idea of the folk, folklore, and folk music since the nineteenth century and how that idea has been applied in the North American context, before going on to examine links forged by folksong collectors, artists, and musicians between folk music and national identity during the early twentieth century. With the boom of the revival in the early sixties came the ways in which the movement in both countries proudly promoted a vision of nation that was inclusive, pluralistic, and eclectic. It was a vision which proved compatible with both Canada and America, enabling both countries to explore a diversity of music without exclusiveness or narrowness of focus. It was also closely linked to the idealism of the grassroots political movements of the early 1960s, such as integrationist civil rights and the early student movement. After 1965, this inclusive vision of nation in folk music began to wane. While the celebrations of the Centennial in Canada led to a re-emphasis on the Canadianness of Canadian folk music, the turbulent events in the United States led many ex-revivalists to

turn away from politics and embrace new identities as introspective singer songwriters Many of those who remained interested in traditional folk music styles such as Celtic or Klezmer music tended to be very insular and conservative in their approach rather than linking their chosen genre to a wider world of folk music however more recent attempts at fusion or world music suggest a return to the eclectic spirit of the 1960s folk revival Thus from 1945 to 1980 folk music in Canada and America experienced an evolving and complex relationship with the concepts of nation and national identity Students will find the book useful as an introduction not only to key themes in the folk revival but also to concepts in the study of national identity and to topics in American and Canadian cultural history Academic specialists will encounter an alternative perspective from the more general broad approach offered by earlier histories of the folk revival movement **The**
