This paperback edition of Tom Kundig Houses, first published in 2006, collects five of his most prominent early residential projects which remain touchstones for him today. In a new preface written for this edition, Kundig reflects on the influence that these designs continue to have on his current thinking. Each house, presented from conceptual sketches through meticulously realized details, is the product of a sustained and active collaborative process among designer, builder, and client. The work of the Seattle-based architect has been called both raw and refined, disparate characteristics that produce extraordinarily inventive designs inspired by both the industrial structures ubiquitous to his upbringing in the Pacific Northwest and the vibrant craft cultures that are fostered there. **On-site** Terence Riley, 2005 On Site ISBN 0 87070 499 0 U.S. \$45.00 Paperback 9 x 10.5 in 280 pgs 295 color and 165 b/w Item February Architecture Featuring 36 buildings that have made Spain a center for architectural innovation and excellence **Art Book News Annual, volume 4: 2008** **Art Book News Annual, volume 4: 2008**, *Keith's Beautiful Homes Magazine*, 1912 **The New Spanish Architecture** Anaxu Zabalbeascoa, 1992 Traces the history of architecture in Spain since World War II and examines the work of thirteen architects and firms.
