Wright, 2005-01-01 A prominent gynecologist explains how to make the best choices for female reproductive health in this authoritative easy to read guide This book is for every woman who has wished for an unhurried personal conversation with a sympathetic doctor who will answer her questions about reproductive health Dr Mary Jane Minkin a gynecologist practicing for more than 25 years presents a complete and up to date guide to a healthy reproductive system for women in their teens through middle age With warmth and understanding Dr Minkin and coauthor Carol V Wright respond to questions about the gynecological issues that concern women today including sexual activity contraception and family planning Readers of *The Yale Guide to Women's Reproductive Health* will learn how the female body works what problems may arise and what solutions are available in short they will become better prepared to participate in their own health care and to make healthy decisions *Sexual Life in Sweden* Hans Zetterberg, 2021-10-14 Now available in English *Sexual Life in Sweden* is a classic piece of sex research by one

of Sweden's most distinguished social scientists. Sponsored by the Royal Commission on Sex Education more than thirty years ago, it remains the only study of sexual behavior in a randomly selected adult population sample ever funded by a government. Because an astonishing response rate was achieved (91 percent during the course of Zetterberg's research), the claim that Sweden is one of the few countries where generalizations about national sexual behavior can be made may be stated with confidence. Zetterberg's study matches the gender of interviewers to that of subjects. From a theoretical perspective, Zetterberg analyzes the change in Sweden from a restrictive to a contraceptive society. The study makes it clear that with over 1,000 acts of intercourse for every live birth, 90 percent of sexual activity between consenting adults in modern Sweden does not result simply for procreation. Nevertheless, the research yields a picture of a highly responsible society. Zetterberg explores the emergence of two powerful new norms: when having sex, you must use contraception; and when in an existing sexual relationship, you must not start another one. He also examines the issue of abortion as part of a concept of social justice. The author compares the behavior of those who experience an unwanted pregnancy with those who do not and explains that abortion is seen by Swedes as part of the provision of the welfare and social justice system. Included is an examination of the sexual behavior of young people, the age of their first sexual experience, the circumstances surrounding it, whether positive parental involvement in their children's lives has any influence on their sexual conduct, and sex education programs in the schools. This translation of Zetterberg's study has been prepared by British sociologist Graham Fennell, who also authored a new introduction positioning Zetterberg's work in the history of sex research and comparing its findings with contemporary studies in Scandinavia, Western Europe, and North America. In light of the ongoing controversies about sex education, its conclusions remain relevant to policy discussions today.

Sexualities: Difference and the diversity of sexualities Kenneth Plummer, 2002. Volume 3. *Difference and Diversity of Sexualities*. This section examines the politics, power, and critique of sexual categories, including bisexuality, sex addiction, prostitution, and sadomasochism.

1973: Rock at the Crossroads Andrew Grant Jackson, 2024-06-04. A fascinating account of a defining year for David Bowie, Bruce Springsteen, Pink Floyd, Elton John, the Rolling Stones, the former Beatles, and others. 1973 was the year rock hit its peak while splintering just like the rest of the world. Ziggy Stardust travelled to America in David Bowie's *Aladdin Sane*. The *Dark Side of the Moon* began its epic run on the Billboard charts, inspired by the madness of Pink Floyd's founder, while all four former Beatles scored top ten albums, two hitting 1. FM battled AM, and Motown battled Philly on the charts as the era of protest soul gave way to disco, while DJ Kool Herc gave birth to hip hop in the Bronx. The glam rock of the New York Dolls and Alice Cooper split into glam metal and punk. Hippies and rednecks made peace in Austin thanks to Willie Nelson. The Allman Brothers, Grateful Dead, and the Band played the largest rock concert to date at Watkins Glen. Led Zep's *Houses of the Holy* reflected the rise of funk and reggae. The singer-songwriter movement, led by Bob Dylan, Neil Young, and Joni Mitchell, flourished at the Troubadour and Max's in Kansas City, where Bruce Springsteen and Bob Marley shared bill. Elton John's albums dominated the

number one spot for two and a half months Just as US involvement in Vietnam drew to a close Roe v Wade ignited a new phase in the culture war While the oil crisis imploded the American dream of endless prosperity and Watergate s walls closed in on Nixon the music of 1973 both reflected a shattered world and brought us together The Sex Offenses and their Treatments Victor T. Cheney,2004-10-01 This book is the only one that lists 115 crimes offenses deviances and 62 infamous criminals that can all be blamed on the sex urge and its underlying chemistry The book also enumerates and briefly explains more than a hundred different treatments that have been used to treat these problems The efficacy of these treatments has been found to vary greatly Some of them have even proven to be counterproductive and the best is seldom used This book is one of the very few available that dwell extensively with the powerful sex urge in its evil results crime disease aggression jealousy lost spirituality etc in as much detail Most that is written about sex deals with its good aspects love ecstasy children family etc but we need the information in this book to come to the reality of the power of these urges for evil
