Merrill, Mark F. Rooker, Michael A. Grisanti, 2011 Three esteemed Old Testament professors introduce students to the first eighty percent of the Bible freshly illuminating the text as a rich source of theology and doctrine packed with practical principles for modern times **The Book of Numbers** Timothy R. Ashley, 2022-12-06 The book of Numbers tells a story with two main characters God and Israel The way the story is told sounds odd and often harsh to readers today The main point of the book is nevertheless of immense importance for God's people in any age exact obedience to God is crucial This comprehensive and erudite commentary presents a thorough explication of this significant Hebrew text Timothy Ashley's introduction discusses such questions as structure authorship and theological themes and it features an extended bibliography of major works on the book of Numbers Then dividing the text of Numbers into five major sections Ashley elucidates the theological themes of obedience and disobedience which run throughout His detailed verse by verse comments primarily explain the Hebrew text of Numbers as it stands rather than speculate on how the book came to be in its present form This second edition includes revisions that reflect Ashley's decades of experience with the book of Numbers as well as updates to the footnotes and bibliography which add many important works published in the last thirty years With these new features Ashley's commentary solidifies its place as the church's most faithful and definitive reference on the book of Numbers *Leviticus* R. J. Rushdoony, 2009-11-23 The book of Leviticus has not been a popular subject of study in the modern church Much like the book of Proverbs any emphasis upon the practical applications of God's law is readily shunned in pursuit of more spiritual studies Books like Leviticus are considered dull overbearing and irrelevant To be spiritual in the modern sense of the term means to live on a higher level where today's Christian is governed more by the impressions of the heart than a carnal commandment But man was created in God's image and is duty bound to develop the implications of that image by obedience to God's law In this volume the author writes Man cannot develop his personhood except in terms of God and His law word Even as God separated man from the dust of the earth to make him a living soul Gen 2:7 so God summons covenant man in Leviticus to separate himself to the Covenant Lord and to become holy even as God Himself is holy The law or justice of God is the way of holiness The book of Leviticus contains over ninety references to the word holy The purpose therefore of this third book of the Pentateuch is to demonstrate the legal foundation of holiness in the totality of our lives In the book of Zechariah the prophet proclaims a day when there shall be upon the bells of the horses HOLINESS TO THE LORD Zech 14:20 This same inscription is borne upon the garments of the high priest and pictures for us a day in which every area of life shall be made holy to the Lord This present study is dedicated to equipping His church for that redemptive mission
