Geography for Professionals and the Public John M. Collins, 1998 Excerpt from *Military Geography for Professionals and the Public* The dearth of consolidated studies on the discipline of military geography came to John Collins attention early in his long and distinguished career as a soldier and scholar Thus he began and kept up an interest in the subject for more than 40 years amassing voluminous files on the subject Finally afforded the opportunity to research and write on his avocation at the National Defense University he spent 2 years as a Visiting Fellow tapping not only his own wealth of data and experience but a wide variety of well informed opinions on every facet of military geography The resultant volume the culmination of a life long career fills a gap in the professional and technical literature The National Defense University is pleased to have hosted John Collins and to publish his work No other book to our knowledge marries military art with that of the geographer so deftly and completely The volume seems destined to meet its stated purposes for years to come namely to provide a

textbook for students a handbook for military professionals and an enlightening survey for any appreciative lay reader About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Bibliographic Index** ,1997 **NATO-Warsaw Pact Force Mobilization** Jeffrey Simon,1988
