Modernismo, Modernity and the Development of Spanish American Literature

Cathy L. Jrade, 2010-01-01 A CHOICE Outstanding Academic Book Modernismo arose in Spanish American literature as a confrontation with and a response to modernizing forces that were transforming Spanish American society in the later nineteenth century In this book Cathy L Jrade undertakes a full exploration of the modernista project and shows how it provided a foundation for trends and movements that have continued to shape literary production in Spanish America throughout the twentieth century Jrade opens with a systematic consideration of the development of modernismo and then proceeds with detailed analyses of works poetry narrative and essays that typified and altered the movement's course In this way she situates the writing of key authors such as Rubén Darío José Martí and Leopoldo Lugones within the overall modernista project and traces modernismo's influence on subsequent generations of writers Jrade's analysis reclaims the power of the visionary stance taken by these creative intellectuals She firmly abolishes any lingering tendency to associate modernismo with affectation and effete elegance revealing instead how the modernistas new literary language expressed their profound political and epistemological concerns

Reading and Writing the Ambiente

Drowned Muse Anne-Gaëlle Saliot, 2015-09-10 The *Drowned Muse* is a study of the extraordinary destiny in the history of European culture of an object which could seem at first glance quite ordinary in the history of European culture. It tells the story of a mask the cast of a young girl's face entitled *L'Inconnue de la Seine* the Unknown Woman of the Seine and its subsequent metamorphoses as a cultural figure. Legend has it that the *Inconnue* drowned herself in Paris at the end of the nineteenth century. The forensic scientist tending to her unidentified corpse at the Paris Morgue was supposedly so struck by her allure that he captured in plaster the contours of her face. This unknown girl also referred to as The Mona Lisa of Suicide has since become the object of an obsessive interest that started in the late 1890s, reached its peak in the 1930s and continues to reverberate today. Aby Warburg defines art history as a ghost story for grown ups. This study is similarly a ghost story for grown ups narrating the aura of a cultural object that crosses temporal, geographical and linguistic frontiers. It views the *Inconnue* as a symptomatic expression of a modern world haunted by the earlier modernity of the nineteenth century. It investigates how the mask's metamorphoses reflect major shifts in the cultural history of the last two centuries, approaching the *Inconnue* as an entry point to understand a phenomenon characteristic of 20th and 21st century modernity: the translatability of media. Doing so, this study mobilizes discourses surrounding the *Inconnue*, casting them as points of negotiation through which we may consider the modern age.

The Hand of the Interpreter G. F. Mitrano, Eric Jarosinski, 2009 This collection of essays by scholars and artists of different disciplines and from different countries is designed to navigate the labyrinth of contemporary aesthetic ideologies with the aim of reassessing how we read both the way in which texts touch us and we them. Theory has transformed texts into mute interlocutors exposed to infinite indeterminacy. While the response to this sense of silence that undermines meaning is often informed by a nostalgia for older notions of close reading, the essays in this volume work towards a re-evaluation of key subjects such as reader, writer and text. The contributors engage with topics such as digital books, popular culture, alternative ways of book making, visual-verbal collaborations and thematic explorations of the hand in literature.

A Common Place Julie Jones, 1998 The issues raised in this study are pertinent to contemporary fiction in general; important here are theories of representation of place of metafiction and parody and questions involving postcolonial urban travel and postmodern literature.

Postmodernist Fiction Brian McHale, 2003-09-02 In this trenchant and lively study Brian McHale undertakes to construct a version of postmodernist fiction which encompasses forms as wide-ranging as North American metafiction, Latin American magic realism, the French New Novel, concrete prose and science fiction. Considering a variety of theoretical approaches including those of Ingarden, Eco, Dolezel, Pavel and Hrushovski, McHale shows that the common denominator is postmodernist fiction's ability to thrust its own ontological status into the foreground and to raise questions about the world or worlds in which we live. Exploiting various theoretical approaches to literary ontology, those of Ingarden, Eco, Dolezel, Pavel, Hrushovski and others, and ranging widely over contemporary world literature, McHale assembles a comprehensive repertoire of

postmodernist fiction's strategies of world making and unmaking *The A to Z of Postmodernist Literature and Theater* Fran Mason, 2009 *The A to Z of Postmodernist Literature and Theater* examines the different areas of postmodernist literature and theater and the variety of forms that have been produced. It contains a list of acronyms, a chronology, an introductory essay, a bibliography, and several hundred cross-referenced dictionary entries on individual writers, important aesthetic practices, significant texts, and important movements and ideas that have created a variety of literary approaches within the form. By placing these concerns within the historical, philosophical, and cultural contexts of postmodernism, this reference explores the frameworks within which postmodernist literature of the late twentieth and early twenty-first centuries operates. **Book Jacket** **A New Philosophy of Opera** Yuval Sharon, 2024-09-03 Sharon challenges the status quo and proposes radical new ways to present operas, new and old. Expect insight, originality, and some contentious views that will stimulate debate. Richard Fairman, *Financial Times* Best Books of 2024. From the most imaginative director in the US, *New York Times* comes this generational work with a vision for transforming opera into a powerhouse cultural phenomenon. This book builds a compelling roadmap for the future of opera and how it can truly be accessible for everyone. Gustavo Dudamel, known as opera's disrupter in residence, director Yuval Sharon has never adhered to the art form's conventions. In his many productions in both the United States and Europe, he constantly challenges the perception of opera as aloof by urging, among other things, performing operas in non-places such as parking lots, encouraging the use of amplification, and shuffling the traditional structure of classic works like performing Puccini's *La bohème* in reverse order, ending not with the tubercular heroine Mimi's death but with her first falling in love. With *A New Philosophy of Opera*, Sharon has crafted a radical and refreshing book that can act as an introduction to the art form for the culturally curious or as a manifesto for his fellow artists. In an engaging style that ranges from the provocative to the personal, Sharon offers a 360-degree view of the art form from the audience experience to the artist's process, from its socially conscious potential to its economic reality and from its practical to its emotional and spiritual dimensions. Surveying the role of opera in the United States and drawing on his experiences from Berlin to Los Angeles, Sharon lays out his vision for an anti-elite opera that celebrates the imagination and challenges the status quo. With an illustrated and unconventional history of the art form not following a straight line but tracing a fantastical time curve weaving throughout the book, Sharon resists the notion of the opera as dying and instead portrays it as a glorious chaos constantly being reborn and reshaped. With its advocacy of opera as an enchanted space and its revolutionary message, *A New Philosophy of Opera* is itself a work of art, a living book with profound philosophical implications that will stand the test of time. *Magical Reels* John King, 2000-09-17 On Latin American cinema *The Companion to Hispanic Studies* Catherine Davies, 2014-05-01 What is Hispanic Studies? This companion gives a concise and accessible overview of the discipline as taught today and suggests new directions for future developments.
