Re Discovering The Sacred Spirituality In America:

Re-discovering the Sacred Phyllis Tickle,1995 Explores the renewed American quest for spirituality from historical sociological and literary perspectives *Rediscovering the Sacred* Robert Wuthnow,1992 Claiming that the realm of the sacred in modern societies is characterized more by rediscovery than by revival Wuthnow examines the main theoretical approaches toward religion that have emerged of late in the social sciences and shows how these approaches can help explain the shifting location of the sacred **Rediscovering America's Sacred Ground** Barbara A. McGraw,2012-02-01 Returning to the ideas of John Locke and the Founders themselves Barbara A McGraw examines the debate about the role of religion in American public life and unravels the confounded rhetoric on all sides She reveals that no group has been standing on proper ground and that all sides have misused terminology religion secular dichotomies public private and concepts separation of church and state in ways that have little relevance to the original intentions of the Founders She rediscovers a theology underlying the founding documents of the nation that is neither anyone's particular religion nor one requiring religion Instead it justifies freedom of conscience for all and provides a two tiered public forum a civic public forum and a conscientious public forum for the debate itself and the actions that debate inspires America's Sacred Ground this theology and its public forum determines the meaning of freedom and the ways in which Americans can pursue the good good government good communities good families good relations between individuals and good individuals from a plurality of perspectives By exploring our past McGraw answers the critical question Who are we as a people and what do we stand for

The Spiritual Legacy of Henri Nouwen Deirdre LaNoue,2000-10-01 In 1969 the year following the death of Thomas Merton Henri Nouwen published his first book *Who reading Intimacy Essays in Pastoral Psychology* at the time could have guessed that its 37 year old Dutch priest author would become one of the most popular spiritual writers of the 20th century Unlike Merton whose strictly spiritual writings appealed almost exclusively to Roman Catholics Nouwen had an enormous following among Protestants as well as Catholics What was it about this man and his work that so resonated with the American psyche over the past thirty years In *The Spiritual Legacy of Henri Nouwen* Deidre LaNoue analyzes Nouwen's voluminous writings in the context of his life and times providing a key to his more than forty individual books as well as a cogent summary of his contribution to the spiritual lives of millions of people The book includes a complete bibliography of Nouwen's writings as well as a Scripture index of his books **Understanding Christian Spirituality** Michael Downey,1997 A readable overview of the contemporary spiritual scene that defines outlines and advocates several models or methods for studying Christian spirituality Aimed at college undergraduates and useful for those in spiritual counseling and direction The Journey Home: Rediscovering Spiritual Roots in a Modern World Silas Mary,2025-01-21 In today's fast paced world it can be easy to lose touch with our spiritual roots *The Journey Home* invites you to rediscover the core values practices and beliefs that anchor your soul This book offers a return to spiritual grounding guiding you back to the traditions

and wisdom that provide clarity purpose and peace By embracing both the timeless wisdom of spiritual traditions and the tools of modern life The Journey Home helps you reconnect with your authentic self and align with your divine purpose Whether you are seeking to rekindle your spiritual practice or looking for new ways to integrate spirituality into your everyday life this book provides the guidance and inspiration you need to make that journey **From Evening to Morning: Rediscovering GOD's Sacred Hours** Gerard Assey, 2025-07-15 What if time itself was sacred marked by heaven not just hours In From Evening to Morning Rediscovering God's Sacred Hours journey into the forgotten biblical rhythm where each day begins not at sunrise but at sundown Drawing from Genesis 1 and the practices of Jesus and the early Church this powerful book reveals how key hours 6 9 12 and 3 have always carried divine significance Discover why Jesus prayed at specific hours how breakthroughs often came at midnight or the fourth watch and how you can align your life with God's clock for deeper intimacy peace and power With rich biblical insight real life testimonies and reflective prayers this book invites you to slow down listen and awaken to the sacred rhythms of time Whether you're a prayer warrior worship leader or seeker of God's presence this is your invitation to meet Him From Evening to Morning hour by holy hour **Rediscovering the Religious Factor in American Politics** David C. Legee, Lyman A. Kellstedt, 2016-09-16 This text addresses whether and how religion and religious institutions affect American politics For some time analysts have argued that the conflicts of the New Deal era rendered cultural differences trivial and placed economic interests at the top of the political agenda The authors and their collaborators John C Green James L Guth Ted G Jelen Corwin E Smidt Kenneth D Wald Michael R Welch and Clyde Wilcox disagree They find that religious worldviews are still insinuated in American political institutions and religious institutions still are points of reference The book profits from the new religiosity measures employed in the 1990 National Election Studies Part 1 discusses the study of religion in the context of politics Part II examines religion as a source of group orientation Part III takes up religious practices and their political ramifications Part IV does the same for doctrinal and worldview considerations Part V explores the sources of religious socialisation In conclusion Part VI reviews the research on religion and political behaviour and looks ahead to where work should proceed **Rediscovering Reverence** Ralph Heintzman, 2011-10-11 Drawing on familiar experiences as well as aspects of western and eastern spiritual traditions Heintzman argues that religious practice is rooted in two basic ways human beings act in the world It is therefore an element in the structure of the human spirit not a phase in its history Explaining the meaning of religious practice in contemporary language Rediscovering Reverence is addressed to anyone who wants to explore the meaning and promise of a religious life A unique and thoughtful meditation on the role of reverence in everyday life Rediscovering Reverence presents new perspectives on modern faith religion and both personal and societal well being Rediscovering Our Spiritual Gifts Charles V. Bryant, 1991-04-01 Your Spiritual Gifts Inventory Pack is available for use with small group members This book identifies defines and discusses 30 spiritual gifts including giving healing hospitality service witnessing and music Bryant encourages

you to discover the particular gifts the Holy Spirit has given you and challenges you to use these gifts to build up the body of Christ The book includes a Grace Gifts Inventory to help you identify and apply the spiritual gifts in your life

Rediscovering the Spirit Lowell Greathouse, 2020-10-16 How do we come together when things around us are falling apart What is the best way forward when we are faced with political turmoil a global pandemic civil unrest and spiritual wandering Rediscovering the Spirit is an exploration of the critical spiritual principles we need to understand and embrace in our current social reality The book focuses on the nature of the inward out movement and how to deal with current social barriers that cause deep division and alienation We can come together in whole and harmonious ways when we rediscover and activate our spiritual lives through centering framing practicing and learning how to live with others **The Living Church** ,1995-07 **Rediscovering Judaism** Kerry M. Olitzky, Ronald H. Isaacs, 1997 Study program specially geared to the group of adults becoming adult Bar Bat mitzvot Phyllis Tickle Tony Jones, 2014-02-01 Phyllis Tickle has had a significant impact on the religious landscape in America over her 50 year career As a college dean a publishing gadfly and an advocate of the church s emergence she has garnered a loyal following in the tens of thousands Among those she s influenced are influential church leaders themselves including Diana Butler Bass Brian McLaren Nadia Bolz Weber Peter Rollins Doug Pagitt Jon M Sweeney Jana Reiss Lauren F Winner and others In this volume they reflect of Phyllis s influence and on the challenge that Phyllis s work poses the future church *Soul Searching : The Religious and Spiritual Lives of American Teenagers* Christian Smith Dr William R Kenan Jr Professor of Sociology University of Notre Dame, Candidate University of North Carolina Melina Lundquist Denton Ph.D, Chapel Hill USA, 2005-01-25 In innumerable discussions and activities dedicated to better understanding and helping teenagers one aspect of teenage life is curiously overlooked Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents But many teenagers are very involved in religion Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly 60% say that religious faith is important in their lives 40% report that they pray daily 25% say that they have been born again Teenagers feel good about the congregations they belong to Some say that faith provides them with guidance and resources for knowing how to live well What is going on in the religious and spiritual lives of American teenagers What do they actually believe What religious practices do they engage in Do they expect to remain loyal to the faith of their parents Or are they abandoning traditional religious institutions in search of a new more authentic spirituality This book attempts to answer these and related questions as definitively as possible It reports the findings of The National Study of Youth and Religion the largest and most detailed such study ever undertaken The NYSR conducted a nationwide telephone survey of teens and significant caregivers as well as nearly 300 in depth face to face interviews with a sample of the population that was surveyed The results show that religion and spirituality are indeed very significant in the lives of many American teenagers Among many other discoveries they find that teenagers are far more influenced by the religious

beliefs and practices of their parents and caregivers than commonly thought They refute the conventional wisdom that teens are spiritual but not religious And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes This eagerly awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but because teenagers serve as bellwethers for possible future trends it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole

The Cambridge Companion to Modern American Culture Christopher Bigsby,2006-10-12 The Cambridge Companion to Modern American Culture offers a comprehensive authoritative and accessible overview of the cultural themes and intellectual issues that drive the dominant culture of the twentieth century This companion explores the social political and economic forces that have made America what it is today It shows how these contexts impact upon twentieth century American literature cinema and art An international team of contributors examines the special contribution of African Americans and of immigrant communities to the variety and vibrancy of modern America The essays range from art to politics popular culture to sport immigration and race to religion and war Varied extensive and challenging this Companion is essential reading for students and teachers of American studies around the world It is the most accessible and useful introduction available to an exciting range of topics in modern American culture

Religious Diversity--What's the Problem? Rita M. Gross,2014-04-24 Once upon a time on grounds of both religion and common sense people assumed that the earth was flat and that the sun literally rose and set each day When newly developing knowledge made those beliefs untenable giving them up was difficult Today the belief that only one of the world's various religions is true for all people on earth is equivalent to the belief in a flat earth Both notions have become untenable given contemporary knowledge about religion Even though many people are still troubled by the existence of religious diversity today that diversity is a fact of life Religious diversity should be no more troubling to religious people than the fact that the earth is round and circles the sun This provocative book based on the author's longtime practice of Buddhism and comparative study of religion provides tools with which one can truly appreciate religious diversity as a gift and resource rather than as a deficiency or a problem to be overcome After we accept diversity as inevitable and become comfortable with it diversity always enriches life both nature and culture

The Making of Sages Donn F. Morgan,2002-02-01 Biblical sages and their wisdom tradition offer pathways for contemporary people and culture

Rediscovering Confession David A. Steere,2009-05-26 Rediscovering Confession is about recovering the experience of confession in danger now of becoming a lost art It identifies four elements present in psychotherapy and confession a state of heightened self awareness a growing realization that our predicament points in some meaningful direction beyond itself the necessity to make a relevant response to our situation and a potential for spiritual encounter that accompanies the process Each chapter contains a section devoted to practice with exercises for individual contemplation and experimentation guidelines for forming a confessional partnership directions for conducting discussions in

a study group and ways to organize a small confessional group **Choosing Authenticity** Richard N Southworth
Ma, Richard Southworth, 2011-04-07 Religion is not enough Culture is not enough Both religion and culture are important
even crucial to living a full life but they are not enough Choosing authenticity is the only thing that is enough Our deepest
desire is for our active lives to actually become more and more an authentic expression of who we are and who we are called
to be by that Mysterious Other we call God We long for a No BS Spirituality that changes the way we actually experience and
live our lives We need spiritual practice that facilitates that growth and transformation and conversion of heart It is my
prayer that these reflections will respond to that longing Read reflect and enjoy
