Re Imagining Business Ethics Meaningful Solutions For A Global Economy:

Re-imagining Business Ethics Moses L. Pava, Patrick Primeaux, 2002 Each of the articles in this volume authored by well known researchers from around the globe focus on new and emerging issues in business and organizational ethics In every case the authors offer creative insights and cutting edge perspectives The overriding theme of the volume is the need to provide creative ethical solutions in an emerging global economy defined by increasing reliance on knowledge and technology

Contemporary Issues in Business Ethics Mary W. Vilcox, Thomas O. Mohan, 2007 Business ethics is a form of the art of applied ethics that examines ethical rules and principles within a commercial context the various moral or ethical problems that can arise in a business setting and any special duties or obligations that apply to persons who are engaged in commerce Business ethics can be both a normative and a descriptive discipline As a corporate practice and a career specialisation the field is primarily normative In academia descriptive approaches are also taken The range and quantity of business ethical issues reflects the degree to which business is perceived to be at odds with non economic social values Historically interest in business ethics accelerated dramatically during the 1980s and 1990s both within major corporations and within academia For example today most major corporate websites lay emphasis on commitment to promoting non economic social values under a variety of headings e g ethics codes social responsibility charters In some cases corporations have redefined their core values in the light of business ethical considerations Catching business ethics in action however remains a seldom spotted nugget for in reality it depends on the characters of the characters

Applied Ethics Michael Schwartz, Howard Harris, 2012-08-17 The past editor of this series was an outstanding teacher of business ethics and a longtime chair of the Theology Department at St John s University in New York City In this title some of the contributions are from his colleagues and reflects his influence as both a business ethics teacher and as a scholar

Research in Ethical Issues in Organizations Michael Schwartz, Howard Harris, 2013-08-02 Research in Ethical Issues in Organizations

Entrepreneurs and Capitalism since Luther Ivan Light, Léo-Paul Dana, 2020-08-20 In *Entrepreneurs and Capitalism since Luther* Rediscovering the Moral Economy Ivan Light and L o Paul Dana study the history of business capitalism and entrepreneurship to examine the values of social and cultural capital Six chapters evaluate case studies that illustrate contrasting relationships between social networks vocational culture and entrepreneurship Light and Dana argue that in capitalism s early stages cultural capital is scarcer than social capital and therefore more crucial for business owners Conversely when capitalism is well established social capital is scarcer than cultural capital and becomes more crucial Light and Dana then trace moral legitimations of capitalism from the Reformation to the Enlightenment the

Gilded Age and finally to Joseph Schumpeter whose concept of creative destruction freed elite entrepreneurs from moral restraints that encumber small business owners After examining the availability of social and cultural capital in the contemporary United States Light and Dana show that business owners social capital enforces conventional morality in markets facilitating commerce and legitimating small businesses the old fashioned way As their networks become more isolated elite entrepreneurs must claim and ultimately deliver successful results to earn public toleration of immoral or predatory conduct

Achieving Ethical Excellence Michael Schwartz,Howard Harris,Alan Tapper,2014-10-07 This volume is a selection of papers from the 20th annual Australian Association for Professional and Applied Ethics Conference Topics covered include athletes as role models sports ethics and sports governance the separation of powers as an integrity mechanism and virtues in just war theory

Social, Ethical and Policy Implications of Information Technology Linda L. Brennan,Victoria Elizabeth Johnson,2004-01-01 Legal and ethical issues have become a standard part of engineering and business schools curricula This has not been the case for computer science or management information systems programs although there has been increasing emphasis on the social skills of these students This leaves a frightening void in their professional development Information systems pose unique social challenges especially for technical professionals who have been taught to think in terms of logic structures and flows Social Ethical and Policy Implications of Information Technology focuses on the human impact of information systems including ethical challenges social implications legal issues and unintended costs and consequences

Organizations as Learning Systems Marjatta Maula,2006-03-27 Presents consistency intentionality platforms and evolution models that help to evaluate the learning and renewal capability of an organization and to improve its enabling infrastructure This book presents the living composition model which is an interpretation of the theory of living self producing systems
