of Source come to hold you with all the tenderness and depth of love that exists awakening you to know that this too is you How we feel is more important than simply what we think Understanding is vital but to be in alignment with our desires we must clear up the depths of how we feel Our assumptions affect how we navigate in this world and the quality of both what we receive and of what we give to others immediately and in the broader sense of existence As above so below microcosm macrocosm even in heaven as on earth all reflect this truth we have been given in so many forms through the ages Being reminded of these things is the purpose of this poetry My bliss spills over my lips and I am unable to contain the unbounded possibility such joy gives me You are a gift of light illuminating my true essence awakening Source within me by your presence and laughter Written in two sections it focuses on the quality of life in how that is felt which governs most of our behaviour regardless of how left brained we are focused on being The first section is On Love since that is the bond between us all in so many forms and expressions That is our fundamental connection both to each other and to the greater whole being of the living universe whether you call that God Goddess the Divine Source energy whatever name you give to the nameless I feel your presence with me Make room for me in your life you whisper My heart opens with joy knowing my soul has found beauty to nestle with flourish The second section and Other Things includes all other topics from being in nature to the nature of manifestation of both our dreams and ordinary realities It has simple observations of life and glimpses of the greater truths in small things that those who are awakening have begun to notice more As we focus our attention on what is important nuanced mirrors reflect back to us elements of ourselves in so many forms We see if we are open pieces of us in everyone This gives us a deeper understanding of not only ourselves but of all life Standing still enough so that all of me is motionless there is no reason to hug the trees They reach out to touch me as a new member of the forest gently welcoming me into their collective feelings of joy and belonging The breeze lovingly caresses around our core stillness as we softly deepen into the earth
