Readers And Mythic Signs:

Readers and Mythic Signs Debra Modellmog, 1993 Some literary scholars view myth criticism as passe an approach to literature that enjoyed a heyday in the 1950s and 1960s before being replaced by approaches that are considered to be more theoretically sophisticated and satisfying such as feminism new historicism and deconstruction Modellmog argues that there are many good reasons not to cast out myth criticism from the community of critical approaches Most obvious among them is that myth has attracted many writers of this century from James Joyce to Thomas Pynchon Virginia Woolf to Flannery O Connor Thomas Mann to Alain Robbe Grillet William Faulkner to Alberto Moravia and that to ignore myth is to dismiss an essential part of their work Modellmog suggests that by reconstruing the relationship between myth and literature we will find that mythic approaches are frequently not only necessary but also highly stimulating engaging readers in many varieties of questions quests and conclusions Publisher description

The Smallville Chronicles Lincoln Geraghty, 2011-09-09 In 2001 yet another adaptation of the Superman comic book came to television Lasting 10 seasons Smallville took the traditional Superman story and turned it into an American teen action drama about Clark Kent s life at high school before he donned the famous blue tights and red cape Instead of depicting Superman s clashes with criminals in Metropolis the show focused on how Clark first developed his powers and learned to cope with girls school and teenage angst Although largely overlooked by critics and derided by Superman fans who regarded it as too far a departure from the comic book canon Smallville nonetheless endeared a whole new generation of viewers The setting style narrative and cast of fresh faced actors suggested that the Superman story was not only ready for a makeover but also still relevant for a post 9 11 American audience In *The Smallville Chronicles Critical Essays on the Television Series* scholars examine the multiple narratives of the Smallville universe Addressing issues related to gender sexuality national identity myth history and politics these essays explore how the series uses the Superman story to comment on contemporary social issues Additional essays investigate the complex relationship the show s audience has with the characters through blogging fan fiction visits to filming locations and the creation of websites As the first book length study specifically focused on the Smallville television series this collection is an excellent text for studies in science fiction fandom and teen television scholarship and it will also have general appeal to fans of the show

Debra Modellmog, 1999 Whether revered for his masculinity condemned as an icon of machismo or perceived as possessing complex androgynous characteristics Ernest Hemingway is acknowledged to be one of the most important twentieth century American novelists For Debra A Modellmog the intense debate about the nature of his identity reveals how critics desires give shape to an author s many guises In her provocative book Modellmog interrogates Hemingway s persona and work to

show how our perception of the writer is influenced by society's views on knowledge power and sexuality She believes that recent attempts to reinvent Hemingway as man and as artist have been circumscribed by their authors investment in heterosexist ideology she seeks instead to situate Hemingway's sexual identity in the interface between homosexuality and heterosexuality Modelmog looks at how sexual orientation gender race nationality able bodiedness and the intersections of these elements contribute to the formation of desire Ultimately she makes a far reaching and suggestive argument about multiculturalism and the canons of American letters asserting that those who teach literature must be aware of the politics and ethics of the authorial constructions they promote

The Metamorphoses of Myth in Fiction since 1960 Kathryn Hume, 2020-02-20 Why do contemporary writers use myths from ancient Greece and Rome Pharaonic Egypt the Viking north Africa's west coast and Hebrew and Christian traditions What do these stories from premodern cultures have to offer us The Metamorphoses of Myth in Fiction since 1960 examines how myth has shaped writings by Kathy Acker Margaret Atwood William S Burroughs A S Byatt Neil Gaiman Norman Mailer Toni Morrison Thomas Pynchon Kurt Vonnegut Jeanette Winterson and others and contrasts such canonical texts with fantasy speculative fiction post singularity fiction pornography horror and graphic narratives These artistic practices produce a feeling of meaning that doesn't need to be defined in scientific or materialist terms Myth provides a sense of rightness a recognition of matching a pattern a feeling of something missing a feeling of connection It not only allows poetic density but also manipulates our moral judgments or at least stimulates us to exercise them Working across genres populations and critical perspectives Kathryn Hume elicits an understanding of the current uses of mythology in fiction

The Methods of the Gernet Classicists (RLE Myth) Roland Champagne, 2015-03-05 The Gernet Centre was founded as a place where the structural method could be applied to the classics Structuralists attribute the survival origin and function of myths to common crosscultural factors they identify as structures As this book first published as The Structuralists on Myth in 1992 explains these structures are bundles of information not obvious either to the narrator or to the listener The bundles are collected features that reveal either the reasons for the survival of myths or their origins or their functions within their contexts The structuralists consider themselves to have talents as the collectors from myths of these bundles of information

Writing and Reading in Henry James Susanne Kappeler, 1980-06-18

From Mimetic Translation to Artistic Transduction Dinda Gorlée, 2023-10-03 Roman Jakobson gave a literary translation of the double words and concepts of poetical hyper translation Language can transmit verbal translation to explore new ways of thinking about music and other arts Thomas A Sebeok deconstructed the energy of translation into the duplicated genres of artistic transduction In semiotics transduction is a technical expression involving music theater and other arts Jakobson used Saussure's theory to give a single meaning in a different art but with

other words and sounds later followed by Peirce's dynamic energy with a floating sensation of the double meaning of words and concepts. For semiotician Peirce, literary translation becomes the graphical vision of ellipsis, parabole, and hyperbole. Ellipsis is illustrated by Virginia Woolf's novel *The Waves* to give a political transformation of Wagner's opera *Das Rheingold*. Parabole is illustrated by the two lines of thought of Hector Berlioz. He neglected his own translation of Virgil's *Aeneid* when he retranslated the vocal text to accompany the musical lyrics of his opera *The Trojans*. Hyperbole is demonstrated by Bertold Brecht's auto-translation of Gay's *The Beggar's Opera*. In the cabaret theater of *The Three Penny Opera*, Brecht recreated his epic hyper-translation by retranslating the language of the folk speech of the German working classes with the jargon of criminal slang.

Refashioning Myth David McInnis, Eric Parisot, Jessica Wilkinson, 2020-05-15 Robert Graves tells us that the poet's first enrichment is a knowledge and understanding of myths. Certainly, as this collection of essays, poems, and visual images affirms, mythology has been a field richly mined by poets and artists from antiquity through to the present day. It is testament to both the enduring power of myth as well as the adaptability of its form that poets and writers continually turn to the mythic for both inspiration and guidance. This volume presents a diverse collection of analytical and creative works by scholars, poets, and visual artists in response to their varied explorations of the prolific dialogue that exists between myth and poetry.

Reading Greek Australian Literature through the Paramythi Anna Dimitriou, 2024-06-04 This is a comparative textual analysis of a body of relatively neglected works by Greek Australian writers Dimitris Tsaloumas Antigone Kefala Stylianos Charkianakis Dean Kalimnios Christos Tsiolkas Fotini Epanomitis and Helen Koukoutsis The focus is on reading their texts as a bridge between multiculturalism and world literature given each writer identifies in various ways with peripheral cosmopolitanism as they merge high brow literary forms with the quotidian paramythi or the storytelling oral tradition The different ways they do this registers the writers ambivalent relationship with their origins through their transculturally mediated expression Discovering new possibilities in literary texts which have oral traces becomes a productive way to look at the question of translatability as posed by scholars of multiculturalism and world literature such as Sneja Gunew Emily Apter and Pheng Cheah
