**Reading Beyond the Alphabet** Brij Kothari, P. G. Vijaya Sherry Chand, Michael Norton, 2003 Papers presented at the National Conference on Innovations in Post and Lifelong Literacy held at Ahmedabad during 18-19 August 2000 Reading Beyond the Alphabet Brij Kothari, P. G. Vijaya Sherry Chand, Michael Norton, 2003-07-26 This book is inspired by the need to devise appropriate strategies aimed at retaining and improving basic reading writing and numeracy skills throughout life. The volume presents 14 innovations that recognise the important relationship between the 3Rs and personal and social empowerment. They illustrate the need to shift from an emphasis on literacy as a set of absolute skills to literacy as practice.

**International Handbook of Comparative Education** Robert Cowen, Andreas M. Kazamias, 2009-08-22 A big project like this Handbook means that you incur debts and not only to your authors and your publisher. As editors we along with our colleague Elaine Unterhalter who edited the section on postcolonialism would like to thank most warmly those authors who delivered on time and who did not fuss but just got on and did a rate job. We would also like to thank all authors who did deliver which was almost everyone we asked. We know that some of our authors worked in very difficult private circumstances as they were finishing their chapters and we hope the publication of the Volumes will later be for them a happy reminder of difficulties and disasters overcome. The only sad theme is that some very close colleagues with whom we were working and for whom we had the greatest respect and liking became very ill and died while the volumes were being prepared. We decided to ask for copyright permissions to publish something of theirs. These permissions were graciously given by two major journals and with the agreement also of our publishers Springer Rolland Paulston and Terry McLaughlin have examples of their writing in this Handbook.
