Jacques Lacan & Co Elisabeth Roudinesco,1990-10-29 Roudinesco provides a finely drawn map of the intellectual debates within French psychoanalysis especially under the influence of the German emigr s during the 1930s and 1940s She is a good historian in that she provides not only a narrative history but also extensive passages from Lacan s own oral history interviews with the various figures so that we have not only her commentary but some flavor of the original documentation Many of the quotes are gems Sander I Gilman Bulletin of the History of Medicine **Deception** Selena Montgomery,2009-10-06 New York Times bestselling author and political leader Stacey Abrams writing under her pen name Selena Montgomery delivers a gripping story of a woman forced to play the hand life dealt and the FBI agent who calls her bluff Playing the odds has always been Fin Borders forte As a professional poker player she knows when to get out to keep from losing everything But an innocent woman has been accused of murder and to help Fin will have to go back to the small southern town of her birth It s a place she s been running from her entire life a place of violence where she got by with nothing more than her wits Returning to Hallden Georgia means facing the ghosts of a brutal crime that Fin will never forget But Fin isn t the only one in Hallden hunting for a killer FBI Special Agent Caleb Matthews is deep undercover hiding his true identity and his own desperate history Working alone is far too dangerous so he and Fin must learn to trust each other But as they grow closer they are unprepared for the shocking deception that could destroy everything they hold dear

Generation Multiplex Timothy Shary,2009-01-27 When teenagers began hanging out at the mall in the early 1980s the movies followed Multiplex theaters offered teens a wide array of perspectives on the coming of age experience as well as an escape into the alternative worlds of science fiction and horror Youth films remained a popular and profitable genre through the 1990s offering teens a place to reflect on their evolving identities from adolescence to adulthood while simultaneously shaping and maintaining those identities Drawing examples from hundreds of popular and lesser known youth themed films Timothy Shary here offers a comprehensive examination of the representation of teenagers in American cinema in the 1980s and 1990s He focuses on five subgenres school delinquency horror science and romance sexuality to explore how they represent teens and their concerns how these representations change over time and how youth movies both mirror and shape societal expectations and fears about teen identities and roles He concludes that while some teen films continue to exploit various notions of youth sexuality and violence most teen films of the past generation have shown an increasing diversity of adolescent experiences and have been sympathetic to the particular challenges that teens face *Aleister*

Crowley Gary Lachman,2014-05-15 This definitive work on the occult s great beast traces the arc of his controversial life and influence on rock and roll giants from the Rolling Stones to Led Zeppelin to Black Sabbath When Aleister Crowley died in 1947 he was not an obvious contender for the most enduring pop culture figure of the next century But twenty years later Crowley s name and image were everywhere The Beatles put him on the cover of Sgt Pepper s Lonely Hearts Club Band The Rolling Stones were briefly serious devotees Today his visage hangs in goth clubs occult temples and college dorm rooms and his methods of ceremonial magick animate the passions of myriad occultists and spiritual seekers Aleister Crowley is more than just a biography of this compelling controversial and divisive figure it s also a portrait of his unparalleled influence on modern pop culture
