Rebuilding Labor Organizing And Organizers In The New Union Movement:

Rebuilding Labor Ruth Milkman, Kim Voss, 2004 In *Rebuilding Labor* Ruth Milkman and Kim Voss bring together established researchers and a new generation of labor scholars to assess the current state of labor organizing and its relationship to union revitalization Throughout this collection the focus is on the formidable challenges unions face today and on how they may be overcome publisher description

The Future of Union Organising G. Gall, 2009-07-07 While union organising has developed over time and in many different environments it has become apparent that a number of key problems have developed Evaluating its efficacy in terms of union strategies tactics styles and resources this title outlines a number of strategies for improving these deficiencies

Migration, Precarity, and Global Governance Carl-Ulrik Schierup, Ronaldo Munck, Branka Likic-Brboric, Anders Neergaard, 2015-02-05 *Migration Precarity Global Governance* explores an understudied but central area within contemporary studies of globalisation and precarisation It relates to the interface between migration global governance and the role of civil society with particular focus on the dilemmas and options of trade unions too often left off the agenda The volume suggests that the trade union movement is undergoing a fundamental debate about revitalisation which could play an important role in terms of the economic political and social integration of migrant workers with implications for the transformation of contemporary societies in general The volume adopts an interdisciplinary and comparative approach emphasizing the complexity of historically grounded social relations It examines international migration as it is impacted by and impacts on globalization social and political struggles and the recurring crisis of capitalism The first part of the book presents five complementary perspectives on the political economy of migration labour and citizenship Part Two offers analyses of the relationship between labour unions and migrant workers Part Three explores the way trade unions migrant organisations and other civil society groupings interact with an incipient global governance regime relating to migration It also examines issues of state and non state actors accountability in relation to human rights claims as well as the impact of the norm of corporate social responsibility

Trade Unions on YouTube Jenny Jansson, Katrin Uba, 2019-08-01 This open access book investigates how trade unions representing different social classes use YouTube videos for renewal purposes Information and communication technology has undoubtedly offered new opportunities for social movements but while research suggests that these new means of communication can be used for trade union revitalization few studies have examined what unions actually do on social media By analysing more than 4500 videos that have been uploaded by Swedish trade unions Jansson and Uba explore how unions use YouTube to address issues such as recruiting new members improving internal democracy promoting political campaigns and constructing new self images The results demonstrate that trade unions representing a range of social classes use different revitalization strategies via YouTube This research will be of use to students and scholars researching European politics and political participation trade unionism and labour movements in the digital age

Rising Up Bryan Evans, Carlo Fanelli, Tom McDowell, 2021-02-15

Canada has one of the highest rates of low wage work among advanced industrial economies In a labour market characterized by the ongoing fallout from COVID 19 deepening income inequality job instability and diluted union representation the living wage movement offers a response Rising Up traces the history and international context of living wage movements across Canada In the 1970s the balance of political and economic power began to shift in favour of business as trade unions weakened and governments failed to check corporate power By the 2000s austerity measures had dismantled social spending facilitating the growth of low waged employment Contributors to this astute collection of essays examine union and community based approaches to labour organizing migrant labour and media mis representations among other key topics Offering stimulating debate about living wages and social inequality Rising Up promotes alternatives to a neoliberalized labour market

Recoding Power Sidney A. Rothstein, 2022 Digital transformation increasingly drives economic growth in the rich capitalist democracies but orienting production around digital technologies is associated with rising inequality and spreading precarity In *Recoding Power* Rothstein outlines three tactics that workers can use to build power in the current episode of economic transition where they otherwise lack access to traditional power resources like unions and institutions for social protection Drawing on four in depth case studies of workers responding to mass layoffs at tech firms in the United States and Germany Rothstein shows how workers can develop creative tactics to recode management s discursive techniques for control transforming them from obstacles into resources for collective action By centering workers lived experiences in the workplace *Recoding Power* develops an account of existing digital transformation illustrating how the path of capitalist development is shaped not by economic necessity but by political creativity

Asian Canada Is Burning, 2025-02-20 *Asian Canada Is Burning* is an invitation to trouble the mobilization of anti Asian hate in the aftermath of COVID 19 pandemic Bringing together activists organizers academic and artists this book explores the historical and contemporary conditions that make theorizing Asian Canadian feasible Grounded in a transnational queer and feminist lens this book also aims to envision possible futures and solidarities Ultimately this collection is concerned with moments and places of tensions confrontations relations and solidarity We offer stories of insurgent encounters as people who identify as Asian navigate and implicate settler colonial nation state to make new dreams histories and intimacies

Immigrant and Migrant Workers Organizing in Canada and the United States Jorge Frozzini, Alexandra Law, 2017-11-08 Across Canada and the United States immigrant workers face important obstacles at work and in the broader society whether their immigration status is temporary permanent or nonexistent Hyper precarious workers of all status groups and their allies in unions and worker centers are organizing to improve their conditions In this book Jorge Frozzini and Alexandra Law two longtime volunteers with a Canadian worker center draw on their own experience in depth interviews and academic work from the fields of law communication studies and social movement theory to produce a tactically focused theoretically informed introduction to immigrant worker organizing in a neoliberal era Frozzini and Law describe the phenomenon of

employment precarity in the context of U S and Canadian labor history explaining how union certification and collective bargaining function under the law Without directing activists toward any single best strategy they cover tactical and ethical questions raised when organizers offer casework as a recruitment and research tool The royalties from this book will go to the Immigrant Workers Centre Montreal *Vulnerability and the Legal Organization of Work* Martha Albertson Fineman, Jonathan W. Fineman, 2017-07-06 This book uses the concepts of vulnerability and resilience to analyze the situation of individuals and institutions in the context of the employment relationship It is based on the premise that both employer and employee are vulnerable to various social economic and political forces although differently so It demonstrates how in responding to those complementary institutional relationships of employer and employee the state unequally and inequitably favors employers over employees Several chapters included in this collection also consider how the state shapes creates and maintains through law the social identities of employer and employee and how that legal regime operates as the allocation of power and privilege This unique and fundamental role of the state in defining the employment relationship profoundly affects the respective abilities and degree of resiliency of actual employers and employees Other chapters explore how attention to the respective vulnerability and resilience of those who do and those who direct work in assessing the employment relationship can raise fundamental questions of social justice and suggest new avenues for critical engagement with labor and employment law Collectively these pieces articulate a framework for imagining what would constitute an appropriately Responsive State in the employment context and how those interested in social justice might begin to use the concepts of vulnerability and resilience in their arguments **Unions and Globalization** Peter Fairbrother, John O'Brien, Anne Junor, Michael O'Donnell, Glynne Williams, 2011-09-06 Innovative and offering a sociological analysis of trade unionism in the globalized era this book provides a robust and coherent comparative analysis of the debate surrounding trade unions and their renewal
