Recent developments in Child and Adolescent Psychiatry in India

Professor V. Sagar and Dr. E. Sharma (India)

Introduction

India has approximately 40% of its population of 1.2 billion under the age of 18 years. The burden of mental illness in Indian children and the significant gap in access to treatment has been reported in the recent literature. The growth of Child and Adolescent Psychiatry (CAP) as a specialty in Psychiatry has happened in a very gradual manner over the past five decades. This article focuses on the recent developments in clinical services, training, research and policies related to CAP in India.

Clinical services

The National Institute of Mental health and Neurosciences (NIMHANS) has recently extended its CAP outpatient services to 16- and 17-year old adolescents. In addition, a 24-bed inpatient facility named Adolescent Psychiatry Centre (APC), the first of its kind in India, started in the year 2015.

Special clinics have recently been initiated in institutions like NIMHANS and Jawaharlal Institute of Postgraduate Medical Education and Research (JIPMER), Pondicherry. The special clinics at JIPMER include a multidisciplinary monthly follow-up clinic for children with ASD, with the Paediatrician, Child Psychiatrist, Speech Pathologist and Occupational Therapist providing input; a multi-disciplinary child crisis counselling centre; and an adolescent mental health clinic. NIMHANS has initiated the following special clinics:

- o Weekly clinic for children with Specific Learning Disorders
- o Aasare Clinic for Parents of children with emotional, behavioural or learning problems. The term aasare is from the local vernacular language, Kannada, and means support.
- o Swatantra clinic for children referred from Child Protective Services. The term swatantra is also from the local vernacular language, Kannada, and means independence.

Training

A 3-year Doctorate of Medicine (DM) in CAP is available in two institutes in India: NIMHANS, India and Postgraduate Institute of Medical Education and Research (PGIMER), Chandigarh. Postdoctoral Fellowship (PDF) training is available at NIMHANS; JIPMER; Christian Medical College (CMC), Vellore; Vijayawada Institute of Mental Health and Neurosciences (VIMHANS), Vijayawada; and Asha Hospital, Hyderabad. The PDF course duration is 1 year in all institutions except CMC, Vellore (where the duration is 2 years). Admission to these courses is open to candidates who have completed their postgraduate degree (MD/DNB) in Psychiatry. Recently NIMHANS has initiated a 6-month certificate course for child and adolescent therapy and family therapy. This course will be provided to clinical
