Gerald O'Collins

Reception Of Vatican II:

The Reception of Vatican II Giuseppe Alberigo, Jean-Pierre Jossua, Joseph A. Komonchak, 1987 **The Reception of Vatican II** Matthew L. Lamb, Matthew Levering, 2017 A sequel to Vatican II Renewal within Tradition OUP 2008 The Reception of Vatican II shows how the Council has been received and interpreted over the course of the more than fifty years since it concluded The meaning of the Second Vatican Council has been fiercely contested since before it was even over and since its completion has seen a battle for the soul of the Church waged through the interpretation of Council documents Each essay in this volume looks at how one of those documents has been interpreted in the post Vatican II era and points the way forward for its future reception **The Reception of Vatican II Liturgical Reforms in the Life of the Church** Pierre-Marie Gy, 2003 **Decoding Vatican II** Catherine E. Clifford, 2014 *Vatican II* Shaun Blanchard, Stephen Bullivant, 2023-02-21 Very Short Introductions Brilliant Sharp Inspiring The Second Vatican Council 1962 1965 or Vatican II is arguably the most significant event in the life of the Catholic Church since the Reformation The Council initiated intentionally or not profound changes not simply within Catholic theology but in the religious social and moral lives of the world s billion Catholics It also reconfigured intellectually and practically the Church s engagements with those outside of it most obviously with regard to other religions The sixteen documents formally issued by Vatican II constitute some of the most influential writings of the whole twentieth century Debates over their correct interpretation and authority are constant but they remain an indispensable point of reference for all areas of Catholic life from liturgy and sacraments to the Church s vast network of charitable and educational endeavours the world over In this Very Short Introduction Shaun Blanchard and Stephen Bullivant present the backstory to this event Vatican II is explored in light of the wider history of the Catholic Church and placed in the tumultuous context of the 1960s It distils the research on Vatican II employing the first hand accounts of participants and observers and the official proceedings of the Council to paint a rich picture of one of the most important events of the last century ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *Vatican Two* Neil Ormerod, Ormond Rush, David Pascoe, Clare Johnson, Joel Hodge, 2012

Living Vatican II Gerald O'Collins, 2006 Vatican II was the first council in the story of Catholic Christianity to deserve being labeled intercontinental and intercultural What has been its impact How should one describe and evaluate its reception by Catholics and its wider follow up among others How should this twenty first council be heard received and lived as we move further ahead into the twenty first century What perspectives does it offer for the future to those who seek to assimilate it creatively As a leading theologian the author uses a highly personal approach in answering these and many other questions which makes for a compulsively readable book that illuminates the workings of the Church Living Vatican II explores the

liturgical renewal after Vatican II the reception of the Council's moral teaching the impact of Vatican II on theology and the work of some key institutions in Rome and elsewhere toward implementing the teaching and decisions of this council Finally the book offers insightful suggestions about the future of the Church Book jacket *The reception of Vatican II in a multireligious continent* Felix Wilfred, Vatican II Massimo Faggioli, 2012 The death of John Paul II and the election of Benedict XVI constituted two important elements in the broad theological and cultural landscape of Catholicism This change of pontificate has also nourished the journalistic and political dispute about Vatican II its history and its legacy and not only the historiographical and theological debate But the research on Vatican II is already proceeding forward and beyond the state of knowledge about the Council reached at the end of the 90s For 21st century Catholics and theologians interested in understanding contemporary Catholicism in the light of Vatican II the intellectual undertaking is far from accomplished yet The book offers comprehensive presentation of the theological and historiographical debate about Council Vatican II The attempt to go beyond the clash of interpretations Vatican II as a rupture in the history of Catholicism on one side the need to read Vatican II in continuity with the tradition on the other is necessary indeed because the ongoing debate about Vatican II is largely misrepresented by the use of clashing interpretations as a tool for understanding the role of the council in present day Catholicism **A Council for the Global Church** Massimo Faggioli, 2015 The Second Vatican Council ended in December 1965 but Vatican II is still happening in the global church Catholicism has always had a universal claim but the globalization of Catholicism as a truly world church became part of Catholic theology only thanks to that gathering convoked by Blessed John XXIII of bishops theologians lay observers ecumenical representatives and journalists Vatican II is the most important event in church history after the Reformation and the Counter Reformation and this book demonstrates why it is the key to understanding Catholicism and its inner tensions today
